FIFTEENTH YEAR

TRAITOR-LIKE CHARLTON.

Sacrifices Canadian Interests to Benefit Michigan.

ACCUSED HE FAILS TO MAKE A REPLY

Verbally Flayed by Messrs. Bennett, Maclean and White.

LAURIER DOES NOT DEFEND HIM.

Charlton Petitioned Secretary Carleton in Behalf of the Michigan Lumber Interests Showing How to Coerce Canada into Refraining from Imposing an Export Duty on Saw Logs—A Coercive measure which it is believed not to introduce the Involuntary Bill in the Commons This Session—No Quebec Resemblance.

OTTAWA, June 13.—On the meeting of the House to-day the Sergeant-at-Arms, Col. Smith, announced that J. B. Provost and O. E. Lacombe, the witnesses in the Toronto case who had failed to obey the summons of the Public Accounts Committee of the House, were in his custody.

Sir John Thompson moved that they be brought to the bar of the House, which was done, and they were then formally asked whether they had any explanation to make as to why they had not attended. Each of them read a formal reply in French, declining any intention of showing any disrespect to the House and pledging themselves to attend before the committee whenever required. They were then discharged.

The Export Duty on Logs.—On motion to go into supply Mr. Bennett (E. Simon) asked permission to draw the attention of the House to a matter of importance, namely, the question of export duty on sawlogs. He said that he had been asked to draw attention to a matter of importance, namely, the question of export duty on sawlogs. He said that he had been asked to draw attention to a matter of importance, namely, the question of export duty on sawlogs.

Mr. White: What you didn't say that you took the credit for what appeared in the Wilson bill in regard to free lumber? [Hear, hear.]

Charlton Wanted to Force Free Logs.—Hon. Mr. Bennett moved for the order of the House to be read, and the House proceeded to read the report of the Finance Committee on the Wilson bill.

Continuing Mr. Bennett quoted from a bulletin just issued by the Finance Committee of the U. S. Senate, a petition addressed by Mr. John Charlton, M.P., to Secretary Carleton in behalf of the Michigan lumber interests in Canada. In this petition Mr. Charlton said: "The sawmills of Eastern Michigan are largely dependent upon the Canadian forest north of Georgian Bay for their log supply. Canadian logs are also furnished to mills in Northern Ohio and Western New York. Last year the Michigan lumbermen produced 25,000,000 feet of lumber. The Michigan lumbermen are now suffering from a shortage of logs. The Michigan lumbermen are now suffering from a shortage of logs. The Michigan lumbermen are now suffering from a shortage of logs."

The hon. member said that this letter free to put an export duty on sawlogs, and will enjoy the benefit of the free admission to the American market of all these products of lumber, and he pointed out to the House that the Michigan lumbermen are now suffering from a shortage of logs. The Michigan lumbermen are now suffering from a shortage of logs. The Michigan lumbermen are now suffering from a shortage of logs.

Mr. Charlton had also said it was a mistake to suppose that the United States would not impose an export duty on sawlogs. He said that he had been asked to draw attention to a matter of importance, namely, the question of export duty on sawlogs.

The Hon. Mr. Laurier complained that it was neither customary nor courteous to bring up a matter of the sort without the consent of the House. He said that he had been asked to draw attention to a matter of importance, namely, the question of export duty on sawlogs.

sugar and lumber free. But coal, iron ore and sugar were afterwards changed to the double list because of the influence of Senator Price of Ohio, and he feared lumber would share the same fate if the lumber interests of Michigan were not enlisted on the side of free trade. The only way he saw of doing this was by the suggestion of such a proviso as Mr. Bennett had quoted from the memorial.

ber of Senators. Sir James Grant presided, and the meeting was very harmonious. It is understood that the matters discussed were the proposed readjustment of the representation of the Province of Quebec and the new franchise bill. The session reached what is considered a very satisfactory conclusion. The changes will be effected in a saving both in time and money, and will allow of an annual revision. The expediency of this is understood, and will not be presented in the Commons this session. The question of the duration of the session was also discussed, and the opinion was expressed that prorogation may be reached by the end of this month or early in July, but this of course rests mostly with the Opposition.

THINKS HIS MOTHER GUILTY.

DRAMATIC SCENE AT THE NEW DURHAM INQUEST.

Mrs. Hartley and Edward Ling Said to Be Under Arrest—Fred Hartley on the Witness Stand Acknowledged His Suspicion That His Mother Was a Murderer.—The Jury in Tears.

NEWTON, Ont., June 13.—Important and deeply interesting evidence was forthcoming at the Hartley inquest to-day, bringing the widely-spread interest in this case to its climax.

