Public Attention

is drawn to the interesting fact that persons making appli-
cation now to the **Canada** Life Assurance Company for
a Full Profit Policy of life assurance will share in the
profits of two full years at the next division of surplus, at
31st December, 1899. This means that new assurers will
share in the profits, not only of the oldest, largest and most
successful Canadian life assurance company, but of the
leading profit-paying life assurance company doing business
in Canada, local or foreign.
