## BROTHER TOLD BROTHER

One Suffered for Fifteen Years, the Other for Thirteen.

The convincing powers of a testimonial were never more clearly shown than in the case of Mr. Hugh Brown, a brother, Lemuel Brown, of Avondale, N.B., read in the paper about Hugh Brown's being cured by "Fruit-a-Lives". Knowing the Secretary of the only endorser, a medicine which had cured him, Mr. Lemuel Brown tried "Fruit-a-Lives". They cured him of Chronic Indigestion and Constipation, and he is now a healthy man.

Hartland, N.B., Oct. 28th, 1907.

"Three doctors told me that I had Liver Disease and serious Stomach Trouble. My stomach was very weak. I took their medicines for fifteen years and grew worse. My brother (who was cured of terrible indigestion by 'Fruit-a-Lives' after suffering for 15 years), recommended me to try these wonderful tablets. I bought half a dozen boxes and have just finished the sixth. I eat all kinds of hearty food without distress and am greatly improved in every way. 'Fruit-a-Lives' also cured the Chronic Constipation which was so distressing in my case." (Signed) HUGH BROWN.

Box 6 for \$2.50; trial box, 25c. Get dealers or from Fruit-a-Lives, Limited, Ottawa.

To the Ratepayers of the Parish of Dalhousie.

Having accepted the nomination as kindly offered me by the friends, I shall be a candidate at the forthcoming election of Councilors for our Parish. I thank you for your support two years ago when I lost my election by the casting vote of the Chairman. My defeat on that occasion was entirely accidental. This time however, I am convinced that I shall obtain a majority of your votes. And if elected, I assure you that the interests of our Parish will not be neglected by me. My experience has been in the Council in the past will be a benefit to me, being familiar with the general business of the Council. It is my intention between now and election day to see you at your homes, but should I be for any reason prevented, I trust you will vote for me the same as I had met you previously. Thanking you in advance for your support, which I trust will be so generous as to be more than sufficient to elect me.

I remain,  
Yours very faithfully,

H. B. ANSLOW, EDITOR AND MANAGER

CAMPBELLTON, NEW BRUNSWICK

FRIDAY, SEPTEMBER 3rd, 1909

### THE FREE SPEECH CASE

In press reports of the preliminary examination in the case of the editor and publisher of "Free Speech" who was recently arrested at Moncton and taken to St. John, charged with publishing several defamatory libels on well known St. John citizens, one witness, W. J. McNell, Manager of the Advocate Publishing Co. of New Brunswick, made a statement that the editor and publisher of the Graphic, H. B. Anslow, was a party together with the witness and another gentleman, in making the contract for the printing of "Free Speech."

How Mr. McNell could make such a statement we cannot conceive, as we had no dealings with McNell or any other person in reference to such a contract, and was in no way connected with it. Mr. McNell, so far as we can learn on investigation, made the contract as manager of the above company, solely on his own responsibility, and besides McNell was the only other party to the contract if there was one.

Mr. McNell's statement will no doubt be corrected at the trial which begins next week.

In this connection we might add that Mr. O. S. Crockett, M. P. attorney for Mr. C. S. O. Crockett, in the now famous Crockett case, saw fit to introduce this entirely irrelevant matter in his cross examination of Mr. Anslow, who was a witness on that case. At the suggestion of C. S. O. Crockett, his attorney asked Mr. Anslow if he was the H. B. Anslow mentioned in connection with the publication of "Free Speech."

Under oath the witness stated that he was evidently the person meant, but further stated that the statement was not correct; that he had not been a party to the contract or had anything to do with the matter.

Mr. Crockett was reprimanded for introducing matter entirely irrelevant to the case, but the incident shows to what depths the Crocketts would go to injure the reputation of the editor of this paper.

### A DISGRACEFUL STREET

Campbellton is a growing town and no doubt its revenues are taxed to meet the demands for the opening up of new streets, the extensions to the water and sewerage systems, and the laying of new walks, but even considering all these, some steps should be taken to place Water Street in a passable condition. Water Street is the principal business street of Campbellton. It leads from the freight shed and station to the water, a distance of less than a mile, and is a mass of mire and a disgrace to any town the size of Campbellton. Experiments have been made of dumping quantities of stone and gravel on this street, but with very little improvement perceptible. All the heavy teaming, and some of it very heavy, is done on this street, consequently it is badly worn, especially in wet weather. There is only one permanent remedy, Water Street must be paved. That is a subject which should be taken up at once and necessary information obtained so that the work could be properly done next season.

We are sure that a majority of citizens will agree with us that this is a very necessary work and should engage the attention of our city fathers.

### SEVEN BABIES LOSE LIVES IN L.I. FIRE

Not Missed Until Bodies Were Found in Ruins After Fire

NEW YORK, Aug. 31.—That seven little children, inmates of St. Malachi's Home for Children at Rockaway Park, L. I., were suffocated in a fire which destroyed a portion of the home last night, was discovered today by firemen digging in the ruins of the building.

It is well to have on hand a remedy, simple, effective and easily applied, for mosquito bites, insect stings, sores, bruises, sunburn, and injuries to the skin, and forty other ailments not always dangerous, but which can be cured by outward application. Such a remedy is Davis' Menthol Salve (The D & L), which comes in tins for 25 cts. at druggists.

After contracts are awarded the successful tenderer must submit plans of all superstructures with street sheets all to be in accordance with the Specifications of the Department of Railways and Canals of the Dominion Government 1908. The class of bond to be used is that designated Heavy in the said specifications.

Tenders will be received for one or more of the above mentioned superstructures. Plans must be signed and sealed by all the parties to the tender, and witnessed and accompanied by an accepted cheque on a chartered bank of the Dominion of Canada, payable to the Commissioners of the Transcontinental Railway, for a sum equal to five per cent (5 p. c.) of the amount of the tender.

The right is reserved to reject any or all tenders.

### DARING HOLDUP

BY HIGHWAYMAN

Compelled Train Men to Carry Coin and Bullets into Wilderness

LEWISTOWN, Pa., Aug. 31.—One of the most audacious and startling hold-ups of a railroad train in the east for years occurred on the eastern slope of the Allegheny Mountains early today when a lone highwayman stopped a Pennsylvania express train with a dynamite cartridge, and at a point of a revolver commanded the crew to carry thousands of dollars in coin and bullion from an express car to a spot in the wilderness. When the conductor of the train attempted to interfere with the train robber he was shot in the hand and the bold bandit made good his escape. In the darkness, however, he mistook a bag containing ten thousand Lincoln pennies for gold coin and staggered away with it, leaving the real gold hidden to be recovered by the railroaders.

When the news of the robbery reached the railroad and express companies they immediately ordered every available detective to the scene in an effort to capture the robber. Bloodhounds were also put on his track but to late tonight no trace of the man had been found.

"Can be depended upon" is an expression we all like to hear, and when it is used in connection with Chamberlain's Cough, Cholera and Diarrhoea Remedy it means that it never fails to cure diarrhoea, dysentery or bowel complaints. It is pleasant to take and equally valuable for children and adults. Sold by all druggists.

## Not a Drop of Alcohol

What is a "tonic"? A medicine that increases the strength or tone of the whole system. What is an "alterative"? A medicine that alters or changes unhealthy action to healthy action. Name the best "tonic and alterative"? Ayer's Sarsaparilla, the only Sarsaparilla entirely free from alcohol. Ask your own doctor all about it. Never take a medicine doctors cannot endorse. J.C.
