Singers, Speakers,

EVERYBODY.

Sir Morell Mackenzie refused above offer to visit a patient in this country, but writes:

I have watched the effects of mineral waters for a considerable period, and regard them as extremely valuable in obstinate catarrhal affections and diseases of the throat and air passages, both local and general. Also, I frequently find them of great service in the case of singers and public speakers.

Mr. C. W. DENNIS, Toronto.—I have much pleasure in being able to state that after the trial being had, your Washer has proved satisfactory, and I would recommend it to every one as a necessary household appendage. When I first opened the box containing it as it came from the express office, I was very incredulous as to its effectiveness as a clothes cleaner, and pronounced it as a totally useless affair, but after the second trial, from being incredulous I became marvellous, being utterly astonished at the way in which but a simple thing could accomplish its work and with what facility, the washing that required a full day to complete it now only taking a few hours.
