YOU CAN WORRY ALONG

With a cheap inefficient instrument and do an inferior grade of work, the accuracy of which is always open to question, and without credit to yourself.

THERE IS A REASON

why Ainsworth instruments are worth more than any other make on the market and why critical engineers, who take the time and pains to investigate before they buy, place their order with us.

OUR EQUIPMENT

is the finest in the world for the work in hand. Our reputation has been made on Precision work, hence we can ill afford to sell an inferior instrument at any price. Maker of the celebrated Ainsworth Precision Balance. Send for Catalog BX-1 of engineering instruments to
