#### SUPERIOR SCHOOLS.

The effort that has been made to re-arrange and improve the annual inspection and examination of our model schools and academies and to apply the new system for the current year, has naturally led to some delay in placing the full particulars before the teachers. A preliminary circular, however, was issued, which gave the teachers sufficient information to guide them in their work until the final scheme could be arranged. Definite regulations have now been adopted and circulated and teachers are in possession of all the facts.

There are four points to be noted.
