

## NEXT TIME

You send a parcel to your soldier friend in training or at the front, don't forget to put in some Zam-Buk. The soldiers say they cannot get enough of it.

Capt. Brooks, No. 4 Company, 7th Battalion, writing from the front, says: "Tell my friends, if they want to help us, we should be awfully glad of some Zam-Buk. We find it just splendid, and can use all that is sent us."

Nothing takes the place of Zam-Buk amongst the soldiers. They use it for rheumatism, blistered feet, sore hands, cuts, burns and scratches. Being antiseptic, Zam-Buk prevents festering and blood-poisoning. For eczema, or any skin trouble, it is equally good, and for piles there is nothing to compare with Zam-Buk.

All druggists and stores, or Zam-Buk Co., Toronto. 50c. box, \$ for \$1.25.

## EARN TWO MEN'S PAY

The pay envelopes of two men fall to your lot, when you have doubled your service-giving ability through business training.

The man who expects to own an automobile, his home, a summer camp, and other luxuries must multiply by 2 or 4 what the average laborer receives.

And that is possible. But the first requisite is to lift yourself into the Supervising Class by knowing more than the average.

Made Strong and Well by Vinol

This letter proves there is nothing equal to Vinol to create strength for weak, run-down conditions.

Vestal Centre, N. Y.—"I am a farmer 74 years of age and got into weak, run-down condition as a result of the Grippe. Our druggist suggested Vinol to build me up and I noticed an improvement soon after taking it, and it has restored my strength so I can now do a good day's work. My wife has also taken Vinol for a number of weeks with splendid results."

### POLITENESS COUNTS

The boy who takes his hat off when he enters the house is the one who usually has his hair combed and his face clean, and the girl who says "please" and "thank you," is always prettier than the one who forgets these little things. You just look around and see if this is not true.

### Hurrah! How's This

Cincinnati authority says corns dry up and lift out with fingers.

Hospital records show that every time you cut a corn you invite lock-jaw or blood poison, which is needless, says a Cincinnati authority, who tells you that a quarter ounce of a drug called freestone can be obtained at little cost from the drug store but is sufficient to rid one's feet of every hard or soft corn or callus.

You simply apply a few drops of freestone on a tender, aching corn and soreness is instantly relieved. Shortly the entire corn can be lifted out, root and all, without pain.

This drug is sticky but dries at once and is claimed to just shrivel up any corn without inflaming or even irritating the surrounding tissue or skin.

If your wife wears high heels she will be glad to know of this.
