G. A. Gilroy, Glen Buell, Ont.

GOSSIP.

Some improvements are being made in Howick Hall, the large auditorium in which the night entertainments of the Central Canada Fair are given. One of the changes is the raising of the floor to provide for a better view of the stage. This will be appreciated by patrons of the night show.

Mr. A. F. Judd, Doe Lake, Ontario, writes: "In your issue of July 16th mention is made of flour as a remedy for scours in calves. I have used it for twenty years or more, and find that raw flour stirred in their milk, night and morning, two or three times, is always a cure."

A splendid 7½ x 11-inch photo-engraving of that prince of Clydesdale stallions, Baron's Pride, may be purchased through this office for 50 cents in cash, or it will be given as a premium to any present subscriber of "The Farmer's Advocate" who will send us the name of one new yearly subscriber, accompanied by \$1.50.

The Eel, a Canadian silver-gray gelding, with a former pacing record of 2.05½ in a race at Terre Haute, Indiana, last month, was timed 2.02½, being beaten only by Minor Heir, who in the same race made a mark of 2.01. The Eel was sired by Gambolier 2.22½, son of Gambetta Wilkes. He is trained and driven by the veteran Canadian trainer, Dan McEwen.

CREATIONS OF HUMAN INGENUITY

One of the many attractions at the Canadian National Exhibition, and the principal attraction in the industrial section, is the Process Building, a magnificent structure in which are shown some thirty factories in operation. There are silk weaving, manufacturing braids, ribbons, neckties, cotton spinning, boot-making, glass-cutting; weaving of scarves, nets and sashes in all colors; weaving of quilts; manufacturing of jewelry; wheel-making and bicycle-making; gas producing, diamond cutting, wire weaving, wood carving, pattern-making, dynamo construction, printing, binding and lithographing, and from a dozen to a score of other industries in full operation, the same as in the ordinary factories.

In some notes of the Lyndale Holstein herd of Brown Bros., Lyn, Ont., published in these columns a few months ago, it was mentioned that the cow, Sara Jewel Hengerveld, and her daughter, Sara Jewel Hengerveld 3rd, were due to freshen in May, when they were expected to increase the records they then held. Messrs. Brown Bros. write: "We have recently concluded a 7-day and 30-day test of these two cows. The latter made 30.30 lbs. butter in 7 days, and 121.30 lbs. in 30 days, which are the largest records ever made by any other cow in Canada. Sara Jewel Hengerveld (dam of Sara Jewel Hengerveld 3rd) made 28.10 lbs. butter in 7 days, and 110.10 lbs. in 30 days. While we have no apology to offer for the record this cow has made, it is only doing her justice to say that she would have done considerably better had she not had a severe attack of scours shortly after starting test. Her last 7 days were her best 7; her highest day's milk was 100.4 lbs., and for 7 days, 685 lbs., which is the largest milk record yet reported for any cow in the Dominion. The record of this cow and her daughter is one of the largest (if not the largest) combined A. R. O. records of any mother and daughter of the breed."

We have for sale a number of spring bull calves out of Advanced Registry cows, one from Sara Jewel Hengerveld; also a 10-months' bull, out of Inka Josephine Abbekerk, A.R.O., 21.95 lbs. butter in 7 days, and 15½ lbs. 8½ months after calving, and within 3½ months of again freshening. A few young Record of Merit cows, due in September, are also offered.

The Dunn Hollow Concrete Block Machine

Fourth year in the market, and every machine sold doing good work. Simple in construction and operation. Suitable for block-making for a single building or for a regular block-making business. A moderate-priced machine; compact and portable. No power required. Has suited every purchaser, and will please you. Western shipments made from our Winnipeg warehouse.

Write us for catalogue.

Brighton Tel. and Stn.

FAIRVIEW HERD

offers you another son of the great Pontiac Korndyke, who has more high-testing daughters in Advanced Registry than any other living bull. We have four of his daughters that have seven days' records that average over 28 lbs. each, and over 4% fat. This young bull was born Nov. 2, 1907, is two-thirds white, and a beauty. His dam is sired by a son of De Kol 2nd's Paul De Kol, the sire of Aggie Cornucopia Pauline. You cannot find better breeding than this. First check for \$150 takes him.
E. H. DOLLAR, Heuvelton, St. Law. Co., N. Y.
