Brief Mention

See the New 1919 Ford Cars at
the Sampson Motor Co. Front St. 2tThe home of Mr. George West,
Duncan, was destroyed by fire on
Monday.Duncan City has obtained a larger
supply of water by the opening up
of an old dam higher up the creek.
The new water pump has arrived,
but the engineer is awaiting a few
special parts. It is hoped to have
the pump in working order this week.The Sampson Motor Company re-
ceived their first shipment of 1919
Ford cars yesterday. 2t

"England expects that every man
this day will do his duty." If this
was true in Nelson's time, it is
equally true today, and loyally have
our sailors of both services lived up
to the best traditions of the sea. Let
Nanaimo see to it that Nelson's fam-
ous signal is obeyed on Saturday
when the taggers ask for contribu-
tions for our gallant seamen and
their families, who have suffered in
the war. 2tMr. L. Manson, the Halliburton St.
merchant, paid a business visit to the

naimo Kenner Club will be held in
the parlors of the Eagle Hotel to-
night at 8 o'clock. Business is ur-
gent and a full attendance of mem-
bers is requested.Minard's Lintment Relieves Neu-
ralgia.Lieut.-Col. A. U. de Pender, Bis-
hop of New Westminster, has left
for the east where he will await
definite orders before resuming his
duties overseas.Inquiries by The Herald elicited
the information there is no truth in
the Vancouver report that the S.S.
Princess Patricia is to be placed on
the Vancouver-Victoria run until
further notice. The "Pat" is to
continue on the local run, but on
Saturday will probably be taken off
for a few days for boiler inspection.Nanaimo branch of the G. W. V.
A. held a most interesting meeting
last night which was largely attend-
ed, a number of questions affecting
the returned soldier being consid-
ered. Among other business trans-
acted the meeting decided to hold a
big dance on Sept. 25th. 2tMr. Arthur Webb is over from Van-
couver visiting relatives and friends.TWO DAYS OF ENTERTAINMENT
(Continued from Page One)stall, a miniature playhouse and a
beautiful kewpie doll of unusual size,
fashionably draped in chiffon. Miss
Kewpie will go to some little girl who
holds the lucky ticket. Gibbons and
Calderhead have lent their window to
display a raffle of five prizes, consist-
ing of a three-piece luncheon set of
linen and flax crocheted combined and
evenly worked, representing many
tedious hours. A nightgown yoke, al-
so of crocheted. A sweater coat in the
newest shade of green, white woolen
socks that would make an ideal gift
for someone in France, and a tray
with flax background.Another raffle of unusual interest
is the soldiers' comforts, which af-
fords an opportunity to get the prop-
er things for friends overseas, while
special boxes are also being prepared
with just what the soldier needs, all
ready for mailing.It has been found necessary to dis-
pense with the cabaret, candy stalls,
and home cooking, and the popular
Old Country store, other counter at-
tractions replacing them, while at the
children's booth bannons and candy
of different kinds will be distributed
at prices, and sold.While the refreshment committee
has limitations that they thought
sounded none too encouraging at
first, the ladies are now very con-
scientious that they have delightful sub-
stitutes, and all those who visit the
tea room will be convinced that there
is such a thing as war time delicacies.
In view of the fact that no carnival
is complete without ice cream, the
boys and girls need not worry about
their cones. Iceland will be very
much in evidence.One very unique feature of the
event will be the parade previous to
the opening ceremonies, full particu-
lars of which will be given at a later
date. The ladies are not resorting to
motor cars on this occasion, but will
proceed in a body to the grounds,
some in nurses' uniform, the latter
part of the parade consisting of con-
stant characters.His Worship Mayor McKenzie will
address the gathering at the conclu-
sion of the parade, when Senator
Patterson will declare the carnival open.We all know to support the Red
Cross is the Greatest Mother in the
world, reaching out her hand to No
Man's Land, to cheer with warmer
comforts thousands who must stand
and wait in stench and crawling
noise and water soaked entrench-
ments where cold and wet bite deep-
er, so they write, than Boche steel or
lead. She's warming thousands,
feeding thousands from her store,
and in our humble way we must do
our bit so that her work may con-
tinue.