Ling's evidence to-day completely substantiated the truth of the evidence adduced yesterday by his father and mother and by Rev. Mr. Best, Baptist minister, to whom he made a confession stating that Mrs. Hartley had offered him a large sum of money to help her in the fact that she knew that she had administered poison to her husband.

Mrs. Hartley had given him poison. Evidence was given yesterday fully establishing the fact that she had given him poison in various quantities. Ling contributed evidence of a demoralizing character as to his relations with Mrs. Hartley at frequent intervals during the absence of Mr. Hartley.

Mr. Hartley was put on the stand, but absolutely refused to make any statement. Other important evidence of a criminal character was advanced, and at tonight's session it is confidently expected that the case will be closed.

It is rumored that Mrs. Hartley and Edward Ling have been placed under arrest. A temperature of 101 degrees was recorded at the inquest, and the jury was melted to tears and the scene was dramatic in the extreme.

AND THE WATER IS STILL RISING

THE COAL STRIKE IS NOT OVER.

A Little Girl Fatally Injured as an Early Morning Fire.

CLINTON, Ind., June 13.—The miners here are in an angry mood with the terms of the Columbus settlement, especially with District President Dunderker and National President McByrde. At a mass meeting it was resolved not to accept the terms, and the scale agreed on affects Northern Indiana fields only, but the operators in the south realize that the settlement will affect them eventually.

MINERS NOT SATISFIED—OPERATORS PLEASED. ST. LOUIS, Mo., June 13.—Many miners in the territory known as Adams' Post are not satisfied with the terms of settlement as announced, but the operators are pleased. The scale agreed on affects Northern Indiana fields only, but the operators in the south realize that the settlement will affect them eventually.

UNDER MARRIAGE LAW. URBANSVILLE, Ohio, June 13.—Troops have the entire section under submission. The estimated loss to miners in this section since April 21 is \$216,000. The miners are greatly dissatisfied with the Columbus compromise.

MINERS BEFORE THE SETTLEMENT. DANVILLE, Ill., June 13.—President Dionville of the United Mine Workers of America has been accepted. Until they are well satisfied the coal operators here, however, speak hopefully of the situation and think the backbone of the strike has been broken.

STARVATION IN PENNSYLVANIA. NEWCASTLE, Pa., June 13.—Miners in the southern part of Laurens County have been struck. The strike of starvation during the strike. Company stores have been closed and merchants in the country stores have refused credit. Almost the only supply of meat the miners have had has been obtained by hunting and fishing. Game is scarce, and the miners have been killing and eating groundhogs in large numbers.

NEARLY ALL FOR HOWLAND. The proprietor of a boarding-house at Spadina-avenue and Phoebe-street informed that the number of readers is over 200. The World yesterday that of the 29 boarders at his house 28 of them are going to vote for Mr. Howland, the Conservative candidate for South Toronto. These 28 are manhood suffrage voters, who will vote for the first time. This is only one instance how the thousands of young men from the first time on the lists, will use the franchise.

MUCH EXCITEMENT IN METHODIST CHURCH CIRCLES.

THE STATIONING COMMITTEE OF THE CONFERENCE QUIETLY IGNORES CALLS EXTENDED TO PASTORS BY VARIOUS CHURCHES—WILL THE INVITATION SYSTEM BE ABOLISHED.

The most noticeable feature of the first draft of the Stationing Committee of the Toronto Conference is the disregard of calls which have been tendered to and accepted by several of the city clergymen. The members of this committee have evidently deemed it expedient to ignore the calls of several of these calls should be made.

Rev. J. F. Oakley received a call to Euclid-avenue Church, but was not invited to St. Paul's, but was supplied by Rev. Dr. Parker. His acceptance of the call has again been ignored, Rev. Dr. Galbraith being appointed to Euclid-avenue, and Mr. Emory remaining in Davisville, where he has been laboring for the past year.

Woodgreen Church People Dissatisfied. Rev. W. J. Backwell, who has been the pastor of Gerrard-street Church for three years past, received a call from the quarterly board of Woodgreen Church to the pastorate at the beginning of the new conference year. The invitation was accepted, but the stationing committee has appointed Rev. James Harris to the pastorate of Woodgreen, while Rev. Mr. Backwell will be sent to Central Methodist Church as assistant pastor to Rev. D. G. Sutherland, whose protracted illness has compelled him to ask the committee to send him an assistant.

Individual members of the committee of Woodgreen Church yesterday protested against such treatment. A long debate took place last year when the case of Mr. Emory came before the conference. "The inevitable seems to be," said a delegate yesterday, "that either of the Methodist itinerant or the invitation system, most likely the latter."
