"What a treasure in a country house must not such an Encyclopædia of amusing knowledge afford, when the series has grown to a few volumes. Not only an Encyclopædia of amusing and useful knowledge, but that which will give to memory a chronological chart of our acquisition of information. This admirable idea is well followed out in the little volume in our hands. The notices are all clear, full, and satisfactory, and the engravings with which the volume is embellished are every way worthy of the literary part of the work."  
—*Standard*.

"The work is well done, and deserves notice as a striking memorial of the chief occurrences of 1850."—*Atlas*.

"Books such as this, are, and will be, the landmarks of social, scientific, mechanical, and moral progress; it extends to nearly four hundred pages of well-condensed matter, illustrated with numerous excellently engraved wood blocks."—*Advertiser*.

"It is a stirring and instructive volume for intelligible young people."—*Evangelical*.
