Hon. Senator W. H. Dennis,
The Halifax Herald,
Halifax, N. S.

Dear Senator:

I just received your letter of 14th.
Have been watching the Herald quite carefully and
with much interest.

You look so well and still have youth
and great vigour, and with care should get over the
disability which has so held you back and so worried
your friends.

I am getting the Ottawa speech printed
myself. Could not think of letting you go to more
expense for me. If you wish some copies for mailing,
I will be glad to send them. They ought to be out
about Wednesday or Thursday.

Yours sincerely,

AM/E.
