 St. John, died on Monday, aged 75
 years.—Mr. Amos B. Barnes, so well
 known to the travelling public of Ca-
 nada, died at St. John on Monday.
 His experiences at the St. John fete
 affected his health. Many personal
 friends will regret his death. Aged
 65 years.

THE BODY of a woman was found
 at Oak Point on the River St. John
 on Friday, so disfigured that it was
 unrecognizable. Both arms were

 time he has had to do over again
 a large part of the work of every
 dentist who has ever practised in
 Sackville.—11

JULIUS ITEMS.—Some days ago,
 two young men while out on the
 bog, attempted to cross one of the
 Lakes in a skiff. When they re-
 reached the middle, the skiff, being
 old and rotten, sunk and they had
 to swim for their lives.—Geese
 and ducks have been quite plentiful.
 Mr. Winkworth Oulton shot eight
 geese and a pair of ducks one day
 recently.—The roads are driving up,
 but farmers do not find the land dry
 enough yet for farming operations.
 —Miss Fawcett, of Sackville, has

 ensuing term.

Beligious Mania.
 A Father Sacrifices his Five Year
 Old Daughter.

POCASSET, Mass., May 2.—Yester-
 day Charles S. Freeman, an English
 boy, five years old, was killed by a
 Second Adventist, and became
 greatly excited during the last few
 days. While attending revival meet-
 ings about a week ago he claimed to
 have received a wonderful revelation
 and has not eaten or slept since. He
 says the Lord directed him to sacri-
 fice his daughter, and declares she
 will rise again in three days. Yester-
 day morning he sent word that he
 would make the revelation known
 and offer an oblation consisting of
 his five-year-old daughter. A number
 of Second Advent people assembled
 at his house. Previous to their ar-
 rival the deed was performed with
 cool deliberation, and accompanied
 with a strange ceremony. The lit-
 tle one was transfixed with a knife,
 and her blood poured upon a table
 improvised as an altar. Freeman
 has driven every one from his house
 and locked and barred the doors and
 windows, and being supplied with
 fire arms, threatens death to any
 who shall interfere. Alone with the
 dead he goes through horrible in-
 cantations, which he says in three
 days will result in the child's resur-
 rection.

 fact of her being found dead, and
 having been driven by her owner to
 the place where she was found. These
 powers are immensely valuable.

A DISPATCH from St. Petersburg,

 pelled under the threat of death to
 fire at the Czar he purposely missed
 him.

 Donald Ross, of Victoria, settled,
 12 miles from Wallace, N. B., was

 were skating in the Rink here yester-
 day say the ice is yet good.—Law-
 yers complain that law business is
 exceedingly dull; a fact they speak
 of with regret.

It is not about time such people
 as the following were made to go
 for an honest living somehow—
 on a farm—even break stone, or do
 something instead of existing on the
 half earnings of other people's sweat
 and blood.—J. McDonald, general store,
 Charlottetown, P. E. I., wants to com-
 promise at 2 cents; Fred. Morrow,
 general store, Souris, wants to com-
 promise at 3 cents.—Ez.

It is estimated that the sugar crop
 of Cuba will aggregate 656,000 tons,
 an increase of 100,000 over the last
 year. The production of sugar was less
 than 100,000 tons last year.

The Louisiana amounts this season to
 225,000 hhls., or 250,000,000
 pounds, worth \$14,725,000; and the

CATTLE TRADE.—The Monetary
 Times (Toronto) says: "Mr. Reeve
 purposes to ship 200 next week and
 during May will probably move the
 bulk of his 2,200 now feeding at the
 distillery sheds. An English buyer
 is in the market this week and has
 been looking about for some time.
 He is willing to pay for really No. 1
 beefs, but few offer; 4½c. has been
 generally the best figure thus far."

SMALL POX.—The report of small
 pox having broken out in Mrs.
 Sharp's family, at Mill Stream,
 creates intense alarm among the
 residents of Sussex. There are now
 four cases in Mill Stream, three in
 Mrs. Sharp's family, and David
 Little, who was left Mrs. Sharp's
 and is at home at the head of the
 Mill Stream. It appears that Miss
 Sharp, who was taken ill on Monday,
 attended divine service in Rev. J.

 that she may have communicated the
 disease. The house at Exmouth St.

If the St. John Telegraph will not

 that printing presses are made in Ca-
