

THE TORONTO WORLD.

What is it that gives the syndicate such malign influence? How come it that this body of capitalistic adventurers can force a government backed by an overwhelming majority to do its bidding?

Mr. Edgar denounces Sir John A. Macdonald's avowed preference for the Dominion of the mother country to the Dominion of the Dominion.

THE UNIVERSITY CREEK. The university's position is not moving too early in the morning. The creek through the park into a stinking drain.

Mr. Edgar does not venture to say that the time has arrived when Canada should be declared an independent nation, but he does say that it is no longer to hold that position which has been its position since 1867.

THE ORDINARY CREDITORS. The ordinary creditors are the principal and interest. The landlord risks only his rest, which is the equivalent of interest.

MANITOBA INVESTMENTS. In its exposure of the Manitoba land swindle The World must not be understood as being a "hear" on Manitoba investments.

PLAIN-FACTS LETTER. To The World: Will you allow a humble disclaimer to make a few remarks in connection with the article in your issue of the 11th inst. of The World?

DISALLOWED. As The World, some time ago, ventured to predict, the Dominion government has allowed the act of the provincial legislature of Manitoba, enacting the Manitoba and southeastern railway. The terms of the syndicate agreement did not comply with the Dominion government's own correct statement made when that agreement was made.

EXTENSION OF THE SUFFRAGE. To The World: This is a very important matter for our country, and it is one which has been discussed in the Dominion of the Dominion.

THE GOLF COURSE. The Golf Course is on the east side of the city. It is a beautiful course and is one of the best in the Dominion.
