## About Pictures and their correct framing.

The art of Picture-framing is a more intricate one than is generally understood. It is not merely the making of a frame, but the selection of suitable Mouldings for the many different subjects, as pictures that are undoubtedly beautiful are often spoiled by unsuitable framing.

† We have for many years made Picture-framing a special feature.

† We have workshops fitted with the most modern appliances for their framing.

† We have men who understand perfectly what Mouldings are needed to throw up their beauty.

† We have the largest stock of Mouldings in the city, and—

† We are prepared to carry out promptly and with complete satisfaction all orders received by us.
