LOCKJAW CURE FOUND AT LAST

The Dread Disease Mastered by a Chicago Professor, Who Saves Boy's Life.

Chicago, Aug. 19.—A cure for lockjaw, feared from the time of Hippocrates, and regarded by modern physicians as one of the most deadly of diseases, has been discovered by Dr. S. A. Mathews, of the University of Chicago, and has been successfully used in treating George Newman, son of J. M. Newman, 9716 Exchange avenue, South Chicago.

Dr. Mathews' method of treatment is the injection of a solution of calcium and potassium salts. This injunction was given young Newman a week ago while he was suffering from extremely severe tetanus spasms, and the lad is now declared to be well on the way to health.

Dr. Mathews, a former student of Prof. Jacques Loeb, has been seeking for months to find a cure for tetanus—something which would stimulate the organs of the body sufficiently to cause them to throw off the poison. When he had found a solution which would produce the desired effect in animals, he longed for a chance to try it on a human being. The chance came when the scientist was called upon to attempt the cure of young Newman after the doctor had failed.

While the boy was playing with a bicycle at his home on July 15 he injured his foot severely. Dr. Alfred Hartman, 9151 Houston avenue, was called to dress the wound, and for some days the patient seemed to be recovering.

The symptoms of lockjaw, however, began to appear on July 26 and the boy rapidly became worse. Nine of the best physicians in South Chicago were called in, but they could do nothing, and Dr. Newman advised that Dr. Mathews be sent for.

Last Tuesday, when the disease had reached the last stage and the characteristic spasms had set in, Dr. Mathews made an intravenous injection of his solution in the lower arm in three places. Two more injections were made the following day. Little improvement was to be seen, the boy's pulse was 144, and Dr. Mathews went home with little hope.

Before morning, however, the watchers at the bedside began to feel a little encouragement, for the tetanus paroxysms relaxed and the patient's pulse went down to 104. Another injection was given last Thursday and none has been needed since. Young Newman has continued steadily to improve and is now pronounced practically cured.

The new cure is a diuretic. The problem which Dr. Mathews has worked out is to get the proper combination of salts to bring about the effect desired. Now that it has been found the doctors say that the same principle can be applied to the cure of snakebites, blood poisoning and other diseases, caused by toxins in the body. The tetanus poison is said to be the most virulent known.

The deadly character of lockjaw is shown by the statistics of deaths resulting from 4th of July injuries. Twenty persons have died in Chicago from this cause since Independence Day, while 175 are reported to have died in the United States. A doctor asserted yesterday that but one or two cases had been cured in Cook county in the last five years.

AN ABSENTEE TREASURER

Botsford, of Port Huron, Located in Midland.

Port Huron, Mich., Aug. 19.—A writ in a suit for $166,000 has been issued at the instance of Hanna, McCarthy & Lesueur, barristers, of Sarnia, against J. E. Botsford, the absentee treasurer of the Columbia Iron Works, of St. Clair, Mich., which recently assigned with liabilities of $368,600. Mr. Botsford is defendant in proceedings in the Michigan courts, but has been in Canada, and service could not be secured upon him. The writ in the action in the Canadian court was issued on Friday from the office of the local registrar of the high court, the defendants being the Columbia Iron Works Company, J. E. Botsford, F. D. Jenks and C. O. Duncan, of Port Huron. Yesterday Mr. Botsford was located at Midland, and served with the writ. The plaintiff is the State Savings Bank, of Detroit, and the suit is upon four promissory notes of $25,000, amounting with interest to $102,412. The Columbia Iron Works is a steel shipbuilding plant at St. Clair, Mich., and was started eighteen months ago to build grain carriers for the upper lake trade.

Of some "deadly parallels" it may be said that they "lie" side by side.

After one has read a few articles concerning food adulteration one begins to hope that some of the poisons put into food are adulterated and have something wholesome in them.

TO KNOW IS TO PREVENT.—If the miners who work in cold water most of the day would rub their feet and legs with Dr. Thomas' Eclectric Oil, they would escape muscular rheumatism and render their nether limbs proof against the ill effects of exposure to the cold. Those setting out for mining regions would do well to provide themselves with a supply before starting.

I. O. FORESTERS IN CONVENTION

The Central Ontario High Court in Session at Barrie—Ranger's Report.

