

What is Carnol and what will it do?

Carnol is a pleasant-tasting preparation, composed of Glycerophosphate of Calcium, Iron, and Potassium, and is a combination of the soluble nutritive properties of Fresh Beef and Cod Liver Oil. It is commonly called "Blood Salt" and is the world over, and recognized by scientists as positively the best food and nerve invigorator yet discovered. The Fresh Beef stimulates and nourishes the system, and supplies it with the vitamins so necessary in all run-down conditions. Cod Liver Oil, the alkaloid of nutritive elements only, with all the best taste of cod liver oil removed, is also one of the ingredients of Carnol. Cod Liver Oil is not only a food and a flesh builder, fortifying the body against all kinds of disease, but is a specific for the germ of consumption and helps to check and destroy it. Carnol is not a "hit and miss" preparation but is made from the prescription of a leading conservative physician, who ranks high in his profession. Any doctor will have to admit that the ingredients used in Carnol are the finest of their kind, and for this very reason many physicians prescribe Carnol in their practice. In all cases of Anemia, Consumption, Nervousness, Neurasthenia, Rickets, general among children, chronic bronchitis, general feebleness, impoverished blood and in all run-down conditions, Carnol is the ideal remedy. Carnol provides food for the nerves and food for the body, increases weight and builds up the whole system. Disease is of slow growth—it does not start in a day or does it stop in a day. Therefore to get the best results from Carnol, a "Course of Carnol" should be taken.

Carnol is sold by all good druggists everywhere.

RETURN DEFERRED.

PARIS, Nov. 14.

The Allied Council of Ambassadors failed to consider at its meeting today the question of what action should be taken in connection with the return of the Crown Prince to Germany and as to Germany's attitude toward the resumption of Allied military control. It is understood that the Council avoided mentioning any one of these burning questions because the Allies were not in accord on proper course of action. France bringing strong pressure to bear on Great Britain looking to joint action for the expulsion of the former Crown Prince from Germany. No action will be taken until the Cabinet has examined the problem from all angles in the light of Premier MacDonald's latest overtures.

COOPERATION BETWEEN LIBERALS AND LABOUR WOULD DEFEAT PROTECTIONISTS.

LONDON, Nov. 15.

Leading Premier Baldwin's further position of his Protectionist Policy, which will be made in the course of debate on Labor's motion in Commons to-morrow, political interest is wholly absorbed in active preparations in various constituencies for the sharp election campaign. There is evident misgiving and nervousness among members of the Conservative Party generally contrasted with the enthusiasm evident in Liberal and Labor ranks. If re-united Liberal and Labor parties could be induced to co-operate, there is a general belief that Protectionists would be defeated. The Labor Party, however, has consistently refused to co-operate and, as a consequence, the Liberals are fighting laborites and which gives seats to laborites on minority votes. The springing parliament was elected on minority vote of the electorate for this reason. The Liberal press is making appeals to Labor leaders to agree to some sort of election concordat on the ground that Liberals and Labor have equal interest in defeating Protectionism.

Having no details of Premier Baldwin's plans, the opponents are concentrating their oratory on suddenness of his conversion to protection and the fact that many of the biggest trades, shipping, mining, engineering, and cotton industries which, it is said, constitute ninety per cent. of the total unemployed, cannot possibly bene-

fit from a tariff on foreign manufactures. Ex-Premier Asquith speaking at Walsall to-night said, "This dissolution is the worst example I have known of political pusillanimity and cynicism." Winston Churchill in a statement to the Press, makes a similar slashing attack, while Lloyd George will open the campaign at Northampton Saturday. To-day's Cabinet Council gave a final approval of the Government proposals for satisfying the agricultural interests in view of the fact that it has been decided to place no tariff on meat or wheat. The proposals take the shape of a subsidy of one pound per acre for all arable lands, subject to the condition that a minimum wage of thirty shillings per week shall be paid to agricultural laborers. It is estimated that this subsidy will cost the Government eleven million pounds annually, but it is considered prob-

We Enlarge Snapshots

Haven't you dozens of Snaps you've taken of which you've said, "I'd like to get an enlargement of that?" Well why not do it? able that this will fail to appease the farmers.

MANY WOMEN WILL CONTEST DISTRICTS.

