

Vapo-resolena
Established 1879
Whooping Cough, Croup, Bronchitis, Cough, Grip, Asthma, Diphtheria
Cresolene is a boon to Asthmatics
Does it not seem more effective to breathe in a remedy to cure disease of the breathing organs than to take the remedy into the stomach?
It cures because the air rendered strongly antiseptic is carried over the diseased surface with every breath, giving prolonged and constant treatment. It is invaluable to mothers with small children.
Those of a consumptive tendency find immediate relief from coughs or inflamed conditions of the throat.
Sold by druggists.
Send postal for booklet.

HARRIS & CO.
PROPRIETORS
Guide-Advocate.
HARRIS & CO. PROPRIETORS
WATFORD, DEC. 27, 1907.
The Old Home Paper.

Has a fascination all its own. It does not give you the latest despatches from foreign lands, but it tells you of the happenings around the old fire-side and it touches every week some hidden spring which opens up a train of thought or brings to mind fond memories that have long since been forgotten. No other paper will ever take its place.
You read your Daily hurriedly in the office to cover the world's news, but in the quiet of the Home 'tis ever pleasant to pick up the only tie that binds you to the past with a mind free from the worries of the present, revert to the days of childhood as each page and column flashes some well known picture on the canvas.
The GUIDE-ADVOCATE does this in many a distant land today—in fact in almost every state in the American Union and if the reader is not already a subscriber he is by this notice invited to join the old boys ranks and in vite his friends to do the same. One dollar pays to the end of 1908 to any post office in Great Britain or Canada and \$1.50 to any point in the United States.

IN FIELDS FAR OFF—Dr. Thomas' Electro Oil is known in Australia, South and Central America as well as in Canada and the United States, and its consumption increases each year. It has made its own way, and all that needs to be done is to keep its name before the public. Everyone knows that it is to be had at any store, for all merchants keep it.

Why Refer to Doctors
Because we make medicines for them. We tell them all about Ayer's Cherry Pectoral, and they prescribe it for coughs, colds, bronchitis, consumption. They trust it. Then you can afford to trust it. Ask your own doctor.
The best kind of a testimonial—
"Sold for over sixty years."

HAIR VIGOR.
We have no secrets! We publish the formulae of all our medicines.
Ayer's Pills greatly aid the Cherry Pectoral in breaking up a cold.

Where Men Live the Longest.
From the London Tid-Bits.
Although the scientists assure us that there is no psychological reason why the average healthy man or woman should not live to be 100, centenarians are so rare that most people have never seen one. A German statistician recently compiled figures showing that of the 58,000,000 people, or thereabouts, who inhabit the Kaiser's empire, fewer than 100 are more than 100 years old. The same authority reports 146 centenarians in England, 213 in France, and 410 in Spain. It would seem that where life is less strenuous longevity increases.
The most astonishing figures come from that troublesome and turbulent region, the Balkan peninsula, where it might have been supposed that life is less secure than elsewhere in Europe. Serbia reports 573 people who are 100 years old or more; Roumania, 1,084; and Bulgaria no fewer than 3,880. In other words, Bulgaria boasts one centenarian to every 1,000 of its population.

Is Your Chest "Wheezy"?
Tightness and wheezing means your trouble is deep-seated. To delay is dangerous. Inflammation must be drawn out at once. Rub the throat and chest with Nervine, and put on a Nervine Porous Plaster. Relief comes in an hour. The counter-irritant effect of the plaster relieves the tightness and strain, draws out the soreness, eases the pain. The penetrating qualities of Nervine enable it to reach the very core of the trouble, and you experience a feeling of warmth and relief that proves the danger is past. For weak chests, sore throat and tendency to colds, the Nervine Treatment beats all others, try it.

IN MEMORY OF MRS. LESLIE A. LEUKIE (NEE ELIZA FAIR), DIED AUGUST 15TH, 1907.

Now beneath the quiet sod sleeping
Calmly lies the form we love
Gentle sleep that knows no waking
But that of heaven above.
Months have passed, but still we miss her,
And our hearts of joy are dead
When we think of darling Eliza,
Who no more we'll see on earth.
Oh, sweet Eliza, when we meet thee
In the joyous realms above,
Gladly will we haste to greet thee
Filling our hearts with love.
Eliza she was our darling,
Pride of our hearts at home,
But the angels hovering high
Came and whiskered Eliza, come.
Gone to her home in that far off land,
Where the cares of life are unknown,
Where the angels of light in their garments
Will give her a welcome home.
Too frail to live in a world of sin,
Too frail for its cares and strife,
So the angels of light just bore her above
And gave her eternal life.
And oh, the friends that loved her so,
God bless them one and all
But may they ever ready be
When Christ on them shall call.

Are You Sleepless, Nervous?
Two horrors crowded into one life—the product of poor digestion and a poisoned system. There is just one cure for this terrible condition—plenty of food—but mind you, food properly digested; that's the difficulty, to improve the digestive power of the stomach. Get rich nutritious blood, strengthen the system and drive out poisons,—then comes vitality, endurance, power. Ferrozone does all this and more, it makes sick people well, weak people strong, changes "nerves" and insomnias into robust health. Take Ferrozone and health is yours. 50 cts. at all dealers.
Big Mill Fire at Forest Flax Factory Destroyed.
Forest, Dec. 19.—Fire this morning destroyed the big flax mill here owned by Mr. Howard Fraleigh. The loss will be between \$9,000 and \$10,000. The insurance amounts to only \$2,125, in the Waterloo Mutual. The cause of the blaze is unknown. The mill was of frame, but the engine and boiler room were of brick. Yesterday the employees worked as usual, and at night everything was apparently all right. Early this morning, however, the mill was observed to be on fire, and despite all efforts to save it, the main portion was totally destroyed. A few of the outbuildings are standing. Twenty-three men are thrown out of work but Mr. Fraleigh says he will rebuild at once.
Yesterday the mill had 500 bales of flax ready to ship to Springfield, Mass., but the company could not secure a car from the railway, and the 500 bales were destroyed in the fire.
Mr. Fraleigh, the druggist, of St. Marys, is a brother of the owner of the mill.

How He Lost His Girl.
Waterbury, Conn., Dec. 18.—An anti-Christmas gift society, recently formed here, is on its last legs. It was started by a wealthy matron, who took exception to the large amount spent by her servants for Yuletide presents, and it soon had three hundred members, all of whom pledged themselves neither to give nor receive a Christmas gift. But when the young man told his fiancée that she need not expect a present from him he lost his job as her suitor. The club membership has since decreased rapidly and it is now composed mostly of grumpy old bachelors and antique spinsters.
ITCH—Mango, Prairie Scratches, Barber's Itch and every form of contagious Itch on human or animals cured in thirty minutes by Wollford's Sanitary Lotion. It never fails.

To Move off a Cold.
Cough mixtures "dope" a cold—but don't cure. Above all else, keep the bowels regular and stimulate the eliminating organs. More valuable than any cough syrup are Dr. Hamilton's Pills. They clear the system of every trace of cold—the dull headache, aching limbs, and cough disappears. Take the pills before retiring, they work while you sleep, and by morning your cold is broken and passes quickly away. All dealers sell Dr. Hamilton's pills in 25ct. boxes.

New Passenger Coaches for Grand Trunk.

The Grand Trunk Railway System have added to their equipment twenty beautiful new passenger coaches of the most modern construction and convenience. The company are being commended by the travelling public for the exquisite workmanship and the superior accommodations they afford the public.
The cars are exceedingly neat, spacious and in every respect and detail modern and first class. The merest detail has been given the most careful consideration by the mechanical department of the Grand Trunk Railway System. The management had in view the accommodations of the patrons of the road and wanted to afford them the best possible.

DESCRIPTION OF CARS.
The cars are 67 feet 6 inches long over end sills, 9 feet 6 inches wide over side sills, affording a total seating capacity of 75 passengers. They are designed so as to afford the greatest possible strength, having steel platform, wide vestibules, bottom and end construction being welded iron throughout, and mounted on Grand Trunk standard six-wheel trucks equipped with steel-tired wheels. They are provided with windows having double sash of latest design and semielliptic gothic sash set with opalescent glass of neat pattern.
The interior of the car is a model of beauty. It is made of selected mahogany being a flush design and provided with inlay lines and ornaments. The ceiling is of the empire design, neatly decorated in gold, the interior gothics being semielliptic set with opalescent art glass. Dainty pattern silk face pantasote curtains are used.
The coaches are equipped with patent highback seats upholstered in the best quality green freeze plush, while the commodious smoking room, which affords room for 14 passengers, is fitted up with leather covered seats.
The cars are heated with direct system of steam heat, lighted with gas, equipped with statutory bronze trimmings and white metal lavatories, and water flushing toilets.

