THE WORST CASE OF CLUB FOOT BOTH FEET. Made Natural from Hip to Sole by Mechanical Treatment.

CHAS. CLUTHE'S Patented Appliances did it. The shoes she wore; but could not stand alone without crutches.

The illustrations presented here represent the Miss Y. of Ottawa, who is referred to hereafter. She is about 15 years of age, and until my appliances were purchased and used, she was unable to either walk, or even stand, without the aid of crutches. The difficulties to be overcome were the deformity and the heavy weight of the crutches. The factor which entered into the plan of a successful appliance was the use of the crutches.

Fathers and mothers of children so afflicted should beware. Let no time be lost. Bring your child to my establishment, or send by mail the full particulars. You may be assured that this invention will make the child's feet straight from the operation, pain or trouble being avoided. The appliances are quite simple. Many children to my home and proudly show the work done by the crutches. Parents from neighbors the information contained in my circulars and then through the kindness of friends have secured the relief desired.

Don't Delay; but write and give full particulars. You will receive reply by return mail.
