MURDERED BY HIGHWAYMEN.

Farmer Beaten to Death and Robbed in Lenoxy Spot.

New York, July 3.—Held up by highwaymen on a lonely road near Richmond Hill, Christopher Brass, a farmer, was shot and robbed early yesterday while driving home from market. Brass lived in Jamaica. Evidence along the roadside showed that the farmer had made a desperate fight for his life.

Another farmer says that an attempt was made to hold him up early yesterday by three men, but that he whipped up his horses and got away.

WHY CHEST COLDS ARE DANGEROUS.

They lead to pleurisy and pneumonia. Follow the Advice of W. H. Powles, of Powles' Corners, Ont., says: "I used to be subject to attacks and although I used most everything, nothing relieved quickly till I discovered Nerviline. I have used it for pleurisy and sore chest, and found it just the proper thing. For Lumbago or Neuralgia it's a quick as lightning. I cheerfully recommend Nerviline." The strongest, cleanest, most pain-destroying liniment on earth is "Powles' Nerviline." 25c. bottles sold everywhere.

Pays Damage for Cattle.

Munich, Bavaria, July 3.—Herr Gruber, editor of "The Munchener Post," who was sued by Dr. Peters, the African explorer, for calumny in accusing him of cruelty to the natives in East Africa, was sentenced to pay a fine of \$125 and costs.

Fatal Street Car Collision.

Jamestown, N. Y., July 3.—A collision occurred yesterday morning between two street cars near Chautauque, in which Chauncey Newton, one of the motormen, was fatally injured. Both of his legs were cut off.

DOCTORS CHANGE THEIR METHODS.

Years ago they fought catarrh by internal dosing. They saw this cure the stomach and changed to the ozonated air cure, better known as "Catarrhozone." This treatment is sure to cure. It goes to the source of the disease; it destroys the causes that maintain catarrh and even in the worst cases permanent cure is guaranteed. Failure with Catarrhozone is impossible. Antiseptic, healing and far-reaching, it's bound to cure every time. Endorsed by more than twenty thousand physicians in America alone and sold in 25c. and \$1.00 sizes by all dealers.

Powder Magazine Explodes.

Salt Lake City, Utah, July 3.—A terrific explosion occurred last night at the powder magazine at Beeks Hot Springs, near here.

Summer Residence Burned.

Stony Lake, July 3.—The summer home of John Hall, drygoods merchant of Peterboro, was struck by lightning Dominion Day and burned to the ground. The family had not yet occupied it for the season.

For people who are run-down and nervous, who suffer from indigestion or dyspepsia, headache, biliousness, or torpid liver, coated tongue with bitter taste in the morning and poor appetite, it becomes necessary to turn to some tonic or strengthener which will assist Nature and help them to get on their feet and put the body into its proper condition. It is becoming more and more apparent that Nature's most valuable health-giving agents are to be found in forest plants and roots.

Nearly forty years ago, Dr. R. V. Pierce, now consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., discovered that by scientifically extracting and combining certain medicinal principles from native roots, taken from our American forests, he could produce a medicine which was marvellously efficient in curing cases of blood disorder and liver and stomach troubles as well as many other chronic or lingering ailments. This concentrated extract of Nature's vitality he named "Golden Medical Discovery." It purifies the blood by putting the stomach and liver into healthy condition, thereby helping the digestion and assimilation of food which feeds the blood. Thereby it cures weak stomach, indigestion, torpid liver or biliousness, and kindred derangements.

DENY ORCHARD'S STORY

Max Malich Flatly Contradicts Evidence Given by Him.

Orchard Proposed to Dynamite Hotel Filled With Men—Says He Would Kill Steunenberg—Dramatic Dismissal of Miners—Three Volleys Were Fired Over Their Heads—Bidden Never to Return.

Boise, Idaho, July 3.—Commencing the seventh day of direct examination of its witnesses yesterday the defence in the trial of William D. Haywood bids fair to exceed by several days its promise to close within eight days after the opening speeches.

The foundation laid by the testimony of the former stenographer of the Pinkerton agency, who, to use his own words, "gave back to the right owners" the secrets entrusted to him by his employers, was used yesterday, and on it will be built the structure by which the defence hopes to convince the jury and the public that there has been a widespread conspiracy to wreck the Western Federation and convict its officers of murder.

