

Deserving of Confidence.—No article so richly deserves the entire confidence of the community as BROWN'S BRONCHIAL TROCHES, the well-known remedy for coughs and throat troubles. They are excellent for the relief of Hoarseness or Sore Throat. They are exceedingly effective.

"It has become—and it has well earned the right—an educating power in the schools, colleges, libraries, and households of America, as well as in foreign lands."—DETROIT COMMERCIAL ADVERTISER.

THE
Magazine of American History,

in its current (February) number, discusses many topics of fresh and living interest. Not least among these will be found the elegantly illustrated and timely article of FREDERIC G. MATHER on "The City of Albany: Two Hundred Years of Progress." In July of the present year the bi-centennial of the picturesque old State capital will be celebrated, thus it is none too early to familiarize ourselves with its varied and significant history.

GENERAL JOHN WATTS DE PRYSTER contributes a brilliant paper on "Anthony Wayne," to the series of Prominent Men of the Revolutionary Period. This chapter is one of surpassing interest to all military men as well as to historical scholars.

DR. PROSPER BENDER treats of the "Disintegration of Canada," touching upon the political difficulties of our neighbours with a master pen, and giving expression to the idea, which is gaining strength and consequence of wholesale political change in the Dominion.

MR. A. W. GLASON adds another article to his scholarly analysis of the Constitution, entitled "The Charleston Convention of 1788." J. McDONALD OXLEY, LL.B., B.A., of Ottawa, writes charmingly of the "Historic Aspects of Sable Island," a theme of unique and thrilling interest, and one which has never before been so agreeably handled.

MR. A. A. HAYES contributes a stirring chapter to the Civil War Studies, entitled "The New Mexican Campaign of 1862."

MAJOR WILLIAM HOWARD MILLS, U.S.A., gives a spirited account of the re-organization of "The Army of the Potomac under Hooker."

GENERAL WM. FAIRBANK ("BALDY") SMITH writes a noteworthy letter to the Editor, under the title of "Burnside Relieved," furnishing some highly interesting data in connection with Major Mills' article in the January number.

This periodical goes into the schools, colleges, libraries and households of our country, and has become an educating power.

Its readers have multiplied until it now has the largest circulation of any magazine of its character in the world.

The quality of its subscription list is exceptional—an array of well-known names representing the wealth, scholarship, taste, and refinement of the United States, with notable additions from Canada, England, France, Australia and South America.

Its contributions are timely and diversified, from the pens of the ablest and most agreeable writers, and they deal with every problem in American history, from the most remote period to the present hour.

The signs of promise of this popular magazine were never so conspicuously observable as at present; each month marks an advance, and shows an increasing interest among the people of America in history and its literature.

THE CIVIL WAR STUDIES.

Presented to the readers of the MAGAZINE OF AMERICAN HISTORY, beginning with the July issue, 1885, are universally pronounced the most valuable and satisfactory of any now in process of publication. Fresh and hitherto unpublished material is continually throwing floods of light upon many movements and events hitherto unexplained. This periodical holds the key to a mass of comparatively buried material, bearing upon the truth of modern history.

This magazine gives both sides of the story, Federal and Confederate.

Its writers are distinguished participants in each of the opposing armies.

Sold by newsdealers everywhere. Terms, \$5 a year in advance, or 50 cents a number.
