Urban Stock Company

Present "The Dummy" at Casino. The production staged at the Casino Theatre by the Urban Stock Company last night was "The Dummy," a detective play that would please almost any audience as it was not exaggerated in any way and contained a liberal supply of comedy as well as a fair share of drama which was readily occeptable. Miss Mary Newton added resh laurels as she appeared in a pleasing role to which she did full justice, whilst Mr. Albert Patterson, the versatile leading man, was all that could be desired. The role of "The Dummy" was impersonated by Miss Dot Karroll whose rough boy interpretations were most realistic and created much amusement. Mr. Frank Urban supplied the usual laughs. Messrs. Hargraves, Martin, Green and Cairns were particularly good in their effective roles. Miss Crete Chadwick and Miss Ernstine De Mellows appeared in unusual roles and greatly added to the interest of the piece. The scenes in this play were laid in New York and in the Catskill Mountains, thus providing plenty of variety. This afternoon there will be the usual big Saturday matinee for the young
