ANOTHER SOUTH CHICAGO. CENTRAL FRUIT MARKET. Ashbridge Marsh Would Become a Great City if Smelting Works Wore a Established There, isby Fruit Growers Enthusiastic Its Establishment in the City.

bank; and the remainder a marsh about 12 or 13 miles from the centre of Chicago. To-day the company has 250 acres of land, employs 2200 men in win-ter and 3600 in summer, has a capital of \$18,000,000, upon which it has earned dur-ing the last three years over \$6,000,000, or more than \$2,000,000 per annum. At the annual meeting this spring it was decided to increase the capital to \$25,000,000 in order to enlarge the works and add some new plant. The company own about 1500 cars, as they cannot get a sufficient number of cars from the railway companies to hand their business. They purchase all of their ore from the miners and therefore have to pay the miners as profit. Their coke costs \$4.65 a ton, limestone to a ton of pig iron 90 cents. They use fuel oil exclusively, which is piped 210 miles from the oil fields to their works, and costs 60 cents per barrel, which equals (at 31 barrels to the ton) \$2.16 for a ton of coal. The saving in labor, however, is enormous, and one man does the work that required four or five men when coad was used. To-day there is a city at South Chicago

is enormous, and one man does the when coal was used. To-day there is a city at South Chicago where there were only a few houses 13 years ago. South Chicago is built upon a marsh which has been filled in almost entirely by the refuse material from the smelter. Inoticed in many places that the streets have oeen filled up to a height of four to six feet above the original level. The years to come, if the smelting works are established in Ashbridge's marsh, we will see the history of South Chicago re peated, and the remainder of the marsh which is now practically valueless, will be converted into an enormously valuable asset, and the small borns asked for by the New York syndicate will prove to be the beat intestment ever made by the city. Thope, therefore, that no time will be lost is necessary; although I think that, under the circumstances, it should be passed with out reference to the people, as the delay, may prore dangerous. Yours truly, CLARENCE J. MCCUAR:

CLARENCE J. MCCUAIG.

PAMPAS PLUMES AND FLAGS.

City Commissioner Opens the Sum er Campaign Against Uncleanliness Street- Commissioner Jones gave the city parade yesterday afternoon that showed

equines, the rolling stock and the han ents used in his department. The horses hung their heads on their bits just as though they were not tricked out in pampas plumes of light golden hue. The watering carts, scavenger carts and wagons bore small flags. When the procession moved past the City Hall the Mayor and aldermen stood on the front steps and betraved nearly as much

front steps and betrayed nearly as much interest as if a circus had struck the city. The reason for the parade was not that the Mayor and aldermen might review the

Great City if Smelting Works Were Extablished There. TORONTO, April 15. His Worship the Mayor and the Council of the City of Toronto: GENTLEMEN, --In order to demonstrate the advantage that the city will derive if smelting works are located here, allow me to give you the history of the Illinois Steel Works Company in South Chicago: This concern started 13 years ago with 75 acres of land, part of which was a sand-hank, and the remainder a marsh about 12 or 13 miles from the centre of Chicago. To-day the company has 250 acres A BEAR DAY FOR EVERYTHING WHEAT, PROVISIONS, STOCKS AND GARDEN TOOLS COTTON ALL DECLINE. Large Decrease in the Wheat Visible-May Wheat Goes to 75c-Stocks in Prices-Money Firm Locally-Business Embarrassments.

The Annual Meeting of the Association Held Yesterday.

The annual meeting of the Queen's Own Revolver Association was held in Captain Pellatt's office last evening. The following officers were elected: President, Captain officers were elected: President, Captain H. M. Pellatt; vice-president, Captain M. S. Mercer; secretary-treasurer, Col.-Sergt. J. G. Langton; committee, Lieut J. B. Millar, Lieut. A. D. Crooks and Staff-Sergt. Hart of the 48th. A range has been secured in the sugar refinery building and Thursday was select-ed as regular practice night, but the range will be open every afternoon to members. The first match will take place on Thurs-day. 27th.

day, 27th. The association has made arrangements for supplying ammunition at greatly re-duced figures to members.

A Kindergarten in King-street.

A deputation of King-street ratepayers consisting of Warden Massie and Rev. D. J. Macdonnell, waited on a sub-com D. J. Macdonnell, Waited on a sub-com-mittee of the Scaool Management Committee yesterday afternoon and asked that a kindergarten school be opened in King-street, between York and John-streets. Mr. Macdonnell and Mr. Massie, on be-half of the trustees of the St. Andrew's In-stitute, offered the use of a room in the in-climate a reasonable part

stitute, othered the use of a room in the in-stitute at a reasonable rept. The sub-committee decided that the rate-payers should send in a formal petition to the School Management Committee stating how many pupils will be guaranteed for the school when the matter will be considered.

