Why Daddy Long Legs Is So Pleasing
Mary Pickford's Greatest Picture Packing the Imperial.
The Mary Pickford picture, Daddy Long Legs, as filmed from Jean Webster's universally popular book, again drew immense crowds to the Imperial Theatre yesterday, some of those in attendance having seen the picture on a previous occasion. It was a matter of considerable surprise to a group of American tourists that this extraordinary feature could be shown in a city the size of St. John at so small a price of admission, while elsewhere it commands as high as \$1.50 per ticket.
Mary Pickford has been more or less a film darling to the people of St. John as well as pretty nearly everywhere else for over ten years, but never before were her natural gifts so deeply drawn upon to create an artistic photoplay as in Daddy Long Legs. Marshall Neilan can now be ranked among the very few real masters of screen production. As director of the Jean Webster story, with its numerous children and marvellously true types of adults, he takes the watcher out of the realm of fiction altogether and makes the whole story actually live.
If Daddy Long Legs is to be accepted as a criterion of the photoplay of the immediate future—the super-production of silent drama—truly lovers of pure entertainment could not wish for more. The Pickford picture is receiving its final four exhibitions this afternoon and evening, and its fame has spread so far and so rapidly during the last few days that the Imperial Theatre staff is preparing for another rush of patrons.

Veterans' Fair All Next Week

St. Andrew's Rink to be Scene of Gaiety and Mecca of Visitors to City.
Arrangements are well advanced for the returned men's fair to be held next week in St. Andrew's rink, every evening except that of Soldiers' Day, when the rink will be closed in order to allow of complete participation in the enjoyment of the travelers' programme. Those in charge of the affair would like the assistance of all members who are willing to help in the ring afterwards or evenings of this week in getting ready for the event.
Expectations are that the fair will be one of the biggest ever held in the city. The veterans' band will be heard every evening in a select concert programme; there will be new and original games, providing much amusement, and a feature of special interest will be the "show houses," in which exhibits of prime originality will be made. A star of jades from patriotic organizations will aid in the work of the fair, which will be opened on Monday evening next. The fair will prove a distinct attraction for all visitors to the city, especially returned men.

WEDDINGS

Whelan-O'Leary.
On Wednesday morning, July 30, at 10 o'clock in the St. Francis Xavier church, Sussex, Teresa E. O'Leary, youngest daughter of Mr. and Mrs. John O'Leary, of Penobscot became the bride of Thomas Whelan, of Pictou. Rev. Father McDermott presided at the ceremony in the presence of immediate friends and relatives of the contracting parties. Miss Margaret Landry, of Bathurst, presided at the organ.
The bride was gowned in white silk crepe de chene, with bridal veil and orange blossoms, carrying a bouquet of white carnations. The groom wore a tuxedo with a black picture hat. The groom was supported by John O'Leary, brother of the bride.
After the ceremony dinner was served at the bride's home, Penobscot, to about 50 invited guests, after which the happy young couple left on the C. P. R. for a short trip through the province.

The groom's present to the bride was a diamond necklace, to the bride a pearl pendant, and to the bridesmaid a pearl scarf pin.
Mr. and Mrs. Whelan have the best wishes of a host of friends both in Pictou and Penobscot.

The happy couple left last evening for Chicago and will visit in Montreal and Toronto on route. They will make their home in West St. John.

Crowe-Powers.
A wedding of much interest was performed at the home of Mr. and Mrs. James M. Crowe, 14 Germain street, last evening when Miss Mary Florence Crowe, second daughter of Mrs. Mary Crowe, of Sussex, became the bride of Harvey M. Powers, an original member of the 26th Battalion. The ceremony was performed by Rev. D. J. McPherson, pastor of the Central Baptist Church. The bride was given away by her brother, Arthur Crowe, and was attended by the groom's sister, Miss Florence M. Powers as bridesmaid. She wore a beautiful gown of white silk with a full veil and orange blossoms, carrying a shower bouquet of sweet peas. The best man was William Smith, also an original member of the 26th, and who served as a comrade of the groom for more than three years. Lohengrin's wedding march was played by Mrs. Charles Wainmaker, sister of the groom. Many presents of checks, silver and cut glass attested to the popularity of the pair. After a short honeymoon trip they will take up their residence at 78 Kenmore street.

