### WE WILL SOON TRAVEL THRU THE AIR.

Airship can now cruise 4000 miles at the rate of 78 miles an hour and can easily cross the Atlantic and return without stopping.

Soon these air ships will have a speed

of 100 miles an hour and they will be fitted with ample saloons, state rooms, and an elevator to a roof garden, and will be able to remain in the air for over a week.

But few years will elapse before we will be taking passage in airplanes, as we do now in a railway carriage.

### AREA OCCUPIED BY HUNS IN THEIR CONQUEST.

The Kings County N. S., there are four newspapers.

The Advertiser..... Kentville

The Western Chronicle..... Kentville

The Acadian..... Wolfville

Why do not some of these journals get together and form a merger, that would cut out a lot of unnecessary competition?