A MAGIC PILL—Dyspepsia is a foe with which men are constantly grappling but cannot exterminate. Subdued, and to all appearances vanquished in one, it makes its appearance in another direction. In many the digestive apparatus is as delicate as the mechanism of a watch or scientific instrument in which even a breath of air will make a variation. With such persons disorders of the stomach ensue from the most trivial causes and cause much suffering. To these Parlee's Vegetable Pills are recommended as mild and sure.

SPARE CHRISTMAS TREES.
Destruction of Thousands of Young Trees a Serious Loss.
Albany, N. Y., Dec. 19.—Commissioner James S. Whipple, of the State Forest, Fish, and Game Commission, in a statement explains why he believes young evergreen trees ought not to be cut for Christmas trees, but that artificial trees be used as a substitute.
"My suggestion," says Commissioner Whipple, "that young evergreen trees ought not to be cut for Christmas trees seems to me a proper suggestion along the line of the preservation of forest trees. The average Christmas tree has a growth of about seven or eight years. At that time the tree reaches a point in growth when the next ten years make it a very valuable tree. To destroy millions of these trees every year when we are in such need of more timber in this State, and especially the soft wood variety, seems very wasteful."

Ontario beer is not only deliciously appetising and refreshing, because brewed of pure malt and hops only; but, besides, all the power that hops possess to repair nerve wastes is kept in these brews. That is what makes beer so particularly good for women to drink regularly. Ask your own doctor what he thinks of beer for your household.

Only part of the wheat berry is fit for food. Yet much that isn't often gets into flour. You cannot see it or taste it, but it's there. It is simply a case of the miller getting more flour from his wheat and your getting less nourishment.

Royal Household Flour
is so milled that nothing goes into it except the part of the wheat that is food. You get just what you pay for—the best and purest flour made. It goes farther because it is all flour. Your grocer can supply you.
Ogilvie Flour Mills Co., Ltd.
156 Montreal.

Two Flours in One
Beaver Flour is the best "pastry flour," just as it is the best bread flour. Because it is a blend of the two flours that are best for bread and best for pastry.
Beaver Flour contains Manitoba wheat, which is rich in gluten, and makes bread that is both tasty and nutritious. Beaver Flour also contains Ontario wheat, which is famous for the light, delicious Cake, Pies and Pastry it makes.
Beaver Flour is always blended in just the exact proportions, so that it is always the same and always gives the same results when you use it.
Beaver Flour
Depend on Beaver Flour for all your baking.
Your Grocer has it.

BEER* IS GOOD FOR MOST FOLKS
(HARDLY ANOTHER BEVERAGE FEEDS SO WELL)

BEER really excels milk as a food-drink for most grown people. And many, many people cannot digest milk easily, because it is so lacking in solid food-contents. Moreover, milk is so liable to contagion that it is seldom pure when we get it in the cities. But Ontario-brewed beer is really pure,—brewed in cleanliness, of sound materials, in a sanitary way, and brought to the user in the same fit-to-drink state.

Beer Is No Stimulant
Drink beer with meals and at bedtime, as an item of diet that will help the stomach do its work better, and will feed the body besides. Don't choose beer as a stimulant, though,—it does not contain enough alcohol for that. Use it as a food-drink that induces lazy stomachs to do their work well, and so helps them get more good out of all food.

Beer Makes Better Nerves
Ontario beer is not only deliciously appetising and refreshing, because brewed of pure malt and hops only; but, besides, all the power that hops possess to repair nerve wastes is kept in these brews. That is what makes beer so particularly good for women to drink regularly. Ask your own doctor what he thinks of beer for your household.

* BEER is a term which covers lager, ales, porter and stout; and, in the practice of Ontario brewers, implies beverages made under most hygienic conditions from Ontario barley (the best in the world) malt, hops and pure water.

Heligoland's Novel Light.
The Heligoland lighthouse of the Frisian Islands is equipped with a remarkable light that is a novel departure from the old methods of construction. Instead of the whole illuminant being surrounded by the reflector, there are three parabolic lenses which revolve four times a minute, throwing out three great independent beams visible at a distance of twenty nautical miles on the surface of the water. So intense are the lights that they can be seen when the lighthouse itself is below the horizon.
Pale, sickly children should use Mother Graves' Worm Exterminator. Worms are one of the principal causes of suffering in children and should be expelled from the system.
