

COUNTY OFFICIALS INSPECT BUILDING PLANS AT MONCTON

Warden Golding, Councillor O'Brien and J. King Kelley Very Favorably Impressed With Dominion Building Scheme as Carried Out in Moncton—How Plans Work in Railway Town.

Warden Golding, Councillor J. T. O'Brien, County Secretary J. King Kelley, K. C., and G. G. Murdoch spent Saturday and Monday in Moncton investigating the work of the Housing Commission there. They were greatly surprised at the type of houses which the board is erecting there, as well as at the progress of the railway city. Moncton is putting up four types of houses under the Dominion scheme at prices of \$2,500, \$3,000, \$3,500 and \$4,500. They are built on a concrete foundation forming a basement nine feet high, and are wired for electric lighting and piped for gas. Warden Golding thinks that St. John ought to be able to build for twenty per cent. less than Moncton.

Warden Golding formed a decidedly favorable opinion of the Moncton board's operations, and he hopes to have the St. John county scheme underway before the snow flies, though in order to carry out this there must be enthusiastic support from the people.

Warden Golding and his delegation met Dr. M. F. Keith, George Robertson, Milidge Wetmore and Clement Cornie, members of the Moncton board, had several conferences with them and were shown about the city, accompanied by Chief Tingley of the government railway police. They also had conferences with Mayor Price and City Clerk J. S. Magee and A. E. Riley, solicitor for the Housing Board.

Has Full Power. The Moncton Board was granted full power of attorney to carry out the housing scheme and now have an absolutely free hand in the expenditure of \$150,000 allotted to the city of Moncton. The board now has twenty-nine houses under construction. It called for competitive plans and finally adopted four standard plans designed by Mr. Pritchett. They are styled A, B, C and D, and roughly speaking range in cost from \$2,500 to \$4,500, including in these sums the price of the land which is usually calculated at 15 per cent. of the cost of the erection. The buildings are of the cottage or bungalow type, and all are self-contained, and each must be occupied by the owner. A few duplex houses are being put up; these accommodate two families, and must be jointly owned. The Moncton Board will not construct "flat" houses, considering them unworkable and undesirable.

A New Start. When the present board took over the scheme they found eighty-seven applications for loans that had been made to the city council. Many of these applications were from citizens of some means and others from speculators, and but few from any intended to be benefited by the scheme. The board promptly turned down these applications and started with a clean sheet. They pointed out that the plan was intended for soldiers, and people who had but little means. Indeed the board prepared a questionnaire which compels a disclosure under oath of one's financial position and domestic status. It is disclosed that the applicant has available any money, or land of a value, in excess of 15 per cent. of the proposed house, his application is refused. The board holds for example that if a person has sufficient money to purchase a building lot and make a start with building, he can finance the balance with the regular mortgage companies. The action of the board in ruling out speculators and the man of money has met with the general approval of the Moncton people. While the Moncton board has undertaken the erection of dwellings at various points throughout the city, to meet the applications of soldiers

FIRE MARSHALS GET HELPFUL HINTS AT CONFERENCE

Fire Drills in Schools Given Important Consideration, and Valuable Advice Followed from Those Who Have Given it Special Study.

Toronto, August 28.—John Kenlon, chief of the Fire Department of New York City, told the members of the fire marshals' convention here today something about the investigation of suspicious fires.

L. T. Hussey, Kansas, addressed the convention on a survey of results of fire marshals' service in North America. He stated that the abolition of the fire marshals' office in New York State has resulted very largely by pressure from owners of tenements, theatres and summer hotels, who had had their buildings condemned and ordered to spend a large sum for improvements.

John S. Horan told the gathering that an erroneous impression was abroad in the minds of school teachers regarding drills in schools. The efficiency of the drill does not depend on the rapidity in which the building is emptied, he said. "That is wrong, for it depends upon the orderly and safe manner in which the schools are emptied."

OBITUARY

Ether Helen Williams.