LONDON, Nov. 14.

One of the outstanding features of the election will be the number of women candidates. As yet it is too early to give anything like a complete list but it is estimated that between thirty and forty women will seek admission to the House of Commons. Lady Astor will again appeal to her Plymouth electorate and Mrs. Wintringham will ask Louth constituency to return her. It is less certain that the third woman at present in House, Mrs. Phillipson, will contest her seat in Berwick. It is expected she will retire in favor of her husband whom she was chosen to succeed when he was unseated. Miss Williams, daughter of Asquith, will probably be the youngest woman candidate. She is twenty-seven. The fate of Lady Warwick in a bye-election has now been postponed until the general election. In the meantime, she and her opponent in Leamington continue their campaign.

BANDITS KILL TWO BANK MESSENGERS AND SEIZE \$43,000.

NEW YORK, Nov. 14.

Two bandits shot and killed two bank messengers in the subway station at Fifty-fifth Street and New Utrecht Avenue, Brooklyn this morning and escaped with forty three thousand dollars.

RUHR AND RHINELAND MUST SHIFT FOR THEMSELVES.

BERLIN, Nov. 15.

After Nov. 25th Germany no longer will be able to meet the drain upon her Exchequer for payment of unemployment doles in the Ruhr and the Rhineland, and will then be left to shift for themselves. This statement was made at official quarters here to-night.

GERMANY CEASES PAYMENT OF REPARATIONS.

LONDON, Nov. 15.

Complete cessation of every kind of reparation payment by Germany was semi-officially announced to-night, according to despatches to Central News from Berlin. This action was taken on the ground that the Treaty of Versailles had been violated by France, and that therefore it could not be observed by Germany.

Obituary.

Mrs. J. H. Bagg of this city received a wire to-day, advising her of the death of her brother, Charles Roberts, who died suddenly at Toronto, yesterday. The deceased was a native of Brigus, Conception Bay, and has been a resident of Toronto for the past thirty-five years, during which time he has visited his homeland on two occasions. He leaves to mourn him a wife and four children, residing in Toronto six brothers and two sisters: Dr. M. C. Roberts, now in Vienna; John and John, in Toronto; Dr. Will, Nathan and Job, of this city, and Mrs. John LeDrew, of St. John's, who is now on a visit in Toronto.

Star Ladies' Association

ELECTION OF OFFICERS HELD.

The annual meeting and election of officers of the Star Ladies' Association took place last night. Mr. W. H. Jackson, President of the Society, and members of the Executive were present and addressed the ladies pleading co-operation during the coming year. The election of officers resulted as follows:

President—Mrs. C. Buckley.
Vice-President—Mrs. W. Cullen.
Treasurer—Miss B. Squires.
Secretary—Miss A. Buckley.
The newly elected officers will select an Executive Committee before the next meeting. At the conclusion of the business an informal "At Home" was held, which proved very enjoyable, the Star Jazz Orchestra supplying the music.

Diamond Dyes

Each 15 cent package of "Diamond Dyes" contains directions to enable any woman can dye or tint any old, worn, faded thing new, even if she has never dyed before. Choose any color at drug store.

The Public Payroll

The high cost of government in the United States is demonstrated by figures compiled by the National Industrial Conference Board, which is making a survey of taxation including the relation of the public payroll thereto. According to the Board's preliminary figures, \$400,000,000 persons are now on the payrolls of the Federal Government, states and the municipalities or other public bodies. This means that out of every 12 persons over 16 years of age who are wage or salary earners, one is drawing recompense from a public payroll. The amount paid in wages from these public payrolls is \$3,329,000,000 a year, which is calculated by the Board as representing an annual cost of \$31 per year to every person in the United States over 16 years of age who is receiving salary or wages. In other words, the tax-paying class in the United States is required to pay \$31 per year per capita merely for the salaries of persons who are on the public payroll.

Equally impressive is the Board's assertion that the amount paid to public employees equals 46 per cent. of the sum paid in wages to the employees of all factories in the United States producing more than \$5,000 worth of goods per year. One who stated a non-productive class in the United States is drawing almost half as much money for its services as a much larger class whose work is largely the basis of United States national wealth and prosperity.—Financial Post.
