Stanley Shaw Named As a Probability.

It is considered probable that a newcomer will be in the field for warden of
Middlesex when the county council
meets the latter part of this month.
The U. F. O. members of the council,
who are in the majority, are believed to
be in favor of one of their own organization for the wardenship, and the name
of Stanley Shaw, recently elected reeve
of North Dorchester, is spoken of as a
possible candidate for the office.

Mr. Shaw stated in an interview today that he has received several letters
from other councillors asking him to allow his name to go before the council
for the wardenship. He states that a
member from North Dorchester has not
been warden in 22 years, and he in all

highest office in the county.
There are 29 councillors and according
to Mr. Shaw 19 of them are U. F. O.
