

SEZ HERE !!

Say did you hear about Flight 27 the other day? W.O.2 Inman the Squadron Sgt. Major caught the boys making whoopee in the barracks last Friday night. The punishment was two hours on the drill square in the terrific heat with the Warrant Officer himself barking out the commends. Wonder if Flight 27 heard about the climax? Their favorite Sgt. Major had blisters on his feet for the next several days!

We are offering congratulations to Sgt. Cooper - "Chief of the Gestapo" - on his new appointment as "Chief Dog Catcher" of NO.5. It seems a number of "Little Snetsy" suitors had overstayed their 22:30 hour passes.

SEZ No.1 SQUADRON:

Congratulations are in order to #2 Squadron for their good showing on Sports Day. This must have been a source of condolence and comfort to help sustain them while they watched #1 Squadron (16 Flight) win the Station Softball championship, and the Station Swimming Meet. They had the opportunity to watch #15 Flight win the drill competition week of June 24, and #16 Flight week of July 1st, and then Flight 10 repeated the victory the week ending July 8th; just to mention the more recent and important events. No. 11 Flight will be out there on Thursday night, July 15th at 1830 hours, and spectators from #2 Squadron are cordially invited to be present and pick up a few pointers. It's about time that #2 Squadron "smartened up" to the fact that they need "smartening up"!!

The 5 I.T.S. Flyers scrambled home with a 9-8 victory over the Belleville Foundries in the first game of their best 2 out of 3 series. It was a nip and tuck affair all the way with the Flyers behind the 8 ball all the way. Down 2 runs in the last of the ninth they managed to eke out a win in the dying minutes of the game. Sgt. Stillman paced the attack for the winners with two smashing hits that managed to clear the infield, but just. This game was a thriller

The series resumes this Tuesday night Don't miss it.

Your reporter noticed during his rounds on a recent date that the Sergeants Mess had recently been hAir Conditioned. Under the able(?) clippership of Sgt. Dupuis, W.O.1 Birkett's men have recently been sporting stream lined craniums. We wonder how they felt when they wakened the next morning?

The Officers and the Sergeants softball teams meet in a sudden death play-off game this Thursday night. The game will be at 18:30 hours on the North Diamond. In preparation for the big event the Officers team meet the Mountain View Officers team, at the latter station, wednesday night at 6:30.

Flash--- I.T.S. Flyers defeated the Belleville Foudries team in the second game of the playdowns by a 22 - 1 score. Behind the airtight pitching of a new acquisition, Bancroft, formerly of Winnipeg, the flyers had a batting orgy that saw Archie Green get 3 for 5, and Muldoon hit for the circuit. They now advance to the second round of the playdowns beginning a 2 out of 3 series with Stephen-Adamson next Monday night. "Bring on that Reliance outfit", scream the Fliers, "We'll wash out the champs."

Say fellows, the ladies who darn the socks for the airmen on Wednesday afternoons want us to remind you to have the socks clean and DRY. Don't forget to get them in for repairs before they are so bad you could pull them on from either end. Put them in the Library anytime before 20'clock Wednesday.

Picking up the telephone receiver the other day we had an enquirer asking: "Is it true that when fellows leave the Selection Board and join X Flight, that they no longer salute, but start to nod instead?" Checking with airmen in X Flight they denied the truth of this assertion, whipping up a smart salute as they gave their answer. However we shall keep our eyes open in relation to this matter in the future.

Squadron Leader Riddell, the S.M.O., has been discharged from the Station Sick Quarters after a seige of the mumps. At present he is on sick leave.

It is good to know that AC2 Bethune is able to be up and about again after a spell of more than 45 days in the Hospital. Away for 30 days sick leave we expect him back in fit shape to tear through his course. Cpl Johnston had given Bethune his Lance Corporal hook for services rendered during his long stay.

Preparations are being made for a Gala celebration of the Second Anniversary of the opening of No.5 I.T.S. on August 4th. Full details of the program will be released soon. Generally speaking it will be in the form of a Sports Meet in the Afternoon and a Station Dance at night.
