F. P. Loomis, formerly United States
Consul at St. Etienne, says that from
an investigation made he finds that about
95,000 Americans of the better class vis-
it Europe every year, and that they spend
about \$100,000,000 annually abroad.

MISCELLANEOUS.

In the last twenty-five years, so says
Mrs. Alice Freeman Palmer, \$11,000,000
have been given in this country to wo-
men's colleges alone.

A RARE COMBINATION.

There is no other remedy or combination of
medicines that meets so many requirements,
as does Burdock Blood Bitters in its wide
range of power over such chronic diseases as dys-
pepsia, liver and kidney complaint, scrofula,
and all humors of the blood.

The truth is never in greater danger
than when whole communities lend them-
selves to the vicious deception of
seemliness, and without truth there is
no virtue.—Cooper.

DIZZINESS CAUSED BY DYSPEPSIA.

Dizziness is a symptom of dyspepsia. "I
have used Burdock Blood Bitters, for dizziness,
which came over me in spells, so that I had to
quit work for a while. The B.B.B. entirely
cured me."

JAMES WRIGHT, Chesterfield, Ont.

Miss Edith J. Claypole, of Akron, Ohio,
was the only woman to receive the de-
gree of master of science from Cornell
University this year, passing her exam-
inations "with the highest distinction."

ON THE PLATFORM.

Public speakers and singers are often
troubled with sore throat and hoarseness, and
are liable to severe bronchial attacks which
might be prevented and cured by the use of
Hagyard's Pectoral Balsam—the best throat
and lung remedy in use

Mrs. Julia Ward Howe is a laborious
writer, elaborating her work with great
care. It is said that she has written ten years
writing and rewriting "Later Lyrics." She
submits her manuscript to half a
dozen intimate literary friends for criti-
cism.

Peter Arreola, who recently died at
Tarimore, Mexico, aged one hundred and
thirty, was probably the oldest man in
North America. He left two hundred and
twenty living descendants, many of
whom are prominent in Mexican affairs.

IMPORTANT TO WORKINGMEN.

Artizans, mechanics and laboring men are
liable to sudden accidents and injuries, as well
as painful cords, stiff joints and lameness. To
all thus troubled, we would recommend Hag-
yard's Yellow Oil, the handy and reliable pain
cure, for outward and internal use.

Prof. Max Muller and his wife have
lately been on a visit to Constantinople,
where they seem to have won the heart
of the Sultan. They were invited to par-
take of a farewell luncheon, during which
various scientific matters were fully dis-
cussed. Before parting with their
guests the Sultan gave Professor Muller
the golden medal of the Order of Merit,
and his wife also received an honorary
order.—New York Evening Post.

A PROFESSIONAL OPINION.

Rev. F. Gunner, M.D., of Listowel, Ont.,
says regarding B.B.B.: "I have used your
excellent Burdock Compound in practice and
in my family since 1884, and hold it No. 1 on
my list of sanative remedies. Your three busy
B's never sting, weaken, or worry."

It has been estimated that an average
waltz takes a dancer over about three-
quarters of a mile; a square dance makes
him cover half a mile. A girl with a
well filled programme travels thus in
one evening: Twelve waltzes, nine miles;
four other dances, at half a mile apiece,
which is hardly a fairly big estimate,
two miles more, the intermission stroll
and the trips to the dressing-room to
renovate her gown and complexion, half
a mile; grand total, eleven and a half
miles.

The latest use for aluminum is for

these light and ornamental tokens, which
are about the size of a silver quarter dol-

Mrs. Leland Stanford is personally
supervising extensive changes in her hus-
band's great ranch at Vina, Cal., held by
her in trust for Stanford University, to
increase its productivity and thereby
enlarge the income of the university.
The Senator spent much money on the
ranch and carried it on more like a great
park than a farm. Mrs. Stanford has
gone to work resolutely to put it on a
revenue basis, and relieve the Universi-
ty's temporary embarrassment for funds.

The fund for the establishment and en-
dowment of the American University,
under the auspices of the Methodist Epis-
copal Church, is reported as growing at
an encouraging rate, and there is reas-
onable ground for expectation that soon
the towers of another university about
rise above the trees on the heights of
Washington. Instead of a chain of forts
the American Capital will be guarded by
a circle of universities, whose scope and
facilities when combined will more than
fulfil George Washington's dream of a
great National University. Not forts,
but educational institutions, are the
greatest safeguards of the Republic.—
