**DYSPEPSIA AND INDIGESTION.**

C. W. Snow & Co., Syracuse, N. Y., write: "Please send us ten gross of Pills. We are selling more of Parmelee's Pills than any other Pills we keep. They have a great reputation for the cure of Dyspepsia and Liver Complaint." Mr. Chas. A. Smith, Lindsay, writes: "Parmelee's Pills are an excellent medicine. My sister has been troubled with severe headache, but these pills have cured her."

At this season the thoughts turn lightly to love, is an old sentiment. A man or a woman in love naturally gives much attention to the details of dress. No matter how well a woman may be gowned, if her shoes are ill-fitting or shabby, she is dowdy in the eye of men of taste. The same is true of the sterner sex, and it has been said that a man with good shoes, clean linen and a pair of gloves, could bid defiance to the world. Cook can fit you on the shoe question, and perhaps that is the one thing wanting to make you who read happy for life.

—Petrolia firemen picnic at Port Stanley tomorrow.

—The postponed concert of the Seventh Fusiliers Band will be held this (Friday) evening, weather permitting.

—Malcolm McKellar, a young Komoka man, has been committed for trial by Justice J. W. Smith on a charge of hitting James Brown's finger. The finger will probably have to be amputated.

—About \$40 worth of damage was done by fire yesterday in the third story of Collett's old hotel, corner of Burwell street and Hamilton road. It is supposed to have originated from a coal oil stove.

—Springbank is becoming a great picnic ground for outsiders as well as for citizens. A large crowd from Crumlin picnicked there the other day, and yesterday the Sunday schools of Thamesford enjoyed themselves there. They left the city via the steamer Thames.

—The estate left by the late Mr. Geo. McNab is valued at \$50,000, of which the only realty is his late residence. By his will Mr. McNab left a handsome bequest to his mother, the remainder to his wife and children. Mr. George C. Gibbons, his late partner, and a warm personal friend of the deceased, was made sole executor.

—The London and Port Stanley Railway Board held a short session yesterday afternoon for the purpose of receiving plans and specifications for the new bridge over Kettle Creek and Mill Creek. A large bundle of applications were on hand, but were referred to a sub-committee, consisting of Engineers De Gurse and Graydon, and Secretary Kingston, to consider and report back to the board. Auditor Jewell's report on the expenditure for repairs to the road, and which is to be deducted from the first rental, was filed. Members present: Mayor Little, Messrs. Wm. Bowman, Frank Leonard and Moses Masurek, Frank Leonard, O'Meara, Parnell and W. Heaman, Engineers De Gurse and Graydon, Superintendent Woollett and Secretary Kingston.

—The pupils at the Collegiate Institute yesterday decided that Mr. J. O'Grady was the most popular pupil in attendance at that institution. Voting was by ballot and was conducted in the rooms of the institute, Mr. A. O'Grady, one of the members of the Board of Education, being the returning officer. The trustees in attendance beside were Messrs. D. W. Blackwell, Sanders, Griffin, Joseph, Buchner and Stephenson. The lower school had an attendance of 199 and the upper school 259. Of this number one refused to vote, one cast a blank, and two ballots were spoiled. The winner polled 54, and the next three had the following vote: James Little 44, S. K. McEvoy 34, Lucy Southern 31. Other votes ranged all the way from one to eighteen. Mr. O'Grady was a prime favorite with the young men attending the institute, and it is largely due to this fact that he can attribute his success in the contest, and he can thank them for being able to possess the Robinson medal.

**DIED FROM GRIEF.**

Mrs. A. Grant, of Biddulph, mother of Mr. W. J. Grant, of Parkhill, who was committed to Central Prison last week for six months, for stealing \$5,000 belonging to the Bank of Commerce, died soon after learning of her son's sentence, and was buried at Granton cemetery the other day.

**AT THE "Y" ROOMS.**

At the regular semi-monthly meeting of the Y. W. C. T. U. a thank offering was taken, as it was the 100th meeting. A Bible reading on "Christ, our Example," was very helpful, and the monthly reports were encouraging. The total attendance at the rooms for May was 1,356, of which 794 attended during the day, 562 in the evening, and 448 were present at lunch hour. The Bible class met twice during the month, and will probably discontinue its meetings during the summer. The club-swinging and drill class held two meetings early in the month and disbanded until cooler weather. The art class has met regularly every Thursday evening, with a good attendance. The choral class holds interesting meetings every Saturday evening. Mr. Colt, of the London Short-hand School, having kindly offered to teach members of the Y. W. C. A. free, a class is in process of formation, and will hold its meetings on Tuesday evenings. At the usual literary evening an article on Canadian poets was read and discussed. Instead of the usual monthly reception, a concert in aid of Summerholm was given. Mrs. Boomer favored the members on Saturday evening with a continuation of her talks on travels in other lands. Her graphic descriptions of places and people were greatly enjoyed. After the reports were received, the chief subject of discussion was how to procure funds to carry on the work of the association, which has proved so helpful to the young women of the city, and it was decided to make an urgent appeal to the public, feeling assured that there are many who would respond when reminded of the needs of the work.
