## THE CENTRIC PEN.

"OH, if I could only get a pen that would write as easily as a lead pencil!" Such has been the cry of poor humanity, a cry often emphasized by a sudden splatter of ink. Well, this long-felt want has at last been supplied in the "centric" pen. We use it, and know whereof we speak. It is the finest article in the market, and an unspeakable boon to the man who has much—or any—writing to do. Messrs. Hart & Co. are the general agents for Ontario, and will be glad to show you the pens and let you try them. Drop in and investigate for yourself.

THE man who has been on a regular cruise the night before is sure to wake up next morning in the dry dock.