Jeremiah Dwyer.
Early yesterday morning the death of Jeremiah Dwyer took place at his residence, 161 Simonds street at the age of seventy-four years. Besides his wife he leaves four daughters, Mrs. Richard H. The deceased was born and lived practically all his life on Chesley street in the North End, and was a faithful member of St. Peter's parish. Besides his wife he leaves three sons and four daughters, William, Martin, Francis, Leitha, Marie, Agnes and Bertha, all of this city. He is also survived by two brothers and one sister, John, James and Margaret, all of St. John. The funeral will be held on Friday morning.

Trained Nurse Has Gained 22 Pounds

Mrs. Josephine Freeman Says Tanlac is a Perfectly Wonderful Medicine—Had Suffered Ten Years.

Mrs. Josephine Freeman, of 647 Towne avenue, Los Angeles, Calif., a graduate nurse who had practiced her profession for seventeen years, recently made the remarkable statement that she has not only been relieved of a case of stomach troubles of ten years standing by the use of Tanlac, but that she had also gained twenty-two pounds in weight.
When asked if she would be willing for her experience with Tanlac to be published, Mrs. Freeman said:
"Yes, indeed, I feel that I would be doing anyone suffering from stomach trouble and a rundown condition a good turn by getting them to take Tanlac. For ten years I have been having trouble with my stomach. I could not eat anything without suffering intense pains afterwards and at times I would vomit up so with gas and such pains and pressure around my heart that I would almost faint. I became so nervous that I could hardly get any sleep or rest, and got so run down and weak that I could scarcely keep up my work as a nurse. I, of course, used all kinds of medicines and did everything possible but could never get more than just a little temporary relief.
"Finally a friend of my husband, who had been relieved of the same trouble by taking Tanlac, advised him to have me try it, and right from the first bottle I began to feel better and never have the least pain or trouble afterwards. I sleep soundly every night and, I feel rested and refreshed on getting up in the mornings. When I began taking Tanlac I was weighing only one hundred and thirty pounds and was still losing. But now I tip the scales at one hundred and fifty-two pounds, making an actual gain of twenty-two pounds in four bottles of Tanlac. I just feel so strong and well now that it's a real pleasure for me to recommend the medicine that helped me so much. Tanlac is a perfectly wonderful medicine and I am glad to give credit where it belongs."
Tanlac is sold in St. John by Ross Drug Co. and P. W. Munro under the personal direction of a special Tanlac representative—Adv.

STEEL PRODUCTION

Continues at About Seventy Per Cent. of Capacity.
Pittsburg, Aug. 5.—Steel production continues at the rate of about 70 per cent. of capacity, measured on the ingot basis. Some works have increased output in the past week or two, while a few have decreased. The volume of business is fairly large, but it is poorly distributed, giving operation to some departments of the industry but light operation to others. The greatest need of the industry is a reasonable volume of railroad buying, while the next is greater activity in large construction projects. There is fairly steady improvement, however, along that line. As to railroad orders the prospects are as poor and uncertain as ever, or indeed worse since the director general has just denied the apparently authentic report of a month ago that the railroad administration was about to buy 300,000 tons of rails. It is now stated that no estimates have been made as to the immediate needs.

Castor Oil, Ugh!

FOR many years most mothers have known that Fletcher's Castoria is the only ready-at-hand substitute for Castor Oil, yet there are mothers who do not know. Few mothers there are who know that the seeds from which old-fashioned, out-of-date Castor Oil is extracted are to a degree poisonous and when eaten set up a severe inflammation of the digestive organs.
In its most refined form the Oil is rarely used now for Infants and Children on the advice of up-to-date physicians, and the purest Castor Oil to be had still has the nauseating, griping, distressing qualities that to the little-one make the remedy worse than the ailment.
Every physician understands this and freely recommends Fletcher's Castoria as they have been familiar with its use for the ailments of Children for over thirty years and in all that time it has served them well.
Its ingredients, in their common English names, are on every wrapper that all may know of what it is composed. There is no secret. It is just a happy combination for the little-ones and its use will make happy mothers.

Children Cry For Fletcher's CASTORIA Your Friend, the Physician.
The history of all medicines carries with it the story of battles against popular beliefs; fights against prejudice; even differences of opinion among scientists and men devoting their lives to research work; laboring always for the betterment of mankind. This information is at the hand of all physicians. He is with you at a moment's call that be the trouble trifling or great. He is your friend, your household counselor. He is the one to whom you can always look for advice even though it might not be a case of sickness. He is not just a doctor. He is a student to his last and final call. His patients are his family and to lose one is little less than losing one of his own flesh and blood.
Believe him when he tells you—as he will—that Fletcher's Castoria has never harmed the slightest babe, and that it is a good thing to keep in the house. He knows.
MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA
