

An English Physician From the Tight Lit- tle Island.

HE IS PLEASED WITH CANADA

Talks About Canadian
People.

He Says We Have Too Many Pale
and Half-Dead Women.

HIS EXPERIENCE WITH PAINE'S
CELERY COMPOUND.

Thinks It Is the Right Medicine for
Building Up Weak and Sickly
Girls and Women.

In the early part of January an English
physician of high standing and consid-
erable wealth visited the principal cities
and towns of Canada, after a tour in the
United States.

He was exceedingly well pleased with
what he saw of the Dominion, and spoke
in glowing terms of the good nature and
hospitality of our people.

When asked what he thought of Cana-
dians from a physiological point of view,
he replied:

"Taken as a whole you have a fine,
sturdy population, but there is room for
improvement. You have splendid speci-
mens of manhood; your women generally
look healthy and vigorous, but you have
too many who are pale, listless and half-
dead looking, much as I have met in the
United States."

"Oh, yes! I know something about
Paine's Celery Compound; I have used it
occasionally myself, and know of its
being used in England. I have recom-
mended it to pale, weak and run-down
women and girls in England, and it has
produced very satisfactory results. I know
of it in cases of general debility,
dyspepsia, nervous affections, kidney and
bladder complaints and general weakness.
Your pale, weak and half-dead women
and girls have a true life-building agent
in Paine's Celery Compound. There is no
other preparation I know of that is
so well adapted for the troubles of
weak females."

"I am pleased to know that Paine's
Celery Compound is so popular in your
land; it really deserves every bit of
praise now received from the public."

The Proposed Monetary Conference.
New York, Feb. 18.—A Washington de-
spatch says: Much interest is felt among
public men here in the debates in the
German Reichstag on the proposition to
invite the nations of the world to par-
ticipate in another monetary confer-
ence. Representative McCrory of Ken-
tucky, who was one of the representa-
tives of the United States at the mon-
etary conference in Brussels, said he was
convinced there was a growing dispo-
sition in Europe to look to the settle-
ment of the monetary question by
an international agreement. Repre-
sentative McCrory thought the speech
of Mr. Balfour on the monetary situa-
tion in England was of unusual signifi-
cance. England, he said, had always
been the country which had stood in the
way of anything definite being accom-
plished in previous conferences, but now
men in that country were becoming ad-
vocates of the definite settlement of the
question by an agreement between the
great commercial nations of the world.
The general expectation is that a
conference will be called in the near fu-
ture.

Thrown From an Electric Car.
Mr. P. J. Dickson, 108 St. Vincent
street, was one of a party of merry-mak-
ers who boarded a Toronto and Mimico
Electric Railway car at Sunway and
Olive Holiday of last year, with the in-
tention of spending the day near Mimico.
Mr. Dickson was standing on the upper
deck of the car, when, shortly after the
car started, he was knocked down by a
pole, and thrown violently to the ground.
He was rendered insensible by the fall,
and was confined, by reason of the acci-
dent, to his home for some weeks after-
wards.

The Civil Assizes Court has for two
days been occupied with a suit for dam-
ages entered by him against the railway
company. The case was concluded last
evening, and the jury will hand in their
dictum this morning.

Fatal Explosion in a Pennsylvania Mine.
Pottsville, Pa., Feb. 18.—A terrible ex-
plosion of mine gas took place this
morning in West Bear Ridge colliery,
belonging to the Reading Company.
Five miners were taken out seriously
and probably fatally burned. There are
still five men in the workings, and these
are supposed to have been suffocated or
killed by falling debris.

300 Foreign Marines in Pekin.
London, Feb. 18.—A despatch from
Pekin to The Central News says 300
marines belonging to the various powers
are arriving there to guard the legations
of their respective countries. The Chinese are suspi-
cious at their presence, and unless great
caution is observed there is danger of
friction, which may become serious.

Minneapolis Hospital Burned.
Minneapolis, Minn., Feb. 18.—The
Maurice J. Murphy Hospital caught fire
this morning. All the patients were
removed safely. The damage will amount
to \$10,000, mostly caused by water.

Buffalo Music Hall Searched.
Buffalo, N.Y., Feb. 18.—The north wing
of the Music Hall was destroyed by
fire early this morning. It was occupied
by "The German Young Men's Associa-
tion," whose valuable library is ruined.
Loss about \$50,000.

Messrs. Northrup & Lyman Co. are the
proprietors of Dr. Chase's Ointment for
itching piles, which is now being sold in
immense quantities throughout the Domi-
nion. It is well known by the suffering
invalid everywhere with emblems of
delight, because it banishes pain and
gives instant relief. This valuable
specific for almost every ill that
flesh is heir to, is valued by the suffer-
er as more precious than gold. It is the
elixir of life to many a wasted frame.
The farmer it is indispensable and it should
be in every house.

HER MAJESTY'S RHEUMATISM.

So Acute That She Was Carried From
Car to Carriage.

London, Feb. 18.—The Queen arrived in
London this afternoon. Her Majesty had
requested that the strictest privacy be
observed in her reception, and at the Vic-
toria Station she was kept in seclusion
so absolute that empty trains were lined
along the platform, so that persons on
the other platform could not see her
slight. The reason for this extraordinary
privacy is that the rheumatism in her
joints has so increased that the Queen
is unable to walk. She was assisted from
the car down an inclined platform, where
she was placed in a chair and carried to
her carriage. Her dislike of public ob-
servation was further evinced by the
fact that a detachment of Life Guards
completely surrounded the carriage as
it was driven to Buckingham Palace.
In spite of all this, the Queen was
heartily cheered as she left the station,
and along the route.

Was Able to Walk Slowly.
The Pall Mall Gazette says the Queen
on her arrival from Osborne to-day was
able to walk slowly along the platform
of the Victoria Station, accompanied by
her Maids of Honour. She reached
her carriage from the platform by
means of a series of shallow carpeted
steps, her Maids of Honour assisting
her. The Dowager Empress Frederick
followed her into the carriage and drew
well over her mother's face to protect
it from the keen wind.

The Queen was received at Buckingham
Palace by the Duke and Duchess of Con-
naught. Later in the afternoon the
Prince and Princess of Wales, the Prince
and Princess of Monaco, and a select
party of guests, skated on the palace
lake, and their sport was watched by
the Queen, who appeared to derive great
enjoyment from the pleasure of the skat-
ers. A large dinner party was given at
the palace in the evening.

FREE FERRY TOLL ROADS.

Suits to Prevent Building a Free Road
Into Hamilton.

Hamilton, Feb. 18.—The Barton and
Stoney Creek Consolidated Road Co. has
entered suit against the Hamilton,
Guelph and Beamsville Electric Railway
Co. to prevent the latter opening up or
permitting any one else to open up a
free road east of the city, to the detri-
ment of the toll roads.

The Pastor in Revival.
"The Pastor in Revival" was the sub-
ject of a paper read by Rev. T. B. Hyde
at the meeting of the Ministerial Associa-
tion yesterday morning. Much discus-
sion followed, which showed that the
ministers hardly favor the method of
evangelists, and were of the opinion that
pastors should conduct their own reviv-
al services.

The action of the Street Railway Com-
missioners in refusing to grant a license
to the approval of the association, but
it was decided to take no action in the
matter, after the explanation that the
cars ran only to keep the tracks clear
of snow.

Rev. W. J. Barkwell, Rev. E. C. Laker
and Dr. H. P. Wetton were made mem-
bers of the association. The Rev. Mr.
Evangelist Palmer of London, Eng., was
present and stated that he did not wish
to apologise for evangelists. They need
no apology. He was glad he had some-
one to defend the evangelist. The assump-
tion that the evangelist looked down
upon him from his church for the time being
was wrong. The evangelist came as the
servant of the pastor and the church.
He was a helper, as an evangelist of 32
years' experience, he did not understand
an evangelist working for a stipulated
sum. He had never received a cent him-
self for his preaching.

It's the embodiment of perfect strength,
Dr. Price's, as it's absolutely pure.

Picked Up a Body Worth \$1000.
London, Feb. 18.—A fishing boat ar-
rived at Dungeness this morning with a
body of Walter Schull, a passenger on
the Elbe, for the recovery of which a re-
ward of £200 had been offered.

Fireman Killed by a Train.
Schuylkill, N.Y., Feb. 18.—Michael
Crowe, a fireman, while at work on
the Central Hudson Railway, was struck
by a train and instantly killed.

Children Burned While Parents Dined.
Detroit, Mich., Feb. 18.—The house of
Ell Seymour at Lewiston was burned
Saturday night. The three
boys, whose ages ranged from 4 to 10,
were cremated. Mr. and Mrs. Seymour
were at a dance when the fire occurred.
It is believed the fire was incendiary.

The students of the Ontario College
of Pharmacy will hold their Graduating
Class dinner at the Rosin House on
March 1, and it promises to be a very
successful event.

Mrs. Dowdley Gets Two and a Half Years.
Brookville, Feb. 18.—Mrs. Dowdley,
aged 21, who pleaded guilty to a charge
of bigamy some weeks ago, was today
sentenced to two years and six months
at hard labor in the Kingston Peniten-
tiary.

They Do Not Dodge the Question.
There was a time when if a man made
up his mind that the liquor habit had
become a disease with him and he want-
ed to be treated for it every movement
would be attended with the utmost se-
crecy. The successful treatment at
Lakeland Sanitarium, Oakville, has
changed all this, because those who go
there get cured to stay cured. The public
are aware of this, and knowing that in
cases of 100 treated there the re-
sults are permanent, graduates are
looked upon with more confidence than
when subject to the fearful and over-
powering craving produced by alcoholic
disease. The double chloride of gold
treatment, as administered at Lakeland,
has created a standard of its own in
Canada, for which there are no suc-
cessful competitors. The location, appoint-
ments and equipments of the grounds and
buildings are complete for the comfort
and enjoyment of patients, and the pre-
sent day graduates are not at all back-
ward in speaking of his stay at Lake-
land and recommending its beneficial in-
fluences. For full particulars address 28

To Anyone Who Tries Dr.
Chase's Ointment for
Itchy Piles

Saying It Will Not Cure or
Relieve.

Itching piles is an exceedingly painful
and annoying affliction, found alike in the
rich and poor, male and female. The
principal symptoms are a severe itching,
which is worse at night when the sufferer
becomes warm in bed. So terrible is the
itching that frequently it is impossible
to procure sleep. Often the sufferer un-
consciously during sleep scratches the
parts until they are sore, ulcers and tu-
mors form, excessive moisture is exuded.
Females are peculiarly affected from this
disease, causing unbearable irritation
and trouble. These and every other
symptom of Itching Piles or Irritation
in any part of the body are immediately
allayed and quickly cured by Chase's Oint-
ment. It will instantly soothe itching,
heal the sores and ulcers, dry up the
moisture.