Council for the defence claim that they can show a conspiracy existing throughout many states in the union, and intended to affect union labor everywhere and they propose to try to get the whole thing before the jury.

Contradicts Orchard.

Max Malich, another of the men implicated by the testimony of Harry Orchard, made his appearance yesterday as a witness in behalf of Haywood. He directly contradicted all of Orchard's story relating to him.

Orchard testified that Malich proposed to him that he dynamite a hotel at Globeville filled with non-union men and offered him \$100 to blow up the store of a business rival, and privately informed the prosecution that Malich had burned himself with "Petibone dope," while preparing to burn his own store, and later burned his store with "Petibone dope," and that Malich had agreed to help him with an alibi when he killed Detective Lyle Gregory.

Malich swore that Orchard had proposed destroying the non-union hotel and the killing of McDonald, and that he had refused to have anything to do with the crime. He also denied all knowledge of "Petibone dope," and swore that Orchard told him that but one of the members of the union, the old, the sick and the well ones, the benefits of Dr. Hamilton's Pills are manifold. Sold everywhere in 5c. boxes.

McPartland's Brother.

The next witness for the defence aroused unusual interest. He was Edward McPartland, a brother of Pinkerton Detective James McPartland, who has been in charge of securing evidence for the state.

The witness said he was a member of the Western Federation of Miners, but a shoemaker by trade. He was at work in his shoeshop in Victor the day of the riot there, following the Independence Depot explosion.

After the shooting started McPartland said five men came to his shop and said they wanted him. He was marched between lines of soldiers to the train and taken to Colorado Springs, where he and several hundred miners were transferred to the Santa Fe road and taken to within a short distance of the Kansas line.

"After we left the train three volleys were fired over our heads and we were told never to come back," said McPartland.

"Did you ever go back to Victor?" "No, sir."

Moyer and Haywood Re-elected.

Denver, Colo., July 3.—Charles H. Moyer was retained as president, and William D. Haywood as secretary-treasurer of the Western Federation of Miners by the federation in convention yesterday.

Nearly Electrocuted.

London, July 3.—George Northcott, superintendent of the Southwestern Traction Co. met with a painful accident while repairing the overhead wire of the line at Glendale yesterday morning.

He established a circuit for the current while he held the wire in both hands. He received two bad burns on each hand, and considers his escape from death almost miraculous, as at least 1,000 volts passed through each hand.

Swimmer Goes Down.

Haileybury, July 3.—Two young men, named Eugene Savageau of Mattawa, and Charlie Austin, Jr., were sailing when their boat upset between the wharf and the Farr Island. Austin was saved, but Savageau was drowned.

He tried to swim for shore, but the swells were too heavy for him. Austin clung to the boat and was saved.

Strike At Cobalt.

Cobalt, July 3.—A strike by the surface men at the Nipissing has somewhat disturbed the company. Two hundred men walked out. They have been receiving \$2.25 a day, and are charged 65 cents per day for board and lodging. They want \$2.75 per day.

Labor agitators are said to have been working in the camp for some weeks, with this result.

Strike-Breakers Will Assist.

New York, July 3.—Work of cleaning up the rotting garbage piles in the streets, to prevent a possible epidemic, was commenced with vigor yesterday.

Several days may be required to clear the city streets of filth and refuse. Until the work is completed the strike-breakers will aid the regular drivers in the work.

CATARRH CAN BE CURED

Kill the Germs by Breathing Hyomei—Gives Quick Relief.

Many people who have suffered with catarrh for years naturally feel that the disease cannot be cured, and become discouraged.

Their failure to get relief is due to the fact that they have not used the right remedy. Catarrh is an affection of the head, throat and lungs, and cannot be cured by stomach dosing.

The only scientific and natural treatment for this disease is Hyomei, which is breathed through a neat pocket inhaler, so that its healing medicated air reaches the most remote air-cells, kills all catarrh.

Hyomei is the only cure for catarrh that has ever been sold with the understanding that it was to cost absolutely nothing unless it cured. C. H. Gunn & Co. sell Hyomei in this way and are always ready to refund the money if it does not relieve and cure catarrh.

The healing and antiseptic balsams of Hyomei perform their purpose to perfection, and by using this remedy for a few times each day, you can soon cure yourself of any catarrhal troubles.

