

STOCK GOSSIP.

In writing to advertisers, please mention the Farmer's Advocate.

Mr. Thos. Scott, of Glen Morris, has established a small herd of choice Jerseys of the best breeding, containing the St. Lambert and St. Helier blood. Beginning on a small scale a few years ago with one or two choice cows, they have gradually increased until at present they number some sixteen head in all. The herd is headed by John Brant (31000). This bull traces back to Canada's John Bull, one of the most noted Jersey stock bulls ever owned in the country.

Mrs. E. M. Jones, Brockville, Ont., writes:—"Mr. F. Birdsall, of Birdsall, Ont., was looking for a Jersey bull calf fit to head any procession, both in beauty and breeding, and I am happy to say, he found just what he wanted in my herd—Regal St. Lambert 41438, now 7½ months old, and pure St. Lambert without any out-cross whatever; sire Canada's Sir George 18390, who won first prize over all Canada as a calf, Toronto, 1887; Ottawa, 1887; as yearling, Kingston, 1888; as two-year-old, Toronto, 1889; headed first prize herd, Toronto, 1889; first prize over Canada as two-year-old, London, 1889; sweepstakes as best of any age, London, 1889. All before he was 33 months old. Since then he has had to divide the honors with his stable companion, Massena's Son, but took second prize at Toronto, 1891; third prize at Ottawa, 1891; first prize at Toronto, 1892; third prize at Ottawa, 1892; sweepstakes as best of any age, Toronto, 1892; headed first prize herd, Toronto, 1892. I believe him to be the handsomest, best and highest-bred Jersey bull alive in any country. His sire was Mr. Fuller's Famous Canada's John Bull, that was never beaten in the show ring, except by me. His dam was Allie of St. Lambert, 57 pounds milk a day; 26½ pounds butter a week. His stock are grand, both as to looks and yield. A gentleman has lately been from Pa., said he came 700 miles just to see this bull, because he bought one of his daughters from me as a calf, and she had just come in at two years old, and was giving 35 pounds of milk a day, and had the handsomest udder in Pennsylvania. The dam of Mr. Birdsall's young bull is the pure St. Lambert cow, Muriel of St. Lambert; she is half-sister to the beautiful cow (whose picture appears in my book, *Dairying for Profit*), Rioter's Queen, 17½ pounds butter a week, and 47 pounds milk a day, at 4 years old. Muriel is fully as good, and I paid \$1,000 cash for her when only a few months old. When I add that Regal St. Lambert looks equal his pedigree, it will be evident that Mr. Birdsall has made no mistake."
