Crawford and Elberta peaches are obtainable at moderate prices, but prompt action will be necessary to those wishing a supply of these delicious, health giving fruits. It is impossible to have too much fruit in our Canadian winters. London Advertiser: Germany may build up an alibi for her latest sea murder by some of the following devices:—
1. That the boat was not attacked by a submarine, but was blown up by a whale which swallowed a floating mine.
2. That one of the passengers was seen trolling off the port bow, evidently with designs on submarines.
3. That the captain had a picture of a British dreadnought in his cabin.
4. That the crew was armed (two-armed).
5. That the third assistant purser was known to smoke a pipe shaped like a revolver.
6. That the British ship was carrying Mutt and Jeff, a gross breach of neutrality.
