TO BUILDERS

The Mimico Real Estate Security Company, Limit'd, offer special inducements to builders, both in prices and terms, for the erection during the present year of ONE HUNDRED HOUSES of various sizes and values, chiefly mechanics' dwellings. A great demand for houses in Mimico before the end of the year is certain, as operations have already commenced for the erection of a number of factories, which are under bond to be running by that time. For terms and further information apply at the offices of the company, 38 Toronto-street.

A. McROBERTS MANAGING DIRECTOR.

CENTRAL CITY PROPERTY INVESTORS, ATTENTION!

SEVERAL OF THE FACTORIES to be located at MIMICO under the agreement entered into with the Mimico Real Estate Security Company are now under construction. Brick on the Company's lands are being turned out at the rate of 10,000 a day and materials of all kinds are coming in by the car load daily. Before the end of the year at least five of the factories will be in operation. These will be large factories, operated by some of the strongest firms in the City, and will employ from 75 to 150 hands each. Operations in house building have also been got under way, a dozen or more being now in course of erection. Before the end of the year fully a hundred will be ready for occupation.

MIMICO

will be a town before many people realize it—bear this fact in mind. It offers opportunities for investment such as cannot be equalled in the city. Prices are low now, but are on the advance. Make your purchases before the tide of settlement sets in. Investments in Mimico now are absolutely safe and are certain to yield quick and good profits. I believe that property there will double within a year. Intending investors should call at my office before purchasing. The property I have to offer lies within a few minutes' walk of the factories now being built.
