CHAPTER V. ON BOARD THE "OTHAR"—AT BELL ISLAND—A CHASE FOR A DINNER. The whistle of the steamer at the pier put an end to any further observations at Kelligrews, and we were all on board and as happy as larks in our new surroundings. Every turn presented scenes of interest. First, there was Kelly's Island, noted for its building stone. From this island the material for the construction of the Roman Catholic Cathedral was quarried and also the stone used for the construction of George Street Methodist Church. Next there was Little Bell Island, noted as the spot where, a century or more ago, Mr. Earle built a fort and mounted it with several cannon, and also noted as a hiding place for pirate booty. Then there was the water between these two islands, at the bottom of which has lain for a century and a half the timbers of the Spanish pirate which had pillaged this body, but preferring death to capture, fired her magazines and went to bottom. All these events added to the interest of the trip from Kelligrews to the island, and with a clear sky and smooth water seemed to have struck the millennium before its dawn.

The Wizard Who Ends All Corns... Some years ago a chemist invented the now famous B & B wax. To apply it we invented the Blue-jay plaster. Since then, fifty million copies have been added forever by this little application. It is applied in a jiffy. The pain instantly ends. Then the B & B wax gently loosens the corn. In two days the whole corn, root and all, comes out. No soreness, no discomfort. You simply forget the corn. Why pare corns when this thing is possible? Paring simply removes the top layers. It is exceedingly dangerous, for a slip of the blade may mean infection. Why trifle with corns—treat them over and over—when a Blue-jay removes them completely, and in 48 hours. Prove it today. A in the picture is the soft B & B wax. It loosens the corn in the picture is the corn, stopping the pain at once. C wraps around the toe. It is narrowed to be comfortable. D is rubber adhesive to fasten the plaster.

At the Casino.

An appreciative audience greeted the Selman Company at the Casino Theatre last night, in the reproduction of the "Temple of Solomon." The play in itself was brimful of comedy, well staged and thoroughly enjoyed by the audience. Miss Gertrude Aron and Joseph Selman, their portrayals of Mrs. Temple and the "prince of liars," respectively, were inimitable. The rest of the performers were excellent and received well merited applause for their work.

Ramea Notes.

Dear Sir,—I ask you, please, for a little space in your paper, as a record of our concert on Easter Monday night, at the R. C. School. It was certainly a great success. Every minute of the stage took their part, and the concert closed at 10.30 with the singing of God Save the King. Mr. Geo. Penney opened and they are also installing a 12 H. P. engine in the stage, which is an experiment for fishing off the shore here. We are looking forward daily to have the end of the telegraph cable as we will be connected by telegraph. Yours truly, CORRESPONDENT.

Was Not An Advanced Case.

Editor Evening Telegram. Dear Sir.—An item appeared in the Evening Chronicle concerning a girl in George Street who died of scarlet fever. The child referred to was attended by Dr. Campbell for two weeks, during which time she was quarantined. The Health Officer visited her several times, therefore her case could not be in an advanced stage shortly after the death which visited her. Thanking you for space, I remain, yours truly, JOHN SURREY.

OBITUARY.

The death of Mrs. Wm. Moore, 35 Springdale Street, took place yesterday very suddenly, death being due to heart failure. The deceased lady had been in poor health for some months, but was able to be around the house and assist with her household duties. She retired Thursday night about 10 o'clock in her usual health, and yesterday morning when her husband awoke he was shocked to find his wife dead beside him. Mrs. Moore was born at Freshwater, Conception Bay, and was married to William Moore about 42 years ago, during most of that time they had resided at Carville, Trinity Bay, coming to St. John's 3 years ago. Besides her husband she leaves 4 sons, Wm., Alan, Albert and George, to mourn the loss of a kind and affectionate mother. For many years the deceased was an active and consistent member of the Salvation Army. Her funeral will take place on Sunday, at 2.30 p.m., with full Army honours. The bereaved family will have the sympathy of their many friends in their sudden bereavement.

The Socialist Movement.

BY ANDANTINO. I.—INTRODUCTION. It is the age of the Social question, and it is an unmistakable sign of Social progress, when millions of people, in all lands and of all conditions, are trying to discover what is right and what is wrong in Social conduct and to reach some consistency between their Social condition and their Social ideals. And it is not by accident that the Social question is most conspicuous in the most prosperous and best educated countries. It is one expression of prosperity and education. There is no Social question in Turkey or Egypt. The problem of Social justice does not grow out of the worst social conditions, but out of the best; it is not a work of social decadence, but of social vitality. It is one expression of popular education, intellectual liberty and quickened sentiments of sympathy and love, and there can be nothing but good in the end to come from an agitation which fundamentally represents a renaissance of moral responsibility.

Here and There.

It is inevitable that I should quote largely from Socialistic literature, and in many cases without reference, and perhaps it will be better so, in order that I may sometimes condense the quotation. Later on I shall refer to the reader to the books from which I glean, and hope I shall have given him or her such an interest in the Socialist movement that the books may be procured and read in full. It is hardly necessary to notice the two articles which have appeared from April 12 in the Herald. Most of the facts he states are so utterly false and absolutely untrue that it is hardly conceivable that anyone would write on such a subject without first studying it or even reading of it in any of the Encyclopaedias. He describes an Anarchist and falls to see that Socialism is the very opposite of Anarchism. The lecturer of a month ago admitted that the ultimate aim of Socialism was good but because in some details all Socialists do not agree he deduces that they do not know what they want, and consequently the whole fabric of Socialism is worthless. Now I can imagine someone getting up and contrasting the various creeds of Christendom—some hundred or more out to the logical conclusion that the learned lecturer did, pronouncing that there are so many ways of getting to Heaven and so many diverse opinions on the matter that he would not recommend Religion at all! And he would be no more right than the learned lecturer.

The fact that so many branches of the Church of Christ have sprung up does not falsify its First Principles, and the Principles of Socialism are too much in line with God's plan of a world wide kingdom of righteousness to be falsified by the existence of the Church of Christ.

The two great commands which Christ gave are "Love the Lord thy God with all thy heart and thy neighbour as thyself." Now the Socialist claims that the economic or industrial system of the day ignores the command altogether.

Burned With Lye.

Zam-Buk Brought Him Relief. Geo. T. Ryall, 542 10th Ave., E., Vancouver, while employed at a soap works had his foot badly burned in caustic lye. He says: "After three months of ineffectual treatment by doctors, the burn was still an open sore, so I tried Zam-Buk. "From the very first application this balm brought me relief. The inflammation and poison were drawn from the wound. Then healing commenced. "In a short time new healthy flesh filled in the wound, and my foot was quite sound again. I have proved Zam-Buk for other wounds and injuries, and in my estimation it is the finest healer in existence."

Wedding Bells.

A pretty wedding took place at the residence of Mr. Fredk. Rose, Brazil's Square, Thursday evening, the contracting parties being Mr. J. M. Crummett and Miss Mrs. B. Rose, both of Western Bay. The ceremony was performed by Rev. J. W. Bartlett, and the bride was given away by Mr. F. Rose. The groom was assisted by Mr. Herbert Sillars and the bride by Mrs. H. Sillars, sister of the groom. The bride looked charming in a suit of cream silk. A sumptuous wedding supper was partaken of after the ceremony. The happy couple, who will reside on "Abot Street, were the recipients of many congratulations. The Telegram extends congratulations.
