Rt. Rev. M. F. Fallon Replies Further To Bishop of Huron.

## Asks Anglican Diocesan Head To Tell Authorship of "Inaccuracy."

Holding that Bishop David Williams of the Anglican Diocese of Huron in his open communication on May 1, "admitted a certain inac-Bishop M. F. Fallon o London declares that obviously no effort has been made to inform the general public of just who may be responsible for the error cited. The Bishop of London absolves the

local press of all blame for any accuracies that transpired, but terms garding the author of the error is

## Bishop Fallon Writes.

Bishop Fallon's letter follows "The Lord Bishop of Huron admits Synod of Huron. He does not, however, inform us who is responsible very mild term to describe the of-

"As the 'inaccuracy' was stated in identical terms in both the city's newspapers, and as it was a quoted extract, no blame can attach to the reporters. It is rather a pity that the public curiosity regarding its author is left unsatisfied.

"His lordship is 'much obliged' to me for having given him the opportunity of publishing a second and expurgated edition of his remarks. I hope there is no 'inaccuracy' in the expression of his indebtedness. But, in any event, I wish to assure Bishop Williams that he need not conside himself under the slightest obliga-I promise him that whenever any 'inaccuracy' displays itself in his dealings with matters that relate to the interests of Catholics, I shall at once call his attention to it. And the pleasure shall derive from the fulfillment plain duty will be quite sufficient reward for my pains. Any expreson of obligation on the part of his will be entirely superfluous

Under No Illusions. "His lordship makes reference to the ample space given in both of the city's daily papers to the Bishop of London's various letters.' Am I to infer that the Bishop of Huron would se the axe if he could, or dared? While fully appreciating the courtesy cations, I am under no illusions or news value I know it will not be published. And I assume that the

rule applies to everyone else. have this slight merit. . I take the blame for it mys I never try to shift it to an undisclosed culprit. That is a use of the scapegoat to which I am not accus-

## SUBMITS REPORT ON TECH. SCHOOL

Principal Beal Prepares Statement Regarding Accommodation On Demands of No. 3 Committee.

ALLEGED EMPTY ROOMS

Records Show Building Inadequate When Classes Become Enlarged.

In response to the demands of No. s committee of the board of education, Principal H. B. Beal of the Technical School has prepared a brief report respecting available accommodation at that institution. The claim had been registered by trustees that there were classrooms that might well be used for necessar high school accommodation.

The principal's report follows:

(a) Rooms used not at all for present classes: One automobile shop and one plumbing shop, unsuitable for

"(b) Rooms used part time only One art room, one embroidery room (half classroom size), one millinery room (half classroom size).

"These are the only rooms that can be drawn upon for the increased registration next term will bring. The only room suitable for academic classroom purposes not in full-time rooms that have been used during cial day classes are the millinery and embroidery rooms, which are half-

At Tuesday's meeting of the board. School and 367 are Technical High School. From the fact that 414 are first-year students, 180 second-year students and 61 third-year students, the enrollment, without any natural increase, for next fall will be asked for one."

At Tuesday's meeting of the board. Campbell voiced strenuous objection, understood no report had yet been is sued by the treasurer. Trustee Silver-students and 61 third-year students, the enrollment, without any natural increase, for next fall will be asked for one."

At Tuesday's meeting of the board. Campbell voiced strenuous objection, understood no report had yet been is sued by the treasurer. Trustee Silver-sued that would tend to set a precedent for any pension scheme. He concurred with the inspector that there were certain of the teachers. With 40 years' continuous service or much larger than at present. As asked for one much larger than at present. As over 400 of these students registered during the present year, on the same basis of registration for next year,

\*\*The architect explained that while he basis of registration for next year, on the same basis of registration for next year, or the same basis of registration for next year, or the same basis of registration for next year, or the same basis of registration for next year, or the same basis of registration for next year, or the same basis of registration for next year, or the same basis of registration for next year, or the same basis of registration for next year, or the same basis of registration for next year, or the same basis of registration for next year, or the same basis of registration for next year, or the same basis of registration for next year, or the same basis of registration for next year, or the same basis of registration for next year, or the same basis of registration for next year. which takes no account of natural increase or the effect of the enforcement of the adolescent attendance ment of the adolescent attendance when the takes no account of natural had not received it from Mr. Bell personally, he had been given access to sonally, he had been given access to the books by members of his staff, and trustee Thomas Rowe intervened, where every consideration. basis of registration for next year, act, the school will have to take care shown every consideration. of at least 150 more than the present year. In addition to this, we already have returns sent in by parents of students attending the second-year commercial classes who have signified their intention of having their tending take advantage of a third-children take advantage of a third-money available, and it left his companied that some men fied their intention of having their children take advantage of a thirdyear course in the commercial department, and from the number of these an extra third-year class in the commercial department will be
