HALIFAX, Nov. 29.—Halifax is taking prompt steps to be in a position to tender for a shipbuilding yard for the construction not merely of Canada's naval vessels but of merchant ships. The shipbuilding investment company which was organized several years ago and owns a splendid site on the Dartmouth side of the harbor, has been in communication with Mr. Hunter of the famous Tyneside firm of Swan, Hunter, Wigham and Richardson, and following the announcement from Ottawa that the government proposed to aid in establishing yards in Canada, a cable has been received from Mr. Hunter stating that he was despatching Mr. Clarke, one of his firm's experts, to confer with the Halifax associates. Mr. Clarke will arrive here on the Allan liner Victorian on Friday and will at once take up with the Halifax members of the company the formulation of a practical scheme for ship yard on Halifax harbor.

ETHEL BARRYMORE

HAS A BABY BOY

NEW YORK, N. Y., Nov. 29.—Mrs. Russell Colt, better known as Ethel Barrymore, became the mother of a son early today at the home of August Belmont, in this city, where the Colts have been staying. Mother and son were reported as doing well to-night.

BRANDON, Nov. 29.—Following the receipt of a letter from Archbishop Matheson, which is believed to have criticized the publicity given the Anglican convention here, which recommended the partition of the arch-diocese of Rupert's Land, Rector Reeves of St. Matthew's has resigned his pastoral charge, membership in the diocese, an executive, the directorship of St. John's College and the appointment as delegate to the general synod. This step has caused a sensation, and is believed to herald a conflict between the Anglican leaders in Winnipeg and the rest of the province. Mr. Reeves is not an officer of the New Anglican union formed here last week.

Facts
for Sick
Women

We know of no other medicine which has been so successful in relieving the suffering of women, or secured so many genuine testimonials, as has Lydia E. Pinkham's Vegetable Compound.

In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound. Almost every woman you meet has either been benefited by it, or knows some one who has.

In the Pinkham Laboratory at Lynn, Mass., are files containing over one million one hundred thousand letters from women seeking health, in which many openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound.

Lydia E. Pinkham's Vegetable Compound has saved many women from surgical operations.

Lydia E. Pinkham's Vegetable Compound is made exclusively from roots and herbs, and is perfectly harmless. The reason why it is so successful is because it contains ingredients which act directly upon the female organism, restoring it to healthy and normal activity.

Thousands of unsolicited and genuine testimonials such as the following prove the efficiency of this simple remedy.

Belleriver, Que.—"Without Lydia E. Pinkham's Vegetable Compound I would not be alive. For five months I had painful and irregular periods and inflammation of the uterus. I suffered like a martyr and thought often of death. I consulted two doctors who could do nothing for me. I went to a hospital, and the best doctors said I must submit to an operation, because I had a tumor. I went back home much discouraged. One of my cousins advised me to take your Compound, as it had cured her. I did so and soon commenced to feel better, and my appetite came back with the first bottle. Now I feel no pain and am cured. Your remedy is deserving of praise."—Mrs. Emma Chatel, Valleyfield, Belleriver, Quebec.

Women who are suffering from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

NOVEL SUGGESTION

NEW YORK, N. Y., Nov. 29.—Gossip in Paris, according to a story brought to New York today, mentions a Russian nobleman, who subsequently committed suicide as the slayer of M. Adolphe Steinhilf, whose wife was recently bequeathed the crime, and is supposed to be in England. According to the gossip, the nobleman was trapped in the Steinhilf mansion by the husband, and in a fight which followed he killed the nobleman. The nobleman was killed in the room and died either from a blow or from strangulation after swallowing his false teeth.

IN PITTSBURG WRECK

PITTSBURG, Nov. 30.—More than a dozen persons were injured, a number seriously, when the Uniontown and Pittsburgh express train No. 10, on the Pennsylvania Railway, left the Falls today at 10:30 p.m. near here and ran into a ditch. One passenger, the baggage master, and a mail clerk are probably fatally hurt.

Paris is again enthusiastic over brown, and the very latest fad in brown furs is upon a pet that has a marking like chinchilla, but in a warm brown tone. Such a coat is dressy enough for afternoon calls worn over dainty frocks of cashmere or the soft permo stuffs so much in vogue now. This smart wrap shows the low front fastening of the season, the long waisted lines and the graceful shawl collar, crossing at the front. The hat is one of the new silk beavers with a jaunty plume.

KIDNEY TROUBLES

Are Overcome By
Dr. Morse's Indian Root Pills

The kidneys have a very important work to perform in preserving health. All the blood passes through them over and over again and they filter it, removing all the impurities and worn-out muscle and tissue which the blood gathers up, in microscopic particles, in its flow through the body. These impurities are then expelled through the urinary system.

When the kidneys for any reason fail to perform this function, and the impurities are left in the blood, about the most distressing series of ailments which afflict mankind follow. First there is the aching back and a feeling of weariness, and then, as conditions grow worse, comes Rheumatism, Gravel, Diabetes, Gall Stones, Inflammation of the Bladder or the dreaded Bright's Disease.

The man or woman who allows kidney trouble to develop into any of these diseases is doing himself or herself a grave injustice, particularly when a cure can be had so readily. One of the constituents of Dr. Morse's Indian Root Pills is a Diuretic, which strengthens and stimulates the kidneys, enabling them to do their work thoroughly and with ease. These Pills also increase the action of the bowels and the pores of the skin, which remove some of the impurities, thus lightening the work of the kidneys.

Mr. Geo. Whitney, of Buffalo, N. Y., says they worked wonders for him. He writes:

"I have been using Dr. Morse's Indian Root Pills for six years. I suffered for six years from liver trouble and kidney ailments. If I tried one medicine I tried a dozen, but without good result. Your pills were recommended and they cured me after using four boxes."

Dr. Morse's Indian Root Pills should be taken at the first sign of back-ache, of rheumatism, or of any difficulty in urinating.
