To realize 4 per cent. on a subsidy against the Danes, Alfred built a strong on the eve of the possible establishment bold on an elevation (still known as Athel ney), amid the marshes of Somersetshire io which he summoned his faithful follow of \$4,000 a mile, 4 per cent. on earnings of large iron-producing plants in this of \$4,000 per mile would be needed. province. We have at hand the Han-The earnings of the Intercolonial Raulers. In a comparatively short time  $\Delta^{1-}$  fred, at the head of a considerable army, sard report of the remarks of Mr. Morway last year were \$3,462.52 per mile. rison and Col. Prior. The latter said defeated the Danes in 878, in Wiltshire Hence if the proposed railway earned a that he thought Mr. Morrison was little over \$500 per mile more than the going to urge the extension of the Intercolonial, 4 per cent. of its gross bounty system to British Columbia. He earnings would convert the subsidy into added, referring to the member from a secured loan. We mention this percentage solely as an illustration and He knows that the people of British not because we have any reason to sup Columbia look forward to a not far dis-tant day when we shall have iron works pose that it is the figure which the government will demand. The value of same time he encouraged husbandry au such an arrangement is that, no matter works started without a bounty. I do not understand why he should have so at what percentage the return shall be amount Canada may have to pay. As the honorable Finance Minister Mas what necessitates a liability upon the treasury at the outset will become an asset. barbarism Alfred was an accomplished scholar and a zealous patron of learning. His character was serious, elevated and practical, and he was a great lover of pointed out, whenever an amount

A LUMBER DUTY.

Yesterday Mr. Garden moved a res ution in the house to the effect that a Col. Prior then referred to a resolu duty ought to be imposed on lumber tion passed by the Convention of B. C. oming into Canada from the United Boards of Trade held at Greenwood, States that would equal the duty imasking for a \$5 bounty per ton on lead posed by the United States upon lumof provincial origin smelted and refined here. He declared himself in favor of ber going into that country from Canada. Mr. Martin opposed it in a free such a bounty, and added: trade speech, and the debate was ad-I am sorry to see an honorable gentle journed. We submit that the question man get up and endeavor to lead this house to believe that the people he represents are not in favor of the bounty system, but are in favor of it of free trade versus protection is not involved in the resolution. Doubtless there are many Liberals, who like Mr. eing carefully watched at least, if no ntirely done away with. Let me say hat even if millions be expended in Martin are of the opinion that the Laurier ministry has not gone far ounties, we would get an ample return or our expenditure from the work done n the smelters. In British Columbia enough in the direction of a revenue tariff, and this is why we claim that it teen feet in height, and some idea of its the business interests are not only ask-ing for a bounty on lead refining, but is inopportune to attempt to introduce this abstract question into a discussion this abstract question into a discussion of this specific matter. If the Laurier ministry had carried out the free trade ideas advocated by the Liberals when in opposition, there might be some real time both to date which is at the same time both to date which is at the same time both to date which is at the same re looking forward to government ssistance to the shipbuilding industry in Vancouver and Victoria. In fact, we tope soon to see the day when the in opposition, there might be some rea-son for Mr. Martin to say as a Liberal he opposed the resolution, but as the Pacific Coast will be the great manufac-turing section of the Dominion. Mr. Morrison did not have an opp tunity of replying, as the debate took facts of the case are, whatever Mr. place on a motion to go into supply, but Martin may do as a free trader, he cer-Col Prior's remarks were simply an tainly cannot oppose the imposition of answer to his position, which was one reciprocal duties on lumber as a supreciprocal duties on lumber as a sup-porter of the present federal adminis-tration. Hence there are no federal politics in Mr. Garden's resolution, which aims at nothing more than to get an expression of opinion from the house upon a subject of very great local in-terest. It does not ask the federal min-istry to reserve its policy, for it retains upon the statute book duties which have precisely the effect which it is house the area proceeding to be held in the city of which status book duties the federal min-istry to reserve its policy. For it retains of hostility to the further extension of the bonus principle, so it is not very effectual response, even if he had had the opportunity of speaking again.
