## The New Organ at St. Andrew's.

Last evening the formal opening of the new organ at St. Andrew's Church took place, when a grand recital was held. There was a large gathering including the Governor, Lady Davidson and Miss Davidson. The programme was as follows:  
Organ Solo—Legend, W. G. Alcock.  
Organ Solo—Sonata in C sharp minor, Basil Harwood. (Allegro appassionato, Andante, Finale).  
Cantata—"Ode to Music," Parry.  
Organ Solo—Allegretto in G, C. G. Cover.

Organ Solo—Concert Overture in C minor, Hollins.  
Vocal Solo—"Our Help in Ages Past," Ivor Novello, Mrs. P. J. King.  
Offertory Hymn.  
Organ Solo—(a) Spring Song, Lehar; (b) Caprice, Wolstenholme.  
Organ Solo—Fantasia and Toccata in D minor, Stanford.  
Anthem—"Blessing, Glory, Wisdom and Thanks," Tours.  
Mrs. King, the soloist, excelled all previous efforts since appearing in this city. Mr. F. J. King, the organist, manipulated the beautiful instrument in a manner that proved his skill as a musician. Parry's Ode by the choir, was splendidly rendered. The congregation desire to express their

thanks to Messrs. Luckin and Gooch representing the firm of Norman and Beard, of Norwich and London. The organ which is the first to contain the stop system and the specifications have been so faithfully carried out, that each stop possesses an individual tone color that gives the organist the opportunity of endless variety. There are three manuals and pedals, solo stops usually found on a fourth manual incorporated in the choir and swell organs. There are 106 mechanical movements including stops, pistons, composition pedals, etc., in the console, not including manuals and pedal board. The stop control system was thoroughly explained to the organist by the firm's representative,

Mr. Luckin. The instrument is the largest and most up to date of any in this country.  
**THE QUICKEST TRIP ON RECORD**  
—Yesterday's date, March 20th, 1901, the S. S. Southern Cross, Capt. Darius Blandford, arrived from the seal fishery, having on board 26,563 prime young seals, valued at \$29,225.55, the crew sharing \$43.49. This was her first trip to the seal fishery, sailing from St. John's, March 9th, she was back in Harbor Grace within 11 days, thus making the quickest trip on record. Mr. Walter Edgar, of this city, was a passenger.

## Prizes.

The prizes won at the exhibition and race on St. Patrick's Day, are being awarded to-day. The total prize value given this winter aggregate well up for \$200. Nearly two hundred dollars of useful prizes have gone into the homes of the different horsemen. In connection with Friday's exhibition of last week, regret must be expressed that owing to an accident during training, Mr. P. Kavanagh's fine horse was unable to be there. Mr. Kavanagh's horse being well gated, and having quite a "lick" of speed would have added greatly to the speed contest.

## Cape Report.

## SEALING REPORTS.

### Official.

Yesterday's easterly storm was severely felt on the sealing grounds as well as in the city, and in consequence operations were hindered to a large extent as shown in the following news received. Last night Messrs. Bowring Bros., Ltd., received these messages:  
Eagle—Blowing a gale from the eastward; ice tight; ship jammed; ice now rafting; not dangerous; total stowed 9,000.  
Terra Nova—Position 70 miles S.E. half E. Northern Grouse Islands; 1,000 to-day; working ahead; ice very heavy; prospects good.  
Florizel—Very stormy day; had getting along, total stowed 15,700; 2,000 on deck; 50 flags still on the ice; all well.  
Ranger—Fifteen miles W.N.W. of Bryon Island; ice tight; ship jammed; light ice as far as can be seen; first sign of old harps; no sign of blood on ice; Diana, Seal and Viking in sight.  
Capt George Barbour wired the following to Messrs. Job Bros., Ltd.:  
Neptune—Too stormy for men to be on the ice to-day.  
Messrs. Jas. Baird, Ltd., had a message from the Erik to the effect that she had 4,000 seals on board.

## Curliana

### "Trophy Night."

Tuesday Evening Next, 28th Inst. On Tuesday evening next, the 28th inst., the prizes so well won during the season both by Divisions and private Curliers will be presented by the President to the respective winners. A special feature of the evening will be the musical portion, between the presentations, a short but excellent programme has been prepared by curlier F. V. Chesman and about 9.15 p.m. the Comrade's Glee Club, who drew the port so well in the College Hall, has volunteered to entertain the Curliers in their parlour with their best selections. The Curliers are looking forward to an excellent evening. The season has been one of the best, and Tuesday evening next should be a very happy one.

