Excitement Over Championship Game

U. N. B. Students Authorize
Manager to Secure Special
Train to Carry Team and
Rooters to Moncton.

Special to The Standard
Fredericton, Feb. 29.—Mgr. McWilliam of the U. N. B. hockey team has been advised that Tuesday, Thursday and Friday are the only nights this week that the rink at Moncton will be available for play offs for the Maritime Intercollegiate hockey title.
U. N. B. students have authorized Manager McWilliam to endeavor to secure a special train to carry the team and rooters from here to Moncton for the Acadia game, and if a special is arranged one hundred or more people will be included in the party making the trip from here, leaving probably the morning of the game and returning again that night or else staying over for the final tilt for championship honors.
Realizing the sorry showing made by their defence against Acadia those in charge of the U. N. B. team are preparing to make substantial changes in the line-up of their team before the playoff takes place. "There must be some changes," said Coach Blain Fugh, "though that is evident and I expect the outcome will be that Jewett will be moved back to point and Burgess used as coverpoint. Shea will be given a chance to play wing and we will probably use a number of players alternately in Burgess's old place. The U. N. B. defence were instructed to play the 'parallel defence' style which they failed to do, against Acadia and their checking I know was pitiable to look upon."

WAY OVER TOP.
It was announced last night that the Forward Movement returns in the Anglican diocese in New Brunswick had reached \$125,900. As the objective was \$90,000, it will be seen that they are well over the top and the returns are not yet all completed.

LEFT FOR OTTAWA.
Wm. M. Campbell, of the clearance room, Customs House, and secretary of the Customs Association of New Brunswick and Prince Edward Island, left for Ottawa Saturday evening to attend the annual meeting of the civil servants this week.

WAR INDUSTRIES BOARD PREVENTED PROFITTEERING

Washington, Feb. 27.—That the War Industries Board prevented "terrific profiteering" during the war was claimed by the Chairman of the Board, before a Congressional investigating Commission, this morning. He described the situation by which the prices of commodities needed by the government had been regulated.

Eastern Line To Have 8 Oil Burners

Gov. Dingley and Possibly the
Gov. Cobb to St. John Line
—All Lines Will be Run-
ning Early This Spring.

The Eastern Steamship Lines, Inc. is planning for a busy season. It will have no less than eight steamships fully equipped with oil burners and furnished with the latest, up-to-the-minute requirements. The Camden and Belfast will probably be assigned to the Bangor line, the Calvin Austin and Northland to the New York line, by the way of the Cape Cod canal; Gov. Dingley and possibly the Gov. Cobb to the St. John line, and the Prince George and Prince Arthur to the Yarmouth line. In addition, the Portland branch will have the play-off takes place. "There must be some changes," said Coach Blain Fugh, "though that is evident and I expect the outcome will be that Jewett will be moved back to point and Burgess used as coverpoint. Shea will be given a chance to play wing and we will probably use a number of players alternately in Burgess's old place. The U. N. THE STANLEY CUP.

Ottawa, Feb. 28.—Officers of the Ottawa Club expect that some decision will be reached next week with regard to the world's series and Stanley Cup games. The local club hopes to win the National League title without a playoff and to be in a position to meet the coast champions here on March 15. Despite Frank Patrick's statements at the coast this week, it is felt and hoped that the Pacific coast magnates will change their minds and send the western champions down. If necessary both the eastern and western schedules could be curtailed to some extent to facilitate the games. Frank Patrick still sticks to his technical claim that the games should be played at the coast and expects to see Ottawa or Toronto out there on or about March 20.

ANNUAL MEETING TO BE HELD AT OTTAWA

His Excellency the Governor-General has signified his intention of being present in the city council chamber at Ottawa on Wednesday next at 4 o'clock and will present a large number of certificates and other awards of the St. John Ambulance Association of Canada, at the annual meeting of that organization.

Among those to receive awards and certificates are a number of the city police, fire department, street railway motormen and conductors and other citizens.

The annual reports of the association will be received, the annual election of officers will take place, and certain changes in the constitution, moved with a view of making the association still more effective, will be considered.

Lieut.-Col. R. J. Birdwhistell has the arrangements of the meeting in charge.

Harmless Means Of Reducing Fat

Many fat people fear ordinary means for reducing their weight. Here is an extraordinary method. Extraordinary because while perfectly harmless no dieting or exercise are necessary. Marmola Prescription Tablets are made exactly in accordance with the famous Marmola Prescription. A reduction of two, three or four pounds a week is the rule. Procure them from any druggist or if you prefer send \$1 to the Marmola Company, 864 Woodward Ave., Detroit, Mich., for a large case.

Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear. Mother! You must say "California."

MARSH BRIDGE MISSION

After an absence of several weeks the Rev. Robert Crisp was able to attend the Marsh Bridge Mission again yesterday, where he was welcomed by a large congregation, in which young people predominated. The singing at the services was unusually good, the boys and girls in the choir possess sweet voices, and their singing was the cause of much favorable comment.

POLICE COURT CASES SATURDAY

Three young men were charged in
the police court Saturday morning
with breaking and entering the store
of Hoffman Bros., tailors, Main street,
and stealing a quantity of cloth valued
at \$1,100. They were remanded for
further hearing.

The case against Clarence Whipple,
charged with the theft of a baseball
mitt, was postponed to this morning at
11:15 a'clock, after evidence had been
given by Trueman Copp, the owner of
the mitt. Robert J. Cochrane, and
John Whipple, brother of the accused
gave evidence. E. S. Ritchie is con-
ducting the defence.

John Hawkins and William Keith
pleaded guilty to being drunk, and
having liquor in their possession con-
trary to law. They paid the fines im-
posed.

Goodyear Builds Better Hose

There was a time when men thought that rubber tires had reached their limit of quality. Then Goodyear entered the field, and, by leaving the beaten path, built the largest tire business in the world.

When Goodyear scientists and engineers turned their attention to Industrial Hose they were not satisfied with many of the existing standards. They started from the ground up. They built for Industry's needs. Was the rubber lining unsatisfactory—Goodyear men worked till they had discovered a better one. Did a cover wear out too quickly in hard service—the knowledge gained in building automobile treads was applied to hose covers. New specifications were worked out. New formulae were developed.

The Goodyear Industrial Hose offered you today is the result of a definite policy. It is the solution to your hose problems—not a makeshift.

In mines, mills, foundries, shipyards, railways, and a hundred other industries, all over Canada, it is setting new standards.

There is a Goodyear Industrial Hose for every particular use—yours among them. Let a man, trained by Goodyear in hose problems, call and explain them to you. No obligation. Phone, wire or write the nearest branch.
