The Emperor of Germany is said to have lost \$20,000,000 as a result of the war. This is a lot of money but the Emperor may take comfort in the thought that his life is likely to be spared. In that regard he has a decided advantage over the average assassin.

Will This Prophecy Also be Realized?

Monk's Forecast Made in 1640 Has Been Fulfilled in Part—When Peace Comes

Senator David, city clerk of Montreal, recalls to mind a remarkable prophecy made in 1640 by a German monk named Hermann, which German as well as French papers have repeatedly published since the Franco-Prussian war of 1870-71.

When he was interested in a local French newspaper during the time of the war as a result of which Alsace and Lorraine were lost to France, the senator published the prophecy in his paper. In short, it was that France and Germany would meet in a tremendous struggle early in the seventies, (the prophecy was made in 1640). The monk further prophesied that France would be defeated, and that Paris would be besieged. The war would also mark the birth of a united Germany, and this, as events showed, proved to be exactly the case.

In the subsequent course of his prophecy, the monk Hermann, after having reviewed political and economic conditions in Europe, declared that France and Germany would again meet in a terrific struggle, in which many of the other nations of Europe would participate. It was prophesied that hundreds of thousands of lives would be lost, and that France would be devastated by the war.

Paris would not again be bombarded, but would be set on fire, the monk said, after which the French people would rise up and annihilate their foes. The end of the war would see the disintegration of the Germanic Empire, the banishment of the Emperor Wilhelm, who would be the last of the Hohenzollerns to sit upon the throne of Germany, and the establishment of a peace to which practically all the nations of Europe would be signatories.

The senator declared that last year he read in a French newspaper published in Paris, that the German people were exceedingly superstitious regarding the Hermann prophecy, and that even the Emperor, though ready for war at that time, feared to court a realization of the monk's prophetic vision.

The monk said that the second struggle between France and Germany would occur forty-three years after the first war. Forty-three years added to 1870 is 1913, but, the senator smiled, forty-three added to 1871, the year the Franco-Prussian war ended, is 1914.

Popular Wedding At Whitneyville Miss Olive Hare and Mr. P. W. Morton joined in Holy Wedlock

A very pretty, but quiet, wedding took place at Whitneyville, on Monday evening, July 19th, when Olive, the second daughter of Mr. and Mrs. John Hare, was united in the holy bonds of matrimony, to Mr. P. W. Morton, of Campbellton.

The ceremony was performed by the Rev. Mr. Richardson, of Newcastle, assisted by Rev. Mr. Allable. The bride, who was unattended looking charming in a dress of cream silk de chene. The wedding march was played by Mrs. Allable. A very dainty supper was served after which the happy couple left on the midnight express for Campbellton, where they will reside for the present, Mr. Morton being employed there. The bride's travelling dress was navy blue serge with a very pretty hat to match.

Miss Hare, who was one of Whitneyville's popular young ladies, will be greatly missed, but her many friends join in wishing her long life and happiness.

Newcastle friends of both Mr. and Mrs. Morton will wish them every success.

RUSSIANS SET LIMIT TO GERMAN ADVANCE SOUTH OF WARSAW London, July 23, 3.08 a. m.—Referring to the advance of the Teutons on Lublin, the Times' Petrograd correspondent says: "Military authorities now affirm that the seizure of the railroad line will not decide the issue, because it runs parallel with the Russian front and does not serve the purposes of transport. Even an advance northward along the line from Cholm as far as Wlodawa would not be regarded as a grave strategic menace, but beyond that point, on the way to Brest Litovsk there is no intention of permitting the foe to proceed. Now for the first time the Russians are able to operate in a region where strategic factors are in their favor."

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD Delicious "Fruit Laxative" can't harm tender little stomach, liver and bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

This is to certify that fourteen years ago I got the cords of my left wrist nearly severed, and was for about nine months that I had no use of my hand, and tried ointments, liniments, also doctors, and was receiving no benefit. By a persuasion from a friend I got MINARD'S LINIMENT and used one bottle which completely cured me, and have been using MINARD'S LINIMENT in my family ever since and find it the same as when I first used it, and would never be without it. SHOP IN YOUR OWN CITY FIRST This "Made in Canada" movement can be brought a little nearer home to each individual by emphasizing this suggestion: "Patronize the stores of your home town." Each man is entitled to spend his own money where it will buy the most—whether it be in Rome or Awa. But in fairness—Is it not wisdom before purchasing elsewhere to see what the stores of our own town have to offer? The prosperity of each of us is tied up with the prosperity of his neighbor. Acquaint yourself with what the stores of your own town are offering by reading the advertisements in The Union Advocate.