Complete Hyomei outfit, consisting of a bottle of Hyomei and an inhaler, costs but \$1.00.

Pulpwood Swept Away.

Quebec, July 3.—Thousands of cords of pulpwood were carried over the booms in Grande Riviere on Sunday night, as the result of the high water, caused by Sunday's downpour.

Duke to Visit Cobalt.

Quebec, July 3.—The Duke of Abruzzi, the Italian explorer, left yesterday for Montreal and the west. He will visit Cobalt this week.

BLUE PILLS NO LONGER USED.

When the stomach needs cleansing, the bowels increased activity, the liver additional power, don't use mercurial pills; try Dr. Hamilton's Vegetable in composition, extremely mild, yet sure to flush out all impurities and wastes, no remedy is so well adapted for family use. Positively a cure for biliousness and sick headache, unrelenting in constipation and indigestion, no medicine is so universally needed in every home as Dr. Hamilton's Pills. Good for the young, the old, the sick and the well ones, the benefits of Dr. Hamilton's Pills are manifold. Sold everywhere in 5c. boxes.

Japan Would Not Care.

Washington, July 3.—"No, Japan would not regard it as an unfriendly act if the American Government saw fit to increase her naval representation in her territorial waters on the Pacific Coast or even if she sent additional naval forces to the Adriatic station. She would not look upon it as a menace or regard it with regret."

These were the words of Viscount Aoki, the Japanese ambassador to the United States.

Midland Goes Dry.

Toronto, July 3.—The division court at Osgoode Hall yesterday, by judgment, restored Midland's local option bylaw, which had been quashed by Chief Justice McLeod, on the ground that it had been passed before the expiring time for application for a scrutiny of the ballots.

The high court held that the bylaw was not rendered void by this action.

Minard's Liniment Co., Limited.

Dear Sirs,—Last fall I got thrown on a fence and hurt my chest very badly, so I could not work, and it hurt me to breathe. I tried all kinds of Liniments and they did me no good.

One bottle of MINARD'S LINIMENT, warmed on flannels and applied on my breast, cured me completely.

All-Red Justifies Expenditure.

London, July 3.—(C. A. P.)—The Westminster Gazette in an editorial on the all-red line, says if the scheme can do what it professes to do, and in particular if it can accelerate and improve the mail service to Canada and New Zealand in the manner claimed for it, it does fulfill public objects which justify an expenditure of public money.

We read of Spring, Summer, Autumn and Winter medicines. As if the Stomach, Liver, Kidneys, etc., underwent a dangerous period of transformation every three months.

These three months periods are necessary to a human organism for convenience in expressing the climatic variations during the year. When you feel well, leave well alone; you are well. If you feel sick, or have been exposed to contagion, take the Veteran's Sure Cure. Dose—three to five drops once a day; three days medicine cost one cent. Price, \$1.00 or 50 cents sent anywhere. If you can find a better constitutional cure, take it. We feel sure there is none sold. The V. S. C. Medicine Co., Limited, Seane Block, Chatham, Ont. W. K. Merrifield, Manager.

ILL-TREATED BOY

Wallaceburg, June 29.—Rev. G. A. Guntton, an officer appointed by the Children's Aid Society, took charge of a young lad whom William Barney was working for him during the past few months, and because the boy left him to work for Mr. Marh, the liveryman, became annoyed and took him away from the livery to work for the sugar company.

The lad complained that he had not been treated right through the Children's Aid Society. The boy was taken to Chatham yesterday by Rev. Mr. Guntton and placed in the care of Mr. Vickery, who has promised to secure a good home and also a situation for him. The boy's father lives in Detroit, and according to Barney's story the lad was left in his charge, but as Mr. Vickery was a witness to the agreement made Barney has no right to claim the boy.

Mr. Barney sought legal advice on the matter and his solicitor telephoned the crown attorney at Chatham that the minister had abducted the boy and asked him to be detained. Barney in the meantime took the electric railway for Chatham, and returned home Friday evening a sadder but wiser man. The young fellow was pleased to get away from Wallaceburg and especially from the man who claimed to be his guardian.

OTTAWA HOUSE, CUSHING'S ISLAND.

The popular and delightful spot, known as the Ottawa House at Cushing's Island in Portland Harbor, Maine, was refurbished and reconstructed in all departments last year.
