THE LIBRARY.

During the past year a large number of requests for back numbers of THE OTTAWA NATURALIST have been received. In some instances the current issues were not all received by the members, but in most cases only a few numbers were required to complete volumes.

The Club library is now in a somewhat more satisfactory condition than a year ago. During the year the books and other publications stored in the Carnegie Library were catalogued and systematically arranged on the shelves. The catalogue is now undergoing revision, the most valuable publications being selected and listed for the purpose of publication in THE OTTAWA NATURALIST.

At present no use whatever is being made of the library, but it is hoped that in the near future arrangements will be completed, which will enable members to make some use of the valuable literature belonging to the Club.
