Household Hints.

PROVERBS IN COOKERY.

Dod's lectures are full of little information that might properly be called culinary proverbs. Here are a few of them:

"A greenness in onions and potatoes renders them hard to digest. With a little salt put in warm water an hour before cooking."

"Only, kind of a stove with which preserve a uniform heat is a gas stove, or boil it at the same rate for minutes."

"Flour is not tested by its color. Good flour may not be the best. The good flour is by the amount of it absorbed."

"Cooking a fowl, to ascertain when it is done, put a skewer in the breast, and breast is tender the fowl is done."

"Dried or preserved cherries, when out, are the very best thing to garnish sweet dishes. Single cream is cream that has stood in milk twelve hours. It is best for coffee. Double cream stands on milk twenty-four hours, and cream butter frequently stands forty-eight hours. Cream that is to be whipped is not to be better cream, lest in whipping it change to butter."

"Beat the whites of eggs quickly, in a pinch of salt. The cooler the quicker they will froth. Salt and also freshens them. Boiling eggs hard put them in boiling water. It will prevent the yolk coloring black."

"You must never attempt to boil the skin of a clear soup in the stock, or it will always discolored the soup."

"In making any sauce put the butter in a bowl, and your sauce never be lumpy. Whenever you see your sauce boil on the sides of the pan you may know it is too thick, and your sauce is done."

"Boiled fowl with sauce, over which the yolk of eggs, is a magnificent dish for luncheon. Cold water is produced by combining two-thirds cold and one-third boiling water."

"To make macaroni tender, put it in cold water and bring it to a boil. It will then be much more tender than if it is into hot water or stewed in milk. The yolk of eggs binds the crust much better than the whites. Apply it to the eggs with a brush."

"Old potatoes may be freshened up by plunging them into cold water before cooking them. Never put a pudding that is to be steamed into anything else than a dry cloth."

"Never wash raisins that are to be used in sweet dishes. It will make the pudding heavy. To clean them wipe in a dry towel."

"To brown sugar for sauce or for puddings, put the sugar in a perfectly dry saucepan. If the pan is the least bit wet, the sugar will burn and you will spoil your saucepan."

"Cutlets and steaks may be fried as well as broiled, but they must be put in hot butter or lard. The grease is hot enough when it throws off a bluish smoke."

"The water used in mixing bread must be tepid hot. If it is too hot, the loaf will be full of holes."

"To boil potatoes successfully: When the skin breaks pour off the water and let them finish cooking in their own steam."

"In making a crust of any kind do not melt the lard in the flour. Melting will injure the crust."

"In boiling dumplings of any kind put them in the water one at a time. If they are put in together they will mix with each other."

AN AGNOSTIC.

"What does the word 'agnostic' mean?" asks one of our readers, who has been too much absorbed in other affairs to follow closely the course of philosophic thought and discussion. We presume he is not alone in his ignorance; for the word has often been used and rarely defined, and it is of later birth than the dictionaries and encyclopedias in common use. The word is made up of the Greek letter alpha (α) and the Greek word *gnostikos*. Thus the substantive "agnostic" means, literally, a knowledge. It is used, however, to define the position of those philosophers who claim that the human mind can know nothing but phenomena; that is, such manifestations of matter and of mind as may be studied by observation and experiment. They hold an entirely passive position as to the existence of God, neither denying nor affirming that He exists, but declaring that, as we can never know anything about Him through the evidence of the senses, it is useless to waste time in vain speculations having no other basis than faith. They call the Christian religion a delusion, human in its origin, like Mohammedanism and Buddhism. They profess to be seekers after the truth alone and to search with absolute honesty of thought discarding bias and dismissing fear. [N. Y. Times.]

Gilt-Edge Butter

There is always an active demand for butter that is up to the gilt-edge standard in quality and color. Much butter that is otherwise good sells at a reduction of from three to five cents per pound, because deficient in color. Dairy men should then use Wells, Richardson & Co's Perfected Butter Color to give a bright June color. This color is by far the brightest, purest and best made. Sold by druggists.

Is your throat sore, or are you annoyed by a constant cough? If so, use promptly "Bryan's Pulmonic Wafers." They will give you instant relief. They relieve the air passages of phlegm or mucus, and allay inflammation, and no safer remedy can be had for coughs, colds, or any complaint of the throat or lungs, and if taken in time their efficacy will soon be proved. Sold by all druggists and country dealers at 25 cents a box.

The best Salve in the world for Cuts, Bruises, Sores, Tetter, Chapped Hands, Chilblains, Corns, and all kinds of Skin eruptions. This Salve is guaranteed to give perfect satisfaction in every case or money refunded. Price 25 cents per box. For sale by F. Jordan, Goderich.

Cured of Drunkenness.
"A young friend of mine was cured of an insatiable thirst for liquor, that had so prostrated his system that he was unable to do any business. He was entirely cured by the use of Hop Bitters. It allayed all that burning thirst; took away the appetite for liquor; made him sober and steady man for more than two years, and has no desire to return to his cups, and I know of a number of others that have been cured of drinking by it."—From a leading R. R. Official, Chicago, Illinois.

New York Butter Market.
In reporting the market prices for butter, the New York Times, of May 20th, said, "Choice packages to the retail trade reach 19 to 20 cents, but light colored goods are hard to dispose of, and several lots were thought well sold at 8 to 10 cents. This stern logic of dollars and cents is a rapidly convincing dairyman that they should use the Perfected Butter Color made by Wells, Richardson & Co., Burlington, Vt.—It gives the perfect June color the year round and dairyman that use it never send light colored goods to market."

