

Synopsis of Coal Mines Regulations.

Coal mining rights of the Dominion, in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-West Territories and in a portion of the province of British Columbia, may be leased for a term of twenty-one years, renewal for a further term of 21 years at an annual rental of \$1 an acre. Not more than 2560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory, the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of \$5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, rescinded by Chap. 27 of 4-5 George V., assented to 12th June, 1914.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior,

WHY NOT OLDER MEN?

"When recruits are urgently needed in this country it seems strange that we do not act as all the other belligerent countries are, I believe, acting, and call to the colors active men, who are over forty years of age."—Daily News.

TRUE.

"What makes you think we'll have better times when the war is over?"

"Well, for one thing, all these men who do nothing but stand around discussing the war news will have time to go back to work!"—Weekly Scotsman.

FOR SALE.

250 H. P. Electric Endless Rope Haulage Engine, the last word in this type of haulage gear.

A. C. three phase, 60 cycle 2200 volts, slip ring motor with reversing controller, etc.