The Needlework Guild.

The first annual meeting of the Central Board of the Needlework Guild of Canada

Board of the Needlework Guild of Canada was held in the library of the Y.M.C.A. yesterday afternoon, with the president, Mrs. J. K. Kerr, in the chair. A report from the Duchess of Teck, hon. president of the English Guild, on the pro-gress of the work in England was read. Mrs. Dodge, president of the New York Guild, gave an address on the working of the Guild in that state. Among the prominent ladies present

Among the prominent ladies present were Mesdames J. K. Kerr, W. R. Mere-dith, H. Mason, James Dennistoun, T. H. Bull, Irving Cameron, Shortiss, Barnett, Arnoldi, Brodie, Osler, Hodgins, and Miss Wright.

He Wants His Meat Bill,

The master in chambers yesterday made an order for the substitutional service of a writ of summons and notice for judgment and for the appointment of a receiver in the action of Walter Barnes against John Mc-Cabe. McCabe carried on the business of a retail butcher at 444 Queen-street west, but is now supposed to be somewhere in Colo-rado, and an order was made for service of proceedings on his wife. Barnes' claim is for some \$750 for meat furnished to the de-

They Never Fuil.—Mr. S. M. Boughner, Lang-ton, writes: "For about two years I was troubled with inward piles, but by using Parmelee's Pills I was completely cured, and although four years have elapsed since then they have not returned." Parmelee's Pills are anti-billous and a specific for the cure of liver and kidney complaints, dys-pepsia, costiveness, headache, piles, etc., and will regulate the secretions and remove, all billious matter.

Answered the Last Roll Call.

James Laird of 47 Darling-avenue, en-incer at Perkins' boiler works, Fronttreet east, went to work as usual yesterday morning. Shortly afterwards he was beevased, who was in his 67th year, was formerly attached to the Royal Artillery.

ll Tel. Co. ... STATEMENT OF MR. WM. MONEE.

For eight years I was troubled with a sore on my leg which resulted from having it broken. The doctors kept me in bed five months trying to heal it up, but all to no purpose. I tried all sorts of salves, limiments, ointments, pills and

but all to no purpose. I tried all sorts of salves, liniments, ointments, pills and blood medicines but with no benefit. In 1883 it became so bad that I had to sit on one chair and keep my foot on an-other for four months. I could not put my foot on the ground or the blood would rush out in a stream and my leg swelled to twice its natural size.

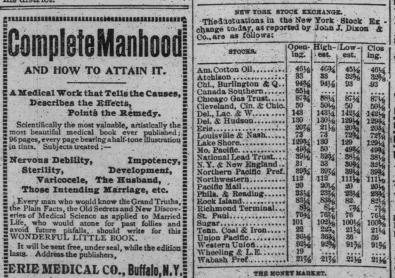

ELEVEN RUNNING SORES developed on it which reduced me to a living skeleton (I lost 70 lbs. in four months). Friends advised me to go to the Hospital; but I would not, for I knew they would take my leg off. The doctor then wanted to split it open and scrape the bone, but I was too weak to stand the operation. One old lady said it had turned to black erysipelas and could never be cured. I had never heard of Burdock Blood Bitters then, but I read of a minister, Rev. Mr. Stout, who had been cured of a severe abscession the neck by B.B.B., after medical aid had failed, and I thought I would try it. I washed the leg with the Bitters and took them according to directions. After using one bottle I could walk on crutches, after taking thee, I there away the crutches, took a scythe and went to work in the ELEVEN RUNNING SORES J. F. EBY.

took a scythe and went to work in the field. At the end of the sixth bottle my leg was entirely healed up; pieces of loose bone had worked out of it and the cords bone had worked out of it and the core came back to their natural places again. That was nine years ago and it has never broken out since. I can walk five miles to day as fast as anyone, and all this I owe to B. B. B., which certainly saved my leg, if not my life. I cheerfully recommend it to all sufferers. Give B. B. B. a trial, it will cure you as

Yours truly, WM. McNEE, St. Ives P.O., Ont. Mr. F. C. Sanderson, the druggist of St. Marys, Ont., certifies to the entire truthfulness of the remarkable statement made by Mr. McNee and says that several other wonderful cures have been made in his district.