THE DAYS OF MISERY AND NIGHTS OF UNREST endured by the sufferer from a persistent cough soon sap the vitality of the system and wreck the constitution. Such a catastrophe can only be avoided by precautionary measures. Prevent the climax of a cough with Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphates of Lime and Soda—approved in professional quarters, and which is a combination of the purest and most salutary ingredients in perfect chemical harmony. Coughs, colds, croup, bronchitis, and other affections of the respiratory organs, are speedily relieved by it, and it has likewise proved to be a useful specific in scrofulous maladies. The loss of strength consequent upon being diseased is checked, and the flagging physical energies restored by its invigorating action. Phosphorus, the active principle of the hypophosphates, not only supplies the system with an important element of strength, but gives a healthful impetus to the circulation. The lime and soda also add to vigor of the frame. In wasting diseases of all kinds, this preparation can be depended upon to produce a beneficial effect. A fair, persistent trial, is all that is necessary to prove its potency, either as a pulmonary or general invigorant. For poverty of the blood, which is a sovereign remedy, promoting the acquisition of both strength and flesh. Prepared by Northrop & Lyman, Toronto, and sold by all druggists.

AS SURELY AS EFFECT FOLLOWS CAUSE so surely will disease eventually fasten itself upon a system deficient in vital energy. If tonic medication is not resorted to in time. The necessary tendency of a weak discharge of the functions of the body is to disorder its organs. Invigoration, prompt and thorough, is the only safeguard. Norenavant of depleted physical energy, no restorative of lost flesh, nerve power and cheerfulness, has more clearly demonstrated its efficacy than Northrop & Lyman's Quinine Wine. In this preparation, associated with the salutary medicines which forms its basis, is a pure sherry wine and certain aromatic constituents which imparts an agreeable taste to the article, and gives additional emphasis to its effects. In cases of general debility and dyspepsia it is invaluable and the desired effect is, in the vast majority of cases, remarkably prompt as well as decisive. That good natural appetite, which gives a relish for the coarsest fare, is insured by the use of the Quinine Wine, which also confers brain soothing and body refreshing sleep. Fever and ague and bilious remittent fever, are diseases to the eradication of which it is specially adapted; but it should be used only in the intervals between the seizures. The far-reaching effects of a good tonic, in all complaints involving loss of physical energy, are well understood by physicians, and the comprehensive influence for good of this preparation upon the system goes far to bear out the professional belief in the value of invigorants as opponents of disease. Be sure to ask for the "Quinine Wine" prepared by Northrop & Lyman, Toronto. Sold by all druggists.

WHAT THEY SAY OF IT.—A FEW FACTS FOR THE PEOPLE.—There are but few preparations of medicines which have withstood the impartial judgment of the people for any great length of time. One of these is Dr. Thomas' Electric Oil. Read the following and be convinced:—
"I have been afflicted with rheumatism for the last ten years, and have tried many remedies without any relief, until I tried Dr. Thomas' Electric Oil and since then have had no attack of it. I would recommend it to all." J. H. Earl, Hotel Keeper, West Sheffield, P. Q. writes, "I have been troubled with a liver complaint for several years, and have tried different medicines with little or no benefit, until I tried Dr. Thomas' Electric Oil, which gave me immediate relief, and I would say that I have used it since with the best effect. No one should be without it. I have tried it on my horses in case of cuts, wounds, etc., and think it is equally as good for horses as for man." A. Maynes, Merchant, Warkman, writes, "I have sold some hundred bottles of Electric Oil, and it is pronounced by the public, one of the best medicines they have ever used; it has done wonders in healing and relieving pain, sore throats, etc., and is worthy of the greatest confidence." Joseph P. Q. writes, "I have been troubled with a liver complaint for several years, and have tried different medicines with little or no benefit, until I tried Dr. Thomas' Electric Oil, which gave me immediate relief, and I would say that I have used it since with the best effect. No one should be without it. I have tried it on my horses in case of cuts, wounds, etc., and think it is equally as good for horses as for man." A. Maynes, Merchant, Warkman, writes, "I have sold some hundred bottles of Electric Oil, and it is pronounced by the public, one of the best medicines they have ever used; it has done wonders in healing and relieving pain, sore throats, etc., and is worthy of the greatest confidence." Joseph P. Q. writes, "I have been troubled with a liver complaint for several years, and have tried different medicines with little or no benefit, until I tried Dr. Thomas' Electric Oil, which gave me immediate relief, and I would say that I have used it since with the best effect. No one should be without it. I have tried it on my horses in case of cuts, wounds, etc., and think it is equally as good for horses as for man." A. Maynes, Merchant, Warkman, writes, "I have sold some hundred bottles of Electric Oil, and it is pronounced by the public, one of the best medicines they have ever used; it has done wonders in healing and relieving pain, sore throats, etc., and is worthy of the greatest confidence." Joseph P. Q. writes, "I have been troubled with a liver complaint for several years, and have tried different medicines with little or no benefit, until I tried Dr. Thomas' Electric Oil, which gave me immediate relief, and I would say that I have used it since with the best effect. No one should be without it. I have tried it on my horses in case of cuts, wounds, etc., and think it is equally as good for horses as for man." A. Maynes, Merchant, Warkman, writes, "I have sold some hundred bottles of Electric Oil, and it is pronounced by the public, one of the best medicines they have ever used; it has done wonders in healing and relieving pain, sore throats, etc., and is worthy of the greatest confidence."
