BAYNES
No. 530

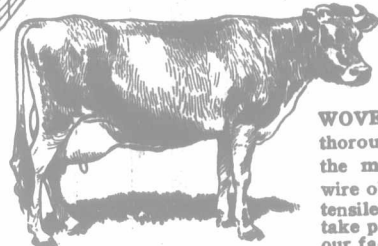

"New York Road Wagon," we call it. An old favorite—and with its 1908 improvements, the best road wagon value on the market. Is fitted with 7/8-inch steel or rubber tires, black body, canary gear, whipcord trimmed, with seat fenders. It's a joy to spin over the roads in such a spanking turnout.

The great features of Baynes Carriages are their handsome designs and elegant appearance. See the new line for 1908. We will tell you of a nearby dealer who handles them. Write.

The Pick of the Flock

The thoroughbred Jersey shown in the picture is a grand champion in the thoroughbred class. She is the pick of the flock—the pride of the farm. Just like this Jersey cow, the Frost Fence is a champion. It is easily the pick of the large drove of wire fences. It will, when up, cause your farm to be the admiration of your neighborhood.

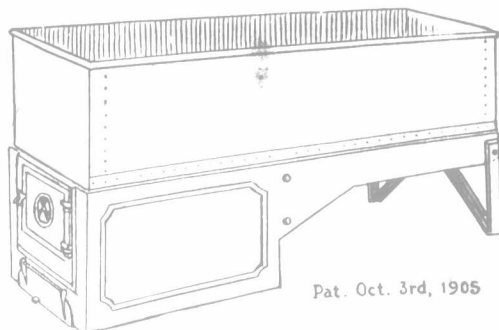

Never has a product reached so large a sale in so short a time as FROST WOVEN FENCE. Never before has such a thoroughly superior woven fence been placed on the market. We use the best No. 9 galvanized wire obtainable. We have a little machine for testing the tensile strength of the various grades and sizes of wire, and take particular pride in demonstrating to those who call at our factory that the stay wire in Frost Woven Fence will stand identically the same strain as the horizontals.

The stays in FROST FIELD ERECTED FENCE test about double, and this, with our metal lock, which is the most unyielding part of the fence, permits of the use of fewer uprights. Real coiled wire is used for horizontals, which results in a simply incomparable fence. Throughout the entire country you hear glowing tributes paid to Frost Products. One Frost Fence always sells another. That is why our agents always get ahead so rapidly—why it is wise for you to join our salesforce and devote your spare time to selling Frost Products. The Frost Agency is for the sale of material of almost every description in the Wire Fence and Gate line. With our full line you can build up a substantial and profitable trade. We will furnish you with complete particulars, allot you exclusive territory, and send you our handsome new Catalogue, if you will write us now. We will prove to you that Frost Fence is the pick of the flock.
