Sheet Steel Ceilings

have many advantages over those of wood and plaster.

There are no expenses for repairs due to leaking roofs and the moving of heavy furniture. They never crack or warp. They are both fire and water-proof.

PEDLAR STEEL CEILINGS combine these valuable features with handsome, artistic designs, light and elegant appearance, simple and practical construction, and the highest form of ornamentation. Joints are unnoticeable—use of panels avoided.

Special drawings are made for each ceiling, showing exact position of every piece, without extra charge.

We will send catalogue to those interested in house construction on request.

Write and See.

Don't Let Prejudice Keep you from getting Well.

No Money is Wanted.

Simply write a postal for the book that applies to your case. See what I have to say. You can't know too much about ways to get well.

My way is not less effective because I tell you about it. There are millions of cases which nothing else can cure. How can I reach them save by advertising?

I will send with the book also an order on your druggist for six bottles Dr. Shoop's Restorative. I will tell him to let you test it for a month at my risk. If it cures you, the cost will be \$5.50. If it fails, I will pay him myself.

The book will tell you how my Restorative strengthens the inside nerves. It brings back the power that operates the vital organs. My book will prove that no other way can make those organs strong.

No matter what your doubts. Remember that my method is unknown to you, while I spent a lifetime on it. Remember that only the cured need pay. Won't you write a postal to learn what treatment makes such an offer possible? -om