Barrie, Aug. 19.—The seventh annual meeting of High Court of Central Ontario of the Independent Order of Foresters opened at Barrie yesterday afternoon, Mr. E. J. Hearn, of Toronto, the high chief ranger, presiding. The attendance numbered about 300. The delegates were cordially welcomed to Barrie by Mayor Boys and Ald. Berwick, who granted the freedom of the beautiful town and invited them to a moonlight excursion on Kempenfeldt Bay in the evening. The high chief ranger's annual address was then read, showing an active and successful year's work on behalf of the high court. There had been 2,216 applications for membership, which is a substantial increase over last year's; 275 were rejected. The increase in the high court membership for the year was 1,113, an increase of 378 over last year's gain. The total membership on June 30 last was 13,711. The treasurer's report showed a surplus of $2,017, a decrease of $700, which is explained by the fact that the appropriations for organization were unusually liberal. Reference was made to the splendid standing of the order, with its reserve funds, on July 1, of $6,663,165 77, an increase of $1,008,499 74 during the year, and a surplus on Aug. 1 in the reserve fund of $6,777,557 57, and a total membership of 213,288. The high chief ranger's report favored the creation of a new high court, taking in all the subordinate courts from North Bay, inclusive, to the southern boundary of Manitoba, and Bro. Hearn read a letter from the supreme chief ranger approving of the suggestion for a high court for New Ontario. He also recommended that the cross and jewel of the grand legion of honor of the order be conferred on Bro. George L. Wilson, P. H. C. R.

The H. C. R.'s report was referred to the committee, and the balance of the afternoon session was occupied with routine work. Today the next place of meeting will be decided on and officers elected. A motion to consider a proposition to hold biennial sessions instead of annual meetings was voted down. Dr. Oronhyatekha, supreme chief ranger, arrived during the afternoon, and addressed the chief court gathering in his usual felicitous manner. In response to a suggestion the delegates contributed liberally to a collection for the Foresters' band.

AFTER MANY YEARS

Wealthy American Merchant Charged With Murder.

Crawfordsville, Ind., Aug. 19. —Jas. L. Meyers, who came to Darlington, near here, to attend a family reunion, was arrested Monday night for a murder committed 28 years ago. Meyers killed Brant Sloan during a quarrel and immediately left. He remained away until yesterday. Meyers is now a prosperous lumberman in Tennessee. He thought his changed appearance would prevent recognition. He says he is ready to stand trial, and will prove that he killed Sloan in self-defense.

FATAL CROATIAN RIOTS

Hungarian Gendarmerie Shoot and Kill Several Peasants.

Vienna, Aug. 19.—A fresh outbreak of rioting has occurred in Croatia. At Zaprosic, on the occasion of the celebration of the birthday of Emperor Francis Joseph yesterday, 10,000 peasants gathered in the town and destroyed a Hungarian banner. The rioters were resisted by the gendarmerie, who shot three men and wounded many others.

At Komesina the peasants pillaged stores and stoned the military, who killed two persons and wounded a number of rioters.

Necessity reforms the poor, and satiety the rich.—Tacitus.

SOME PERSONS have periodical attacks of Canadian cholera, dysentery or diarrhea, and have to use great precautions to avoid the disease. Change of water, cooking and green fruit is sure to bring on the attacks. To such persons we would recommend Dr. J. D. Kellogg's Dysentery Cordial as being the best medicine in the market for all summer complaints. If a few drops are taken in water when the symptoms are noticed no further trouble will be experienced.

TWO CHILD MURDERS

An Epidemic of Mutilation in State of Illinois.

Chicago, Aug. 19.—The shocking murder of a boy in Detroit recalls a similar case at Rockford, Ill., last month, when Hugh Tubbitt, a 7-year old newsboy, was found in the outskirts of the city, terribly mutilated. There was an absence of blood where the body was found, showing that the body had been conveyed to the spot some time after death. No light was ever thrown on the mystery, and the police have never found any clue that was promising.

Another parallel case was the murder of Maud Jordine, aged 4 years, at Bloomington, Ill. Taken from her cradle during the absence of her parents, the child was shockingly mutilated and found in a clump of bushes near the house the next afternoon. Her sister, aged 17, was arrested for the crime, but speedily dismissed, and the mystery may never be cleared up.

GASOLINE AND GIRLS

Explosion Causes Panic in a Boston Factory.

Boston, Aug. 19.—The explosion of a tank of gasoline in the basement of a six-story block occupied by several manufacturing concerns on Wormwood street, South Boston, yesterday caused a fire which inside of 50 minutes destroyed every combustible foot of the building, meantime precipitating a panic in which scores of employes received injuries. The monetary loss is $150,000, covered by insurance.

Immediately following the explosion a dense volume of smoke enveloped the building, and 250 girls, employed by William Byers, manufacturer of lace curtains, on the sixth floor, stampeded for the stairway, the only exit, and screaming and fighting made their way to the ground. In the struggle many fell and were trampled upon. It was at first believed that loss of life had resulted, but a search of the ruins tonight has not resulted in any evidence of fatalities.
