Fine Wood Mantels a Specialty.

SCROFULA

Usually develops in early life, and is a peculiar morbid condition of the system, usually affecting the glands, often resulting in swellings, enlarged joints, abscesses, thickening of the lips, enlarged neck, sore eyes. A scrofulous condition is often hereditary, but bad diet, too free use of fat meats, bad air, want of sunshine and nourishing food will produce it. Some people are troubled with scrofulous swelling of the glands, and with ulcers and kernels, which may cause very little pain; others may have inward scrofula, scrofula of the lungs, scrofula of the spleen, scrofula of the kidneys and scrofula of the bones. Burdock Blood Bitters will drive away any case of scrofula, and not to appear in another place, for their action on the blood and bowels will carry the disease entirely from the body.

AS SWEET AS HONEY is Dr. Low's Pleasant Worm Syrup, yet sure to destroy and expel worms.

Scientific and Useful.

LAUNDRY starch makes the best paste for scrap-books, because age does not turn it yellow.

To keep mould from rising on a catsup of pickles, add a teaspoonful of ground horse radish to every quart.

A small piece of charcoal placed in your meat larder will keep the articles sweet and wholesome as well as ice. Charcoal is a great disinfectant.

A GROWING EVIL.—Scrofula, or king's evil, as an enlargement of the glands of the neck is termed, may be called a growing evil in more than one sense. Mrs. Henry Dobbs, of Berridale, was cured of enlarged glands of the neck and sore throat by the internal and external use of Hagyard's Yellow Oil.

To wash white silk pocket handkerchiefs, use primrose soap and lukewarm water; rub gently, and rinse in warm water, roll in cloth, and iron with a cool iron.

To prevent meat from scorching during the roasting process, keep a basin of water in the oven. The steam generated prevents scorching, and makes the meat cook better.

"Shortness of breath Caused my death,"

is inscribed on a tombstone in an English graveyard. In all probability it would never have been necessary, if only the poor unfortunate victim of some disease of the respiratory organs had known of Dr. Pierce's "Golden Medical Discovery," which is a panacea for all diseases of the throat and lungs. For consumption it is believed to be the only real specific yet known. For all scrofulous and blood diseases it is unfailing.

You can get a bottle or barrel of oil out of any carpet or woollen stuff by applying buckwheat plentifully and faithfully. Never put water to such a grease spot, or liquid of any kind.

SWEET OMELET.—Beat up the eggs as usual, and just before it is folded in the pan, add a heaping tablespoonful of jelly, preserves or other ingredients that fancy may suggest.

A FRUIT MACEDOINE.—Cut oranges across, beginning at the blossom end. Slice a small pineapple and alternate with the layers of orange in a glass dish. Cover the top with grated cocoanut.

MRS. JOSEPH BAKER, of Johnson, Vt., was greatly afflicted with phthisis for twenty years, and was pronounced by physicians as incurable. Two bottles of WISTAR'S BALSAM OF WILD CHERRY afforded her much relief, and five completely cured her.

CHEESE OMELET.—Beat up the eggs and add to them a tablespoonful of grated Parmesan cheese; add a little more cheese before folding and turn out on a hot dish. Grate a little cheese over it before serving.

PARBOIL OLD POTATOES.—Put them on in their skins in salted boiling water ten minutes, and then finish them by baking in a hot oven for ten minutes more, or until they show mealy when one is broken apart.

POTATO PUFFS.—Take two cups of cold mashed potatoes, three tablespoonfuls of melted butter beaten to a cream; add two well-beaten eggs, one cup of cream or milk. Pour it in a deep dish and bake in a quick oven.

PAIN KILLER is a purely vegetable preparation, safe to keep and to use in every family. The simplicity attending its use, together with the great variety of diseases that may be entirely eradicated by it, and the great amount of pain and suffering that can be alleviated through its use, make it imperative upon every person to supply themselves with this valuable remedy, and keep it always near at hand.

TO CLEAN LAMP CHIMNEYS.—To make lamp chimneys look beautifully clean, wash them in warm soap suds, turn scalding water over them, wipe dry with a soft cloth, and rub with a piece of newspaper. This will give a nicer polish than can be obtained in any other way. Windows treated in the same way will be found to look much nicer than if simply washed and rinsed.

STRAWBERRY ACID.—Put twelve pounds of fruit in a vessel, cover with two quarts of water, in which there has been dissolved five ounces of tartaric acid; let this stand forty-eight hours; then strain, taking care not to bruise the fruit; to each quart of clear juice add one pound of granulated sugar; stir till dissolved and leave two or three days; then bottle it, placing the corks in tight.

Scott's Emulsion of Pure COD LIVER OIL, WITH HYPOPHOSPHITES. For Lung Troubles and Wasting Diseases.

Dr. J. SIMONAUD, New Orleans, La., says: "Scott's Emulsion is the finest preparation of the kind ever brought to my notice in affections of the lungs and other wasting diseases, we may consider it our most reliable agent. In a perfectly elegant and agreeable form."

"MYSTERIOUS PEOPLE."

Celestial Children of the pig-tailed race! Scorned by us Easterns, who are yet obliged to face and bow before thy ingression! What do we owe thee? Nothing more or less than thy anti-Christian idea that gave to Caxton his Printing Press, who multiplied the Bible, that superstition killed and gave freedom to ourselves—and now to-day on Yonge Street loads with Books our groaning shelves. We owe this debt as well thy Hindoo brother for those fragrant, pungent leaves, that give light, health and pleasure to all who use the Li-Quor Teas. All grades from 50c. to 80c. a pound. A handsome volume, your own choice, from our catalogue, with every 3 pounds. GEO. MANN & Co., Sole Wholesale Agents, 295 Yonge St., Toronto.