Gagetown, N. B., Aug. 28.—Throughout the province many friends of Russia Williams, ex-Sheriff of Queens County, and Mrs. Williams will regret to hear of the death of their youngest daughter, Ether Helen, who passed away at their home in Forestville, Conn., in the early morning of August 15th. Ether, who was a sweet, bright girl of sixteen, had been ill for over a year, following a heavy cold, but it was not till several weeks ago that her condition became alarming. On August 3rd she became confined to her bed, and failed rapidly until the end came, less than a fortnight later. Ether was a general favorite in Gagetown, where the family had resided until last May, when they moved to Forestville, and her early death is a source of deep regret.

The funeral services were held on Friday morning at the Episcopal Church on Church avenue, and a number of loved ones expressed the sympathy of Forestville friends, while many messages were received from this province. In St. John's Sunday school here, which Ether had been a devoted attendant since childhood, there were special hymns and prayers on the following Sunday; also in St. John's Church.

Besides her parents, one sister, Miss Zerelda M. Williams, formerly of the Merchants' Bank staff, of St. John, and one younger brother, Everett, as well as a large circle of relatives and friends, remain to bear the loss of one greatly beloved.

WEDDINGS

Wright-Williams. An event of interest to a wide circle of friends took place Saturday morning, August 30th, 1919, at the home of Mr. and Mrs. G. Merritt Williams, when their second daughter, Gladys Mabel, was united in marriage to Sergt. Hajor (W. O.) Silas C. Wright, eldest son of Mr. and Mrs. W. T. Wright, of Hopewell Hill, Albert County, N. B., by Rev. E. Ramsey.

The bride who looked charming in silk tulle, carried a large bouquet of sweet peas and was given away by her father. After luncheon was served the happy couple left for St. John en route to the New England States on a honeymoon trip. The bride wore a blue serge travelling suit with hat to match.

The bride was recently employed in the office of the Returned Soldiers' Commission in St. John and has a host of friends throughout the province. The groom was employed as station master at Albert, N. B., prior to his enlistment and proceeded overseas with the 26th Battalion in the early part of the war. After returning from their honeymoon trip the happy couple will reside in St. John where the groom is employed on the staff at headquarters M. B. T.

Many useful presents were received including a handsome set of furs for the bride given by the groom and the headquarters staff presented them with a handsome clock and some cutlery.

"Father," queried little Johnny, "what's a compromise?" "A compromise, my son, is an agreement whereby both parties get what they don't want," replied the father.

"I had been bothered for nearly two months before I started using Cuticura, and after I had used three boxes of Cuticura Ointment with the Cuticura Soap I was completely healed. (Signed) Miss L. FATHER MEEHAN REMEMBERED BY HIS PARISHIONERS

Special to The Standard. St. Stephen, Sept. 1.—At the close of the service in the Catholic church at Milltown Sunday evening, Rev. Dr. Meehan, whose very much appreciated pastorate of two years is drawing to a close, was made the recipient of tangible expressions of the kindly feelings entertained for him by the members of his parish. Albert Buhns, Mayor of Milltown, on behalf of the parishioners, and Walter McParlane, on behalf of the altar boys, presented addresses and substantial purses of money, and Mrs. Margaret Halsey, on behalf of the L. A. A. O. H., presented a valuable automobile kit. Father Meehan being an enthusiastic assist and sharing that joy very generously with the youngsters of his flock particularly. Father Meehan made feeling and appreciative reply to each of the addresses. Dr. Meehan has greatly endeared himself to his parishioners and to all classes during his incumbency of the pastorate at Milltown and his impending departure is sorely regretted, but no more popular appointment as a successor could have been made than that of Rev. Father Ryan, who is coming from Woodstock and who was a curate in Milltown during the pastorate of the late lamented Mr. Doyle.

FEW ARRESTS FOR DRUNKENNESS IN MASSACHUSETTS

State Director of Prisons Makes Report Which is Very Pleasing to the "Antis."

Boston, Mass., Aug. 27.—Official figures on arrests for drunkenness in six of the larger cities of the State for the first month of Prohibition, Edward C. Bagley, State Director of Prisons, said today indicated that

those arrests in the future would be so low as to constitute a negligible quantity in sending persons to jail and correctional institutions. The six cities which included Worcester and Holyoke, Mr. Bagley said had a total of arrests for July of 329, as compared with 975 for June. The reports for August would show a further decrease he said.
