

RETURN TO INSPECTOR

**SUPPLEMENTARY.**

Lot Number 6

State the minimum quantity of Land which will be actually and necessarily required by the Grand River Navigation Company, to enable it to complete the work from its present navigable termination to Brantford, and the full value of it; and let a diagram of the same, with full references, accompany your report.

*Handwritten text, likely a report or survey notes, partially obscured by a large sheet of paper.*

In all instances where the clearances of Squatters or of Indians are other Lots, as laid down on the old or new surveys, you will report such inconveniences without doing injustice to parties interested, possible, the fair and reasonable price which any one party should pay for the improvements of the former falling within the limits of the latter, information, diagrams or sketches, showing how the proposed arrangements

*The improvements have according to the Survey*

That blocks, lots, pieces or parcels of Land, should be reserved for Town Plots, or sites of Villages, and let a Plan shewing their relative position, accompany your report.

*Handwritten text, likely a report or survey notes, partially obscured by a large sheet of paper.*

*Handwritten text, likely a report or survey notes, partially obscured by a large sheet of paper.*

*Small, faint printed text at the bottom of the page.*

*Handwritten text, likely a report or survey notes, partially obscured by a large sheet of paper.*

*Handwritten text, likely a report or survey notes, partially obscured by a large sheet of paper.*

*BoR Colie*