May favouring Fortune aye befriended ye.

## Salvia Hair Tonic Makes Hair Grow

Ladies should have radiant hair. There are thousands of women with harsh, faded, characterless hair, who do not try to improve it.  
In England and Paris women take pride in having beautiful hair. Every Canadian woman can have lustrous and luxuriant hair by using SALVIA, the Great American Sage Hair Tonic. SALVIA is a beautiful, pleasant, non-sticky Hair Tonic. 50c. a bottle.

## Amusements.

### BRITISH THEATRE.

A thoroughly enjoyable program was shown at the British last night and the pictures were highly praised by all who attended. The two-reel picture "The Treason of Ananole" is a beautiful story of how an old man gave his life to pay a debt of gratitude. Murdoch Macquarrie, who is a great favorite, appeared in a most pathetic and novel feature entitled "As we Journey Through Life." The other pictures which included a pretty and humorous juvenile drama with little Billie Jacobs, were especially good. To-morrow two big episodes of "The Black Box" and a roaring comedy with Billie Ritchie are the attractions and will no doubt be greeted by crowded audiences.

### LARGE AUDIENCES AT NICKEL THEATRE.

Large audiences were at the Nickel Theatre yesterday afternoon and last evening and all were highly delighted with the pictures and music. The "Who Pays," the twelfth instalment of which was shown was a most impressive film. It is entitled "Toil and Tranny." "The Cromgrene Ruby" is a nautical detective story and was admitted to be one of the best ever seen at the Nickel. "The Silent Witness" is a pleasing Vitagraph comedy with Lillian Walker in the leading character. The comedy was a very laughable one. This evening the programme will be repeated, and to-morrow there will be a big holiday bill which no one should miss.

Don't delay. Get Hamilton's Pills to-day; they go to work at once and give prompt results. Mild, efficient, safe for men and women or children. Get a 25c. box to-day from any dealer.

## In Aid of Red Cross.

### Mr. Thompson Gives Illustrated Lecture on Serbia and Montenegro.

We would advise all who possibly can, to attend the Illustrated Lecture on Serbia and Montenegro, which Mr. Thompson is generously giving to-morrow night at the Grenfell Hall, to aid the Red Cross Work of Newfoundland. Having travelled throughout these countries at the same time photographing the scenes he passed through, he is able to give a most realistic picture, both in words and by means of the many beautiful colored slides he has prepared. We shall have outlined the checkered history of these Balkan States; we shall be shown the picturesque beauty of the land before it was devastated by the hordes of Austrians and Bulgarians. We sincerely hope that we shall soon be tracing the steady advance of the Allies' forces from Salonika, as they force these barbarians to retreat back over the land they have so desolated to the gates of Belgrade and beyond.

Added to this we shall be shown views taken by Dr. Macpherson, of Madros, the first place that gave sheltered safety to the 1st Mid. Regiment after it so successfully evacuated Suvla; the place where our wounded and sick were hurried for care and attendance, a place that every Newfoundland will always remember with gratitude. This care could only be extended to them by means of the Red Cross Society of Britain, to aid a branch of which, the Newfoundland Branch, this lecture is being so generously given. A further notice of this lecture will be found in another column of this evening's paper.

It may not be generally known that "The British Red Cross Society" was formed on July 17th, 1905, under the presidency of Queen Alexandra by the Union of the St. John Ambulance Association, the National Aid Society, and two other societies, all working to aid the sick and wounded. It was thought that better results would follow if, while each kept its own identity, they worked under one name.

The British Red Cross Society is represented in Newfoundland by the St. John Ambulance Branch. At the beginning of this great war the Nursing Divisions of the St. John Ambulance Brigade offered to undertake the Red Cross work in connection with the W. P. A. With a number of trained nurses, whose help and advice has been indispensable, they formed the Hospital Branch of the W. P. A. It is to help this Branch the above lecture is being given.

## What Are You Doing for that Eczema?

"Nothing; I've about given up trying to cure it."

"That is not wise. Do as I did and you will probably be cured in a short time. I used Zylex and Zylex Soap with it and my Eczema began to improve at once. A couple of boxes cured. You can get Zylex at your druggists."

Zylex, 50c. a box; Zylex Soap, 25c. a cake.
