SPECIAL NOTICE

Our time for changing ads. is Monday, 12 o'clock noon. After this hour all ads. are refused for the current week's issue.

Next Tuesday is Nomination Day for a Mayor and three Councillors for the Town of Bridgetown. This is a very important matter and we never required better men than at the present time. If we are to keep our town before the general public as a desirable town to do business in, to reside in and to attract the favourable attention of the outsiders, it is necessary to be almost continually improving every Department of our public affairs. We have had good men in office in the past and we can secure the service of good men for the future. What we require is united efforts regardless of party politics or personal grievances. Let us select good men and give them our united support.

IMPROVED STEAMSHIP SERVICE

The regular winter service of two trips per week in both directions have been restored on the Yarmouth Line between Boston and Yarmouth, commencing last Friday, Jan. 16th. For the past few weeks the service has been reduced to but one trip per week. The fine steel steamship "North Land" is still in commission. Early in the spring, it is expected that the well known liner "Prince Arthur" will again serve the public who travel in such every-increasing numbers by the favorite route, and when the heavy summer travels begins, the two twin boats, "Prince Arthur" and "Prince George" will both be in service again and probably maintain six trips per week as in former years. Both ships have an enviable war record, being used principally as hospital transports across the English Channel. At large expenditure, they each are to be fitted with every modern appliance for speed and comfort in order to ensure the patrons of the line perfect enjoyment. One very notable improvement is the substitution of oil for coal as fuel and this will bring about a higher rate of speed which is so essential nowadays, furthermore, the boat will be kept clean more easily by means of this innovation.

LADIES' AUXILIARY G. W. V. A.

The first meeting of the Ladies' Auxiliary Branch of the G. W. V. A. of Canada, Bridgetown Branch, was held at the G. W. V. A. room in the Ruggles Building, at 4 o'clock Friday afternoon, Jan. 16th, 1920.

The meeting was an enthusiastic one and all ladies present became paid up members.

The following officers were elected: Mrs. A. A. Dechman, President; Mrs. George Gill, 1st. Vice-President; Mrs. Harry Hayward, 2nd Vice-President; Miss Bessie Ruggles, Secretary; Miss Constance Lloyds, Treasurer.

MORE PAY FOR SCHOOL TEACHERS

A recommendation asking that a minimum salary of about \$300 be fixed by the Local Government for teachers in Nova Scotia and that all those teachers who are at present receiving less than \$300 have their salaries increased by \$100, was unanimously passed by the School Inspectors and other educational authorities of the Province at their annual conference held in Halifax last week.

It was suggested that funds for the increasing in salaries might be raised by increasing the County individual tax from thirty-five cents to one dollar.

North Sydney has the largest cable office in America, if not in the whole world.

Local Happenings

Dominion Parliament will meet for the despatch of business on the 26th of February.

The Primrose theatre is advertising an extra good programme of pictures in to day's MONITOR which should attract large audiences.

The municipal council at Kings and Annapolis counties have turned down the county hospital project as being being too large an undertaking for the present.

The regular meeting of the Bridgetown branch of the G. W. V. A. will be held in their room in the Ruggles block next Friday evening at 7.30 at which a full attendance is especially requested.

Rev. Dr. DeWolfe, of Acadia University, will speak in the Bridgetown Baptist church next Sunday, emphasizing the Inter Church Forward Movement. He will preach at Centrelea in the afternoon at 3 o'clock.

On account of the storm the annual meeting of the parish of St. James, Bridgetown, (Rector, Wardens, Vestry and Parishioners) to have been held last Monday evening was adjourned to meet next Monday evening at 7.30. A full attendance of parishioners is desired in view of important business.

A number of residents along South street, have recently had piazza lights installed which has greatly added to the appearance of the street. This locality being outside the limits of the town contains no street lights. It was hoped that the Municipality would give a little aid in this respect.

Bridgetown was visited on Sunday by the worst blustering snow storm of the season which continued until Monday. Many of our citizens are complaining about no snow plow being on the streets and side walks Monday. Somebody is to blame. What's the matter with our town council?

COUNTY MEMORIAL HOSPITAL

Committee Meeting Held at Annapolis Last Wednesday.

The County Memorial Hospital Committee met at the Queen Hotel, Annapolis Royal last Wednesday. Mayor Atlee, chairman of the committee, presided.

Minutes of all meetings read, including the reports of the meetings addressed by Col. Borden and Major Clarke.

An hour was taken in discussion by those present of the whole situation.

The Warden reported for the Municipal Council of Annapolis County.

The sentiment of the meeting was expressed in the following resolution and which was passed unanimously:

"Resolved—The Central Memorial Hospital Committee as a result of diligent inquiries, and such investigations as they have been able to make, have reluctantly been forced to the conclusion, that a General Memorial Hospital for the County at large, is not at present a practical project."

Meeting adjourned.

SPLENDID FISH

The editor of the MONITOR has received a consignment of fish especially put up for family use from Mr. Leonard Gupitt, of Grand Harbor, Grand Manan, N. B., whose advertisement regularly in the MONITOR.

It consists of boneless cod, boneless pollock, boneless herring and regular smoked herring, the latter generally known as "Digby chickens". It is certainly the best put up fish we have ever seen and we think we are, or should be, a good judge of fish considering our experience in marine circles. We would like a few of our readers to order a trial shipment and we believe that in every case Mr. Gupitt will secure a life time customer. Readers try it.

Monday evening this lodge initiated five ladies, three of whom were from Digby, after which refreshments were served. Next Monday night will be practice night, preparatory to going to Digby to institute a new lodge.

Thursday evening Crescent Lodge, I. O. O. F., was officially visited by Mr. Charles L. Wood, of Windsor, Warden of the Grand Lodge.
