The Tortures of Dyspepsia Corrected by "Fruit-a-lives"

St. MARTIN'S, N.B. "For two years, I suffered tortures from Severe Dyspepsia. I had constant pains after eating; pains down the sides and back; and horrible bitter stuff often came up in my mouth. I tried doctors, but they did not help me. But as soon as I started taking 'Fruit-a-lives', I began to improve and this medicine, made of fruit juices, relieved me when everything else failed."

Skill in Fitting Glasses

Skill in fitting Glasses lies as much in the frames to the face as the lenses to the eyes. Compound lenses, improperly placed before the eyes, have just the opposite effect from that intended. Great injury may be done in this way.

We fit glasses that are correct in every detail. You will "say so" when you have tried them.

AUSTRIAN AGITATOR DEAD

By Courier Leased Wire. Amsterdam, July 3.—Herman Biechlawek, formerly a member of the Austrian reichsrat and of the Vienna city council, is dead in Vienna, says a dispatch from the Austrian capital to-day. Herr Biechlawek's fierce anti-semitic outbreaks frequently led to violent scenes in those bodies. He was 57 years old.

ALBERTA DECISION WON'T STOP DRAFT

Acting Premier Announces Government Will Proceed With It

PLAN TO RUSH APPEAL

If That Fails, Action Will be Legalized by Parliament

Ottawa, July 3.—It is not the intention of the Government to allow the judgment of the Supreme Court of Alberta attacking the validity of the order-in-Council cancelling exemptions from military service granted youths of 20, 21 and 22 years of age to interfere with the enforcement of that enactment. This is made clear by an official statement issued by Hon. C. J. Doherty, Minister of Justice and Acting Prime Minister, to-day. Pending an appeal to the Supreme Court of Canada in the Alberta case, the statement says: "The Government will proceed as heretofore in the execution of the powers conferred by the regulations, and the judgment pronounced by the Alberta court will not be permitted to affect the custody or moving of the troops authorized by the regulations."

R. B. Bennett, ex-M.P., of Calgary, in applying for a writ of habeas corpus on behalf of Norman Earl Lewis, argued that the young man had been granted exemption in accordance with the provisions of the Military Service Act, a statute of the Dominion Parliament, and could not be deprived thereof by an order-in-Council passed under the authority of the War Measures Act. With that contention, the majority of the Alberta Supreme Court agreed.

The Dominion Government, however, is convinced that it had adequate authority under the War Measures Act to pass the order-in-Council, which, moreover, was approved by both Houses of Parliament. The present position of the Government is that the decision of a court cannot be allowed to defeat the measures taken by the Government in connection with Parliament's approval to secure recruits urgently needed for overseas service. If the order-in-Council is declared invalid by the court of last resort, it can be re-enacted as a statute at the next session of Parliament, and action taken under its authority can be legalized.

GERMAN REGIMENT ANNIHILATED BY AMERICAN FORCES

Latter Inflict Heavy Losses on Foe When Storming Vaux Villy

By Courier Leased Wire. Washington, July 3.—General Pershing's communique for yesterday announces that one German regiment practically was annihilated by the heavy losses inflicted by the Americans when they stormed and held the village of Vaux, the Bois de la Roche and neighboring woods, advancing the American positions a thousand yards on a mile and a half front.

War material captured included some trench mortars and over sixty machine guns. Three American aviators are reported missing from squadrons which participated in fighting northwest of Chateau Thierry.

The communique follows: "Yesterday afternoon in the Chateau Thierry region our infantry with effective co-operation of our batteries stormed the village of Vaux, the Bois de la Roche and the neighboring woods. The attack was made in co-operation with the French on our right, who advanced their line on Hill 204. Our own positions were advanced on a front a mile and a half and to a depth of 1,000 yards. The enemy's losses in killed and wounded were heavy. His regiment holding the sector attacked offered obstinate resistance and was practically annihilated. Our losses were relatively slight. "A German counter-attack made early this morning was entirely repulsed. The enemy again suffered heavily and left additional prisoners in our hands. The prisoners captured in the attack and counter-attacks number over 500 and include six officers. This increases the total of prisoners taken by our troops in this vicinity during the last month to nearly 2,900. "The material captured by our troops during yesterday afternoon includes trench mortars and over sixty machine guns. The day passed quietly at other points. "American aviation squadrons co-operated with our troops in the action northwest of Chateau Thierry. Three of our aviators did not return."

The U. S. Senate was "barred" Rep. E. Johnson, of Kentucky, who referred to recent senatorial action as a "rotten measure." A Cornell University endowment for the study of German culture will be devoted in future to the study of human civilization.

THREATEN STRIKE ON ALL RAILWAYS

Federated Trades Serves Ultimatum on Railway War Board

GOVT. INTERVENS

Calls Conference in Ottawa Today of Roads and Men

Ottawa, July 4.—A joint conference will be held here to-day with a view to avoiding if possible a general strike on the railways of Canada. The labor situation which has arisen is described as "very serious." A committee of the Federated Trades, said to represent 50,000 employees, has submitted demands for increased wages aggregating many millions of dollars. The companies through the action of the Board have declined to accede to the men's request. The committee of the men have notified the War Board that a final answer must be given by two o'clock to-day. An official statement issued here last night reads: "A very serious labor situation was foreshadowed by the action of the Government taken today in summoning to Ottawa the committee of the Federated Trades for a conference with members of the Government and the Canadian Railway War Board. Negotiations have been conducted for the past two months between the Federated Trades and the War Board, and the committee of the former, said to represent 50,000 railway employees, have submitted demands for increases in wages aggregating many millions of dollars which the companies, through the War Board, have declined to accede to. In view of the importance of the situation and their far-reaching effect, financial and otherwise, the Government has taken immediate action, and a joint conference will be held here today with a view to, if possible, avoiding a general strike on all the railways. The committee of the men have notified the War Board that a final answer must be given by 2 o'clock to-day."

Want Big Wage Increase

The Federated Trades, which have served an ultimatum upon the Railway War Board, includes the mechanics, carpenters, painters and generally employees in shops on all the roads in Canada, both Government-owned and privately-owned. At present they are working under a complicated classification. They are asking to be grouped in three classes, with 75 cents an hour for men in the first class, 62 1/2 cents an hour for those in the second, and 55 cents an hour for those in the third. All these rates represent considerable increases over present wages. In some cases, including overtime pay, the increases amount to 100 per cent. "The men, in making their demand, have pointed to the increase in the cost of living, to the present demand for labor and to the example set in the United States, where the McAdoo award has given increases in wages to all railway employees. The railways, on the other hand, have contended that conditions in Canada are very different from those in the United States. In the latter country freight and passenger rates were increased, first 15 per cent, and later another 25 per cent. In Canada, there has been an increase of 15 per cent. in freight and passenger rates. The railways, however, assert that to accede to the men's demands would impose an intolerable burden upon them at times when operating costs are extremely high and financing is difficult."
